EDGAR JOHNSON DIES AT HOME IN LINCOLN

Son of the Late J. E. Johnson and Grandson of Mr. and Mrs. J. W. Johnson, Passes Away.

From Saturday's Daily.
Yesterday morning at Lincoln, Edgar Johnson, son of Mrs. J. E. Johnson of that city, passed away following a very critical case of appendicitis and which made necessary an operation on Monday morning last and from which the young man never recovered.

The departed young man had not been in good health for some time and just a short time ago had returned to Lincoln from California, where he had spent several months in company with his mother, seeking relief from the serious case of heart trouble with which he has been troubled for the past few years. On reaching home the case of appendicitis developed and on the operation it was found that the appendix had been perforated and it was impossible to check the spread of the poison through his weakened system.

The deceased was nineteen years of age and was born and reared in Lincoln, where the parents, Mr. and Mrs. J. E. Johnson have made their home for a great many years. He was a grandson of the late J. W. Johnson and wife and also of Joseph McCoy, one of the veteran employees of the Burlington.

Some three years ago the father of the young man, J. E. Johnson, met his death in a railway accident near Waverly, and the death of the son now comes as a very severe blow to the mother, to whom he had been a great joy and comfort in her previous bereavement. To mourn the death of this splendid young man there remains the mother and two sisters, Mrs. Josephine Bagnall of Chicago, and Mrs. Lorene Cody of Lincoln, as well as the grandparents, Mr. and Mrs. Joseph McCoy of Lincoln.

The funeral will be held tomorrow afternoon from the home in Lincoln and the body laid to rest beside that of the father.

To the heart broken mother and sisters as well as the grandparents and the other relatives the deepest sympathy of the host of friends will go out in their hour of sorrow.

A SAFE TEST!
For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Plattsmouth people. Ask your neighbor!

E. M. Buttery, 10th and Walnut streets, Plattsmouth, says: "It didn't require very long use of Doan's Kidney Pills to prove to me that they are fine. A pain would catch me through my hips so I could hardly raise a shovel of coal. There was also, at times, a lameness across my loins. I had reason to believe that these troubles were caused from a disordered condition of the kidneys and hearing Doan's Kidney Pills so highly spoken of, I got some. They gave me quick relief and the relief warrants me in speaking of the remedy in the most favorable terms."

Mr. Buttery gave the above statement June 11, 1906, and on May 12, 1920, he added: "It has been a good many years since I have had the kidney trouble which I told of in my former statement of 1906. My cure is a permanent one, but I still think Doan's Kidney Pills are fine and I am glad to recommend them to others."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Buttery had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

IN SERIOUS CONDITION
The many friends of Major A. Hall will regret to learn that he is in very serious condition at the Methodist hospital in the metropolis, where he has been for the past two weeks taking treatment and the patient has not shown the progress that it had been hoped for by the family and friends. The case has proven rather baffling to the attending physicians and several consultations have been held in an attempt to fully determine the nature of the sickness.

About Digestion
It is claimed that only half as much food is required when it is thoroughly masticated. Digestion begins in the mouth and a thorough mastication of food is of greatest importance. When needed take Chamberlain's Tablets to strengthen the digestion and insure a regular movement of the bowels.

GIVES FRIEND SURPRISE

From Saturday's Daily.
Yesterday afternoon Mrs. A. C. Tulene was given a very pleasant surprise party which was in the nature of a farewell, as the Tulene family are expecting to leave in June for California to make their future home.

The pleasant event occurred at the home of Mrs. Joseph Hadraba and was a complete surprise in every way to the guest of honor. Mrs. Tulene had been asked to come to the Hadraba home to spend a few hours informally in visiting and her surprise may be imagined when on entering the Hadraba home she found the friends awaiting her with their surprise.

The afternoon was spent very pleasantly in visiting and enjoying the few hours with the friend soon to leave for the distant Pacific coast. During the afternoon the hostess assisted by her daughters served a very dainty and tempting luncheon. Those in attendance at the pleasant occasion were Mesdames C. P. Sydeboham, J. R. Stone, W. H. Reese, Will Henrich, Blanche Price, E. C. Ripple, Frank Chevel, C. R. Frans, A. C. Tulene and the hostess, Mrs. Hadraba.

MRS. RICHARD AVARD IS IN SERIOUS SHAPE
Letters From London, England, Tell of Necessity of Serious Operation on Former Plattsmouth Lady

Letters received here by the S. S. Chase family from Richard Avard at London, England, tell of the serious condition of Mrs. Avard, who has been at the old home in England since last August.

Mrs. Avard states that it will be necessary for her to undergo a very serious operation at one of the hospitals in that city at once. Mrs. Avard has been in very poor health for some time and it was found necessary to have the operation performed.

Mr. Avard also states that both he and Mrs. Avard have been suffering with the flu for some time and this has had a very bad effect on the condition of the wife.

In speaking of the conditions in England, Mr. Avard states they are not the best and especially at the time he wrote as the miner's strike was then pending and the general conditions badly upset and Americans and Canadians in England were very anxious to return to their homes.

During the sickness of Mrs. Avard, her sister, Mrs. John McLean, will remain in England although the family had planned on an early return to the United States.

MAY INVOKE REFERENDUM ON 3 LAWS

Independent Voter's League Preparing to Make Fight on H. R. 19, H. R. 617 and S. F. 305.

The Independent Voters' league, a state-wide organization, has issued a call for a meeting Monday night at the Grand hotel for submitting H. R. 617 and S. F. 305 and a section of H. R. 193 to the people of Nebraska under the referendum law. The call issued by the league follows:

"The legislature passed three bills that are in particular offensive to the people.

"House roll No. 193 provides that no new bank shall be established unless, in the language of the statutes, it can be conclusively shown that the public necessity, convenience and advantage will be promoted by permitting such proposed bank to engage in business. This makes a dead letter

of the co-operative law, for of course, since nearly all villages and cities are well blessed with banking facilities unless it can be shown that public necessity demands the establishment of any new bank.

"House roll No. 617, commonly known as the anti-picketing bill, makes it a criminal offense for strikers to parade in front of the place of business of the firm or corporation for which they worked and provides heavy penalties for annoying or persistently talking to strike-breakers, fathered by the Omaha Business Men's association. The bill has for its purpose the weakening of labor's remedy against industrial tyranny.

"Senate file No. 305, provides that every county voter must register with the county clerk and give his or her oath as to his or her party affiliation. The county clerk is directed to refuse to register a voter who cannot make a satisfactory explanation why he or she wishes to affiliate with a certain party. Another provision of the bill practically bars all members of the non-partisan league from participating in the primary election."

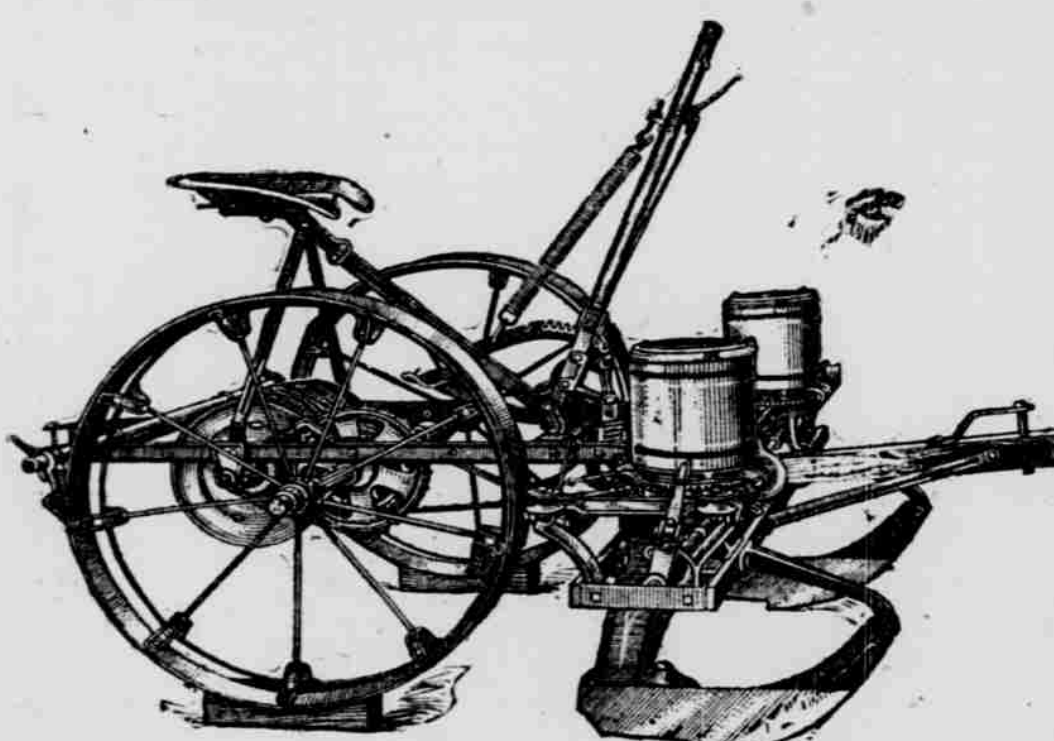

was organized last winter at Lincoln and claims to have among its members farmers affiliated with the non-partisan league, the farmers' union and other Nebraska agricultural organizations, members of union labor bodies and progressive voters generally. Following its formation, a program was mapped out for the 1921 legislature to follow. The league at that time went on record as against the party circle on the ballot and against the closed primary. It is estimated that if the referendum is invoked by the league that it will require under the law the names of about 40,000 voters on the petitions.

The best results are obtained from the carefully written ad placed in the printer's hands in time to permit of artistic "set-up." Don't neglect your advertising or compose it hurriedly if you would get the greatest value for the money you expend.
