WEAK, WEARY WOMEN

Learn the Cause of Daily Woes and Quickly End Them

When the back aches and throbs, When housework is torture, When night brings no rest nor sleep, When urinary disorders set in, Women's lot is a weary one.

Doan's Kidney Pills are for weak kidneys. Have proved their worth in Plattsmouth.

This is one Plattsmouth woman's testimony: Mrs. Charles Mason, of 312 3rd street, says: "I have had quite a bit of experience with Doan's Kidney Pills up to a couple of years ago. I used to have attacks when my back would be so lame and weak it bothered me a great deal to be around on my feet. My kidneys would be disordered at times, too, and I felt miserable and had no ambition. A member of my family who had used Doan's Kidney Pills with good results, advised me to try them and I did so with the best of results. In a short time I felt like a different woman. I get Doan's at Fricke & Co's drug store and use them occasionally when I get tired in my back and they always quickly relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mason had, Foster-Milburn Co., Mpls., Buffalo, N. Y.

Mrs. G. W. Pugsley, of Persia, Iowa, who has been here visiting her mother, Mrs. W. A. Taylor, who has been very poorly, returned home this afternoon, as Mrs. Taylor is now showing improvement.

Mrs. Henry Mauzy departed this morning for Kearney, Neb., where she was called by the serious illness of her son-in-law, Dr. T. J. Todd, who has been ill for the past three weeks, but whose condition is now reaching a serious point.

PICTURE ATTRACTS STATE-WIDE INTEREST

"THE DOUGHBOY'S RETURN" IS ORIGINAL PAINTING FROM CANTEEN AT BREST.

PUBLISHED IN OMAHA BEE

Through Whose Courtesy the Journal Has Secured the Cut—Now at Legion Club Rooms

A picture painted on the walls of the Red Cross canteen at Brest, France, during the days when the far-flung hordes of the American Expeditionary Forces were swarming through this gateway of France on their way homeward bound, has become almost a classic as a representative of the spirit of the A. E. F. now rapidly vanishing from sight.

The American soldier when his task across the sea was accomplished, cherished one thought more than all others, and that was of the day when he might board the transport homeward bound, and it was this thought that prompted the bringing into existence of "The Doughboy's Return," first painted on the walls of the canteen at Brest, but which now hangs in a place of honor over the doors of the club rooms of Hugh J. Kearns, post No. 56, American Legion, in this city.

The picture is in water colors and is two and a half by four feet in size and is clever in the extreme in its portrayal of the happy, care-free doughboy on his way west toward home.

The greater part of the American forces found their way through Brest on the way home and at the canteen of the Red Cross there they found many of the comforts and delights of home life, it being at this canteen that Miss Edith Martin of this city was stationed and it was through her efforts that the Legion post has secured the picture.

When the canteen was dismantled, there was keen competition among the workers for the various pictures with which A. E. F. artists had decorated the interior of the building, and Miss Martin was able to secure this one, which was considered one of the most attractive and popular of the large number that had been placed on the walls. Incidentally, it is the only one which reached the United States, the other workers being content to "let George do it," when it came to pecking and picture

and getting it aboard ship, and all though they had the promise of the workers to see that they were forwarded to them in the states, none ever came.

Not so with Miss Martin, however. Assisted by a returning doughboy, she carried the picture aboard, when it was placed in the hands of the ship's carpenter for crating. On arrival at Baltimore, Miss Martin expressed it to her home here.

For some time after returning, some Miss Martin retained the picture, but on the opening of the club rooms by the Legion last November, she very generously offered the picture to be hung on the walls of the rooms, where it might bring back memories of the days that were and the long, long trail, whose end was at the point of embarkation, and the picture is a strong reminder to many of the Legion members of the time

"THE DOUGHBOY'S RETURN," brought to America by Miss Edith Martin (insert above) and presented to Hugh J. Kearns Post No. 56, American Legion in the club rooms of which it occupies an honored place.

When they too, passed through Brest homeward bound. Only last week, Legion Carpenter Carl Wohlfarth enclosed it in a handsome frame.

The doughboy in the picture bears on his shoulder the emblem of the seventh division, and this feature of the picture is one that had many and varied changes as each division organization passing through the port of Brest, took occasion to adorn the shoulder of the doughboy with their own particular emblem, the seventh being the last to have a chance to place its emblem on the happy soldier boy.

Through courtesy of the Omaha Bee, which recently published a cut of the picture and descriptive article, the Journal is able to reproduce it, as well as a picture of the donor, Miss Martin, who is an enthusiastic booster for the Legion.

It Pays to Be Safe

Don't wait until it is too late. Remember lightning strikes and destroys millions of dollars worth of property and kills hundreds of people every year.

You have no assurance that this season it may not be your turn to be struck—unless you get Shinn-Flat protection now.

Shinn-Flat
Prevents Lightning Losses

Shinn-Flat is superior to any other form of rod or conductor, for these reasons:

- 1—It is woven in a flat cable, with greater carrying capacity for electricity.
- 2—The woven Shinn-Flat allows for expansion and contraction.
- 3—The flat form permits each wire to come in contact with moist earth, giving good grounding.
- 4—The Shinn patented four-leaved brace, with self-locking feature, holds top always in place.
- 5—Shinn-Flat is always installed by our licensed Dealer, whom we have instructed.
- 6—A cash Bond issued by a large Bonding Company insures your money back if damage by lightning occurs.

Telephone us and we will gladly send you our book, "Cause and Control of Lightning," and estimate of cost.

Protect Now—Before Lightning Strikes!

HERMAN DALL,

Estimates cheerfully furnished for installation on your buildings—Do not wait too long for protection!

Republican

Miss Dorothy Gurler, who has been home recuperating from an operation for appendicitis, returned last week to her school work at Crete.

Glen Dunbar, who recently underwent an operation for appendicitis at an Omaha hospital, was able to return home last Saturday. Glen's many friends will rejoice to know that he is getting along so nicely.

N. C. Christensen left Monday morning for Denmark, where he will spend the summer with relatives and friends. Chris visited Denmark last summer. His native land still is attractive to him. Riley Reector accompanied him as far as Omaha.

The resignations of K. A. Fredrickson, water and light commissioner, and Ralph Nelson, assistant, have been sent to the City Council to take effect Monday. No successors have been announced as yet. Mr. Fredrickson is going west, and Mr. Nelson will enter the Lincoln Business college, probably this fall.

Word has been received here from the Cline, Hoover family, former residents of this city, now living at Kit Carson, Colorado, that their 7-year-old daughter was knocked down by an automobile last Thursday, and although quite badly injured, is getting along very well now. At first it was thought she was killed.

The Robert Baker family moved in Tuesday from the John Bourke farm south of town, and are occupying their own residence on north Commercial street. Ho Hobbs, who was renting this place, moved to the Parker house on the south side. Mr. Baker will do carpenter work with his father, Byron Baker. They are this week starting a large barn for Arthur Rough.

Wm. Costman seems to be in about the hardest luck of anybody on account of the snowstorm Friday night. Will had spent the winter in California to avoid the cold weather and snow shoveling but Saturday morning he had to get out and shovel about two inches of snow and ice off his sidewalks. Will is not much of a complainer, but his countenance showed that this went against the grain.

Mr. and Mrs. George Askew went to Omaha Saturday morning for the week end visit at the home of their son Treat. Curtis Askew was coming down from Minneapolis to spend Sunday with them. He could get to Omaha and back to his work during the week end but couldn't make connections to come on to Weeping Water. Mrs. Helen Walliek went up from Plattsmouth and the yhad quite a family gathering.

DANCE AT MURRAY

There will be a social dance given at the Puls & Gausmer hall in Murray tomorrow (Tuesday) evening, April 26th. Music by the Holly orchestra. Good time assured.

NEGRO THEY FORGOT TO HANG, WILL NEVER HANG

Shreveport, La., April 21.—The death sentence of Louie Eaton, the negro the sheriff of Ouachita parish forgot to hang last month, has been commuted by the state pardon board to life imprisonment, according to reports received here today from Baton Rouge.

Eaton was convicted of murder several months ago, and was brought from Ouachita parish to the Caddo parish jail for safe keeping. As he afterward wrote to Governor Parker, the sheriff said he was so busy with other affairs in his office that he forgot the day he was to hang Eaton.
