Silence is sometimes the best emollient for one's mistake.

"It often shows a fine command of language to say nothing."

Were you also among those who figured that the coal would last?

Ceaseless propaganda failed to interest any man in calories or vitamins.

The world owes us a living all right, but we have to collect it every thirty days.

A man takes great pains in selecting his shoes, but he can buy a hat in five minutes.

There is one thing that the blue laws will do. They will do away with blue Monday.

A man needs only to give a woman his love. She will help herself to his other possessions.

A leaf of gold placed between two pieces of glass and held up to the light will appear green.

Those who have lost a soft government berth can go to sleep on the old political bunk.

The man who talks to his girl continually about his heart before marriage, talks about his liver after.

Old Mother Eve didn't know she was running around without any clothes on until she had eaten the apple. Now in the interest of common decency will some one please pass the apples again.

America for true Americans.

A true American is the noblest work of God.

Mr. Debs now admits that the government pen is mightier than his pen.

A woman's feeling when you stare at her bonnet depends on the age of the bonnet.

"Open gates openly arrived at" is the new order of the day at the White house.

A lot of children need the censoring that the reformers want to put on the movies.

"German-Americans." Not correct. America before any country on the face of the earth.

Anybody can make a joke on the Congressional Record, but nobody can make a new one.

Another neat word recently coined which most people are tired of already is "peptimist."

"Another storm brewing." Look doesn't the 18th amendment apply to the weather bureau?

Were gold known to be on top of Mount Everest, 10,000 men would climb it without delay.

Judge Landis says we ought to try the bone-dry amendment for fifty years; that leaves forty-eight years more.

Gen. Wood didn't want four years in the Philippines, but he is willing to spend four months if the country insists.

The people who always practice what they preach seem somehow not to preach such disagreeable things as other people do.

Two things that try a woman's temper are, to get ready for company that doesn't come and to have company come when she isn't ready.

We suggest that somebody should write a history of "and so forth" better known as "etc. or &c." Who won't when this sort of thing started to get started.

NOBODY CAN FOOL THEM

It is past doubt that the days when the public could be fooled by unscrupulous imitators are gone. The following letter, dated Eureka, California, March 22, 1921, is an ocular proof of this fact: "We are very satisfied with Triner's Bitter Wine. It is an excellent remedy, and as for the various imitations, nobody can fool us. Yours truly, John Jicha."

The satisfaction of our customers is fully justified. Triner's Bitter Wine, manufactured for 31 years by Joseph Triner Company, 1333-45 S. Ashland Ave., Chicago, is the most reliable remedy for indigestion, constipation, headaches and other stomach troubles. Nobody can write a better prescription for such cases, and nobody can compound the remedy more scientifically than the experienced chemists in Triner's laboratories with all modern equipment at their command. Ask your druggist also for Triner's Angelica Bitter Tonic, Triner's Cough Sedative, Triner's Liniment, etc. One trial will show you how excellent are these remedies.

DRAWN DOWN FINE

Yesterday Andrew Pries was given a fine of \$10 and costs, totaling thirteen iron men as the result of having his automobile operating at a rate of speed in excess of the ordinances of the city. The young man was apprehended by Officer Jones in speeding on Chicago avenue and notified to appear before his honor Judge M. Archer, who administered the fine and costs covering the offense and which was closed by the payment of the fine.

Let's Thaw Out!

We'll all have to admit that we've been a little "froze up" the past few weeks--the weather has been "froze up"--business has been "froze up" and our enthusiasm has been "froze up." Lets thaw out--let's warm up to the job in the good old fashioned way. It is not so bad after all. Three happenings of the past week are favorable.

1st--The great industrial tieup in England is averted.

2nd--The labor board came in with an early decision on the railroad question.

3rd--United States Steel Corporation announces the long looked for price reduction, which must stimulate building activities.

Besides all this we are selling Quality Clothes at \$25, \$35 and \$45, which means you should dress up, throw out your chest--look success, think success and talk success. Come! Let's thaw out!
