All who are breeders of pure bred hogs, of whatever strain or variety, are expected to be in attendance and become members of the association. The meetings will be held monthly after the organization, and the places of meeting will be at the various farms of the members, in order that the other members may study the methods and thus all get the best of the points of the other fellow, thus improving all in their manner of handling the hogs to obtain the best results.

CRITICISM THAT IS FAR FROM DESERVED

Some Residents of City Take Occasion to Apply Hammer to Fire Department When Not Desired

It has often occurred to many of the residents of the city, who are familiar with the conditions under which the fire department has operated, that the valiant little group who yield the hammer with vim and vigor on every occasion that the department is called out, should lay up this weapon and retire to solitude where they can, in their own minds, debate the question whether or not the criticism that they have made is justified.

The volunteer fire department is an organization of citizens who have assumed an obligation to do all possible, not only of their own property, but of everyone in the city, and there has not been an occasion in years that the members of the department have failed to do their full duty and at personal sacrifices.

There are occasions, it is true, after a fire when everyone can realize that there were some small matters that might have been handled differently but in a large majority of cases the department has done its full duty to save all possible loss from fire or water.

At the fire on Wednesday morning a great many complained that the whistle that might have been blown in action before the shop which was blown, due to the practical system of calling the firemen.

FOR HIS HOME TOWN

J. A. Gardner of the Eagle Beacon, is a man of himself, and unlike the others, when he sees his way clear, he goes after a proposition, whether the others do or not. He has just been instrumental in having a band organized for his home town of Eagle, of which he is president, and is encouraging the young folks in a musical education as well as providing a source of entertainment for the city when occasion requires. He has also at his own expense, provided a station of the state circulating library, securing a large number of volumes from the state library at Lincoln, which are shipped to and from Eagle by freight, he paying the charges thereon.

Anyone can have a volume for two weeks without any charge, and after that time will be charged at the rate of a penny per day for their non-return. Mr. Gardner is surely doing the proper thing in this respect by the community, wherein he has chosen to make his home.

EAGLES HAVE FINE TIME

A large number of the members of Plattsmouth aerle No. 365 F. O. Judge Duncan of St. Joseph, Mo., past grand worthy president was at Nebraska City and delivered a very inspiring address on the work of the order in the nation. She States It Mildly

While suffering with a severe attack of the grip and threatened with pneumonia, Mrs. Annie H. Cooley, of Middlefield, Conn., began using Chamberlain's Cough Remedy and was very much benefited by its use. The pains in the chest soon disappeared, the cough became loose, expectoration easy and in a short time she was as well as ever. Mrs. Cooley says she cannot speak too highly in praise of this remedy.

Scene of Happy Wedding
The home of Fred Luetchens, a few miles west of Manley, was the scene of a most happy gathering on last Wednesday when their accomplished and charming daughter, Miss Martha, was united in marriage to Mr. William Vogt, of near Manley. The home was decorated especially for the occasion and presented a bow of beauty. The color scheme being carried out in all the rooms as well as represented in the table decorations. Will Have Fast Ball Team
The baseball fans of Manley and vicinity gathered at the Woodmen hall last Thursday evening and organized a ball team which will be ready to take on all comers in a short time and to accept the challenge of any team in the county. For a trial of skill on the diamond, X. E. will be barred when it comes to playing ball.

The officers selected for the team are Theodore Harns, manager; Rudolph Bergman, secretary; W. J. Rau, treasurer and Wm. Sheehan, ground keeper. Charles Gerlach was selected as marshal and will be deputized by the sheriff for the required authority to preserve order at all games.

In the matter of finances it was not long before there had been subscribed and paid in the sum of \$175, which with last year's balance of approximately \$30 will give the boys a good start, and with the kind of a team it is expected to maintain, the gate receipts should prove adequate to keep the thing going.

Every town has need of a good ball team and we are pleased to see Manley get so well fitted out in this line so early in the season, as it will insure recreation for our people during the coming summer months.

Another American Arrives
Last Wednesday morning there arrived at the home of Mr. and Mrs. Frank Earhart a lusty young American, who announced his intentions of staying, and has already grown rapidly in favor with the fond mother and proud father. We wish the lad a long and happy life, and congratulate him most heartily upon having come to such a pleasant town to make his home.

Youngest Legislator, "Joshed" by Sons Following Engagement, Hastens Wedding.
John O. Veiser, Jr., 25, Nebraska's youngest legislator, was married in Council Bluffs, yesterday to Miss Gertrude A. Sturm, 22, daughter of Senator and Mrs. A. F. Sturm of Nebraska, Neb.

The marriage, which came as a surprise to all the parents, followed a motor trip from Lincoln by Mr. Veiser and his bride-to-be.

"After his engagement was announced, I guess the legislators kidded him so much he decided to get married in a self-defense," explained his father today.

"It was lucky for his mother and me we were down town yesterday. John met us on the street outside the Burgess-Nash store, and hailed us with 'Hey, wait a minute. I've got something I'm promoting'."

"Then we all got into his car and went over to Council Bluffs to watch them get married."

Senator and Mrs. Sturm were not present at the ceremony.

The Rev. C. E. Cobley of Omaha, officiated.

Mr. and Mrs. Veiser, Jr., left for a motor trip immediately afterward.

They will make their home in Lincoln until the end of the present session, when they will return to Omaha.—World-Herald.

Why Colds are Dangerous

It is the serious diseases that colds lead to that makes them dangerous. They prepare the system for the reception and development of the germs of influenza, pneumonia, tuberculosis, diphtheria, scarlet fever, whooping cough and measles. You are much more likely to contract these diseases when you have a cold. For that reason you should get rid of every cold as quickly as possible. Chamberlain's Cough Remedy will help you. It is widely known as a cure for bad colds.
