

# GOING OUT OF BUSINESS!

Owing to the fact that we have a short lease and are unable to get an extension, we are forced to close out our entire stock and fixtures, regardless of cost or value, as Mr. Gobelman wants his room for his own business. We are indeed very sorry to have been compelled to make this announcement, as we have enjoyed a good business from the day we opened our doors. But, under the prevailing circumstances we are compelled to vacate.

## Here Is Where a Great Opportunity Awaits the People of This Vicinity!

In spite of the fact that capacity crowds have taken advantage of the many wonderful bargains we are offering, there are still countless bargains that are too numerous to mention—bargains you absolutely can't afford to overlook. chains on the craft, he says the wheels turned inside the chains and he thought for a while that he was going to be ship-wrecked before morning. It is told on him that he boxed the compass backward in the

stress of the excitement. Ask him about it and he will tell you.

**Pictures Change Politics.**

A story is told on Mont Robb, who put in a good deal of time last week framing some pictures which he prized highly and when they were taken home and unwrapped, one of the ones which he had prized so highly, turned out to be the late candidate for the presidency on the democratic ticket, James M. Cox. Just how the wrap-

ping up of the picture and taking it home changed it from a republican to a democrat, he does not understand. Probably he had better ask Roy and Gabe.

**Veterans of Three Wars.**

Last week there was gathered at the hospitable home of James C. Roddy and wife, veterans of three wars, they being Thomas Moore of Walthill, well known in this county and especially in and near Union,

having made his home between Union and Plattsmouth for many years, living near Kenosha and Rock Bluffs, who served for four years in the Great Rebellion, seeing many narrow escapes and hard service. The next being John P. Wood of Dayton, Ohio, who has been visiting at the Roddy home for some time, and who was a veteran of the Spanish-American war, who served in the Philippines, and who saw much hard service in the years which have gone by. The last was Robert Roddy, the youngest, but nevertheless, having seen the real service in the greatest war which the world has ever seen. He was in the service for over two years and seen some of the most critical problems of the war.

**Union Man Makes Great Address**

The brotherhood of the Congregational Sunday school and church at Weeping Water, are indeed a live bunch of young men, who are doing what they can in the way of making brotherhood indeed in the live city of Weeping Water the real thing. Attorney C. E. Teft of that place, is the president of the brotherhood and a live wire he has proven to be during his connection in this matter. He had arranged with the membership of the class for a meeting on Tuesday of last week and secured a number of very able speakers for the occasion. The Rev. H. G. McClusky being one from Plattsmouth, while the Rev. W. A. Taylor of Union, was slated for the principal address. The members had provided an elegant evening dinner which was one enjoyed by all. The address of Rev. McClusky was one which was highly appreciated by all who heard this eloquent device speak, they were well pleased with the logic and apt illustrations in his able address. He was followed by the Rev. W. A. Taylor of Union, who warmed to his subject when he looked into the eyes of the sixty young Americans who had formed this worthy organization and saw candor and earnestness there and was prompted to reply to the inquiry coming from the one hundred and twenty eyes with words which burned with eloquence, for they were the analysis of brotherhood as it has been demonstrated during the ages which has made the history of the world and was culminated in the brotherhood which was exemplified by the Master in all the dealings with men, while here to deliver the message from the Father, and pay the price for the redemption of the world.

**High School Notes.**

The past week was examination week, hence so many cheery (?) smiles on the faces of students.

New service books for history and reference books for English work arrived last week. They will be a useful addition to the library.

Elza and Alda Taylor were visitors in high school last week.

The seniors are busy planning for their May carnival to be held May 6 at Union high school. Everybody come. See the great wizard, the fortune teller, the minstrel show, the Maypole dance and wrestling match.

The Juniors are busy planning the Junior-Senior banquet.

Nine trees were planted by the school Thursday afternoon. Mr. W. B. Banning was present and directed the work in tree planting.

Union high school cannot boast of having the highest enrollment, but those who started here last fall have stayed with their work through thick and thin. Only one member of the high school dropped out during the year so far and that was on account of very poor health.

Results from the county eighth grade examinations were received this week. They were as usually in the case, some good and others poor. Hence there were smiling faces and

also some ones. In school as in outside life, the individual is paid according to the work done.

Seven of the eighth grade of the Sciota school took the county examinations at the Union high school on April 7 and 8.

The Normal Training class of the Plattsmouth high school spent the entire morning, Monday, visiting and observing teaching at the Sciota school.
