To save is to insure yourself and your family protection.

Poverty, Wealth and Profiteering
The above will be the subject into

which we will endeavor to inquire at the Sunday school hour, at the Christian church next Sunday. All those not attending Sunday school elsewhere are invited to come and assist with the study of this lesson.

There is a place for you in our adults Bible class. Although we may extend unknowingly to some one who is a member of another church, an invitation to join us, we are not trying to get you away from your own denomination, but merely trying to interest everyone in Murray in attending some Sunday school. You are assured of a cordial welcome and courteous treatment with us.

M. S. BRIGGS, Teacher.

Has Abundance of Oil
Henry Englekemeier, formerly of this place, but now a resident of Newkirk, Oklahoma, was visited recently by Wm. Puls, while on his way home from California, and during his stay there Mr. Puls visited three flowing wells on Mr. Englekemeier's land. Mr. Puls showed the writer a detailed statement this week of the return in barrels and price received therefor, from one of these wells for a period of ten days, the number of barrels being 7,090, for which there was received a total of \$2,020.78. Mr. Englekemeier recently owned the entire holdings but has disposed of a half interest in his land for \$50,000. He has written to Mr. Puls asking that he organize a company at Murray for the purpose of sinking another well. Mr. Englekemeier agreeing to furnish the land and take a portion of the stock. He declares he doesn't want the money, but merely wants the amount subscribed placed in the bank, either in money, bonds or other securities. He writes he has plenty of money for the sinking of the well and getting it in operation, but wants security from those entering the company to provide against any contingency.

Doing Much Work
Roy Burton has been pretty busily engaged for some time past in beautifying some of the homes in Murray. He completed last week the interior decoration of the home of W. G. Mrs. Oldham, who is lame to the last, is getting along nicely at this time and able to walk about and look after the household cares.

Is Building Good Hog House
T. W. Vallery is having constructed at his home northwest of Murray a magnificent hog house for the caring of his stock, which is facing the south and with a twelve floor elevation, and windows in that side, it being some 86 feet in length. This will make an excellent place for the caring of the porkers during the winter season.

Supper for Saturday
Mrs. L. H. Puls will have charge of the supper which is to be given on next Saturday evening for the benefit of the library organization, and this assures the serving of an excellent supper. Another American Arrives

Speaking of being proud, the father is one of the proudest of humans at this time, while the mother is very well pleased with the arrival of their young son. All concerned are doing nicely.

Murray Christian Church.
Bible school at 10 a. m.
Morning worship at 11 a. m. Subject, "A Surrendered, Yet Victorious Life."

The public is cordially invited to attend these services. The Bible school is taking on new life. The largest attendance last Sunday for some time notwithstanding the roads were so bad that only a few were in from the country.

A. G. Hollowell, Minister.

Supper was a Success
The supper served by the members of the library association and in charge of Mrs. L. D. Hiatt, who has direct charge of the evening, and with the ladies who worked with her were rewarded by a most pleasant time, and with much success. The roads were such that it was almost impossible to get in from the country, but the crowd was one which was a surprise for the towns people, there being all that could be fed for most of the evening. The receipts were

such as to surprise the ladies, netting the sum of \$28.

Hog Prices Pretty Low

Messrs. Harry Creamer and Phillip Keil shipped a car of hogs to the Nebraska City market last Tuesday, they being transported by Mr. Frank Mrasek. The market was pretty well shot in the language of the shippers and the roads filled with trucks hauling stock to the markets. The majority of the hogs sold at a little better than eight cents. A particularly nice sow, smooth, but a little over weight, sold as low as 4 1-4 on the load which they took. One man who had a heavy barrow, but little inclined to be staggly, received only three and a half with an added dockage of 70 pounds on his hog. This looked very discouraging, but he had to accept the price or return home with the hogs.

Parcel Post Sale.

The library suppers will close April 23. The churches will give a few more at the library and in May the library association will give a Parcel Post or an auction sale to finish paying for the property. Any piece of fancy work or any donation that can be turned into money will be gladly received. Consider this an invitation to give something and ask a friend to give. Telephone your offering to the president, Mrs. Minford, or the vice president, Mrs. Brendel.
