PLEASANT BIRTHDAY SURPRISE AT MYNARD

Last Friday being the fifty-seventh birthday anniversary of Mrs. A. C. Carey, of Mynard, her children planned a little surprise for Sunday in her honor. The plans worked out perfectly as Mrs. Carey was entirely unsuspecting until she and Mr. Carey, on returning from church, found a number of cars parked at their home and their children and other relatives and neighbors in possession of the place.

Besides Mr. and Mrs. Carey and son Teddy, there were present Mr. and Mrs. Alfred C. Carey, Mrs. William Wetenkamp, Mrs. George Melinger and son and Mrs. Emma Shaw of Plattsmouth; Chris Zimmerman and family, of Ashland; Mr. and Mrs. William Carey, S. A. Barker and family; W. S. Wetenkamp and family; A. A. Wetenkamp and family; Guy Kiser and family; Mr. and Mrs. J. L. Robbins and Rev. E. H. Fontius and family of Mynard and vicinity, as well as Roy Howard and family and Chester Minnear and family, of Murray.

When dinner was announced, being served cafeteria style, the guests formed in line and marched into the dining room to find the table fairly groaning beneath its load of good things. All seemed inclined to relieve the table of as much of its burden as possible, presumably in order to save it from total collapse, and in a short time each one present seemed to have assumed his full share of the burden.

A pleasant afternoon was enjoyed by all present and toward evening the guests departed wishing for Mrs. Carey many more happy birthday anniversaries.

RETURNS FROM U. S. HOSPITAL AT ST. LOUIS

William Hoffman, of this city, who for the past few months has been at the U. S. health service hospital in St. Louis, where he has been undergoing treatment, has returned to his home here. Mr. Hoffman has been in poor health since his discharge from the army in 1919, having suffered from a severe gas attack as well as being wounded while he was in action with the 168th Infantry in France, and the effects of these have remained with him since that time.

While at the St. Louis hospital, he underwent an operation for appendicitis and has since then been gradually recovering, although his improvement has been slow due to his weakened condition. He has now regained sufficient strength, however to enable him to return home for a brief visit.

HAS PAINFUL EXPERIENCE WITH INFURIATED ROOSTER

From Wednesday's Daily
Yesterday one of the ladies residing on Wintersteen hill had a strange and very painful experience with one of the proud and haughty roosters that presides over the flock of chickens owned by the lady.

She was out in the chicken yard feeding the chicks and gathering up the eggs and in some manner angered his roostership with the result that she was attacked and during the melee that ensued the rooster spurred the lady on the bare arm, his sharp spurs penetrating the flesh so deeply as to sever two blood vessels. This made necessary the calling of a physician to dress the wound and stop the flow of the blood. Dr. R. P. Westover was called and it was several moments before the blood could be checked. As a result the lady is in quite a weakened condition today from the loss of blood.
