THE JUNIOR-SENIOR RECEPTION LAST NITE

ENJOYABLE EVENT OF SCHOOL YEAR AT M. W. A. HALL IS LARGELY ATTENDED

From Saturday's Daily.

Last evening at the Modern Woodmen hall was held the first of the social gatherings that mark the close of the school year. In the annual reception of the Junior class to the Senior class of the school, the members of which are soon to pass out of the school life.

The hall had been very artistically decorated by the young people and was a scene of great beauty as the members of the banquetting party were seated around the tables. The walls of the room were aglow with the green and maroon of the Seniors while the green and gold of the Juniors was represented by many streamers hung from the ceiling and balcony over the heads of the members of the banquet party. From the center of the room was suspended a large basket of artistic design carrying the Senior colors and which was the work of Edward Mauchliott and Principal H. A. Stromberg.

The tables were very beautifully arranged and candles of green and maroon added a pleasing touch to the charm of the scene.

One corner of the hall was reserved for the Henni orchestra of Omaha which gave a number of very pleasing selections during the course of the evening and the talented musicians were received with marked approval by the young people. The ladies of St. Mary's Guild, who have for several years had charge of the banquet had arranged a menu that tempted the young people with its array of good things to eat and made this feature of the banquet an unqualified success.

Following is the menu:

Fruit Cocktail
Fish
Veal Birds
Potatoes on Half Shell Cream Peas
Rolls
Lettuce Salad
Brick Ice Cream Assorted Cakes

The banquet was presided over by Allison Flynn, president of the Junior class, who in his usual clever manner welcomed the members of the classes as well as the guests, including the school faculty and presidents of the Sophomore and Freshman classes.

George Schmidtman, president of the Sophomore class, responded to the toast, "Ambition," while Charles Hartford spoke on "Opportunity," and both of these were delivered in a very pleasing manner and reflected great credit upon the young men. Miss Marjorie Bryan of the Wesleyan school of expression gave two very interesting readings which were a pleasing part of the evening toast list.

The subject "Expectation" was responded to by Miss Grace Duff, of the Junior class, while Mason Wescott, president of the Seniors, gave a few remarks on the subject of "Realization."

Superintendent C. E. Pratt gave the members of the party a very interesting address of short duration on "Reflection," covering the review of the week from school from which the Seniors are soon to depart to take up their battle of life.

At the conclusion of the toast list the members of the party departed homeward, feeling that it had indeed been a most delightful gathering.

GLEN PERRY HAS A PAINFUL EXPERIENCE

Kicked in Left Side Yesterday Afternoon by Mule—Was in Serious Shape for a Time.

From Saturday's Daily.

Glen Perry, one of the prominent residents of this portion of the county, had a very painful experience yesterday afternoon by coming in contact with the business end of one of the mules that he uses on his farm. Mr. Perry had been working about the barn where the mules were kept and while he was standing near one of the animals it suddenly kicked and the blow struck Mr. Perry on the left side just below the breast, knocking him unconscious.

Dr. T. P. Livingston was called from Plattsmouth and Sheriff Quinton and County Attorney Cole who were passing, assisted in carrying the injured man into the house, where he was placed in bed and an examination made of his injuries. It was thought at first that the patient might have sustained serious internal injuries but he seems to have rallied nicely from the effects of the kick and was reported this morning as resting much easier.

This is the second time in the last year that Mr. Perry has met with an accident of this kind and before he was confined to the hospital for several weeks as a result of his injuries.

Periodic Bilious Attacks

Persons subject to bilious attacks at regular intervals know about when to expect an attack. They find that they have no desire for food when an attack is due but usually eat because it is meal time. Skip one meal and take three of Chamberlain's Tablets and you may be able to avoid the attack. Persons subject to such periodic bilious attacks should not drink tea or coffee at any time.

TAKING CHICKENS LEADS TO STIFF FINE

Sheriff and County Attorney Visit Vicinity of Murdock and Secure Party They Sought

From Saturday's Daily.

Yesterday afternoon Sheriff Quinton and County Attorney A. G. Cole were called out to the vicinity of Murdock, where there had been complaint of the depredations among the fowls of that locality.

The last person to make complaint of the loss of chickens was William Rikli, and the authorities visiting his place found the tracks of a team and buggy leading from the farm and these were followed and finally led to the farm occupied by Herman Scheel, a few miles distant. The authorities alighted and proceeded to question the members of the family as well as Mr. Scheel, and finally elicited the information that there had been nineteen of the feathered residents of the Rikli farm taken. The parties stated that they had gone to the Rikli farm to secure some duck eggs and reaching there had found that there was no one at home, and the sight of the chickens proved too tempting to resist.

Sheriff Quinton brought Mr. Scheel on into Plattsmouth, where he was brought before County Judge Beeson late yesterday afternoon and entered a plea of guilty to the charge preferred against him and was assessed a fine of \$100 and costs by the court. In addition to the fine the law provides that there be restitution made of double the value of the property taken, and which added \$49.40 more to the total to be settled, and the amount necessary for Mr. Scheel to pay was set at \$168.90.

Frank Wall narrowly escaped a serious accident one day last week. He had just started from the post-office to carry the mail on his route when in some manner one of the bolts came out of his steering apparatus giving things a pretty good jar and he was jammed up against the steering wheel. Had this happened out on the road when he was moving fast there would have been a smashed car and Frank might have gotten hurt. As it is he considers himself rather lucky.

On Monday evening the fire boys held their annual meeting and election of officers. The following officers were elected: E. T. Comer, president; Herman Penterman, vice-president; Wm.
