JAPAN CROWN PRINCE WELCOMED IN ENGLAND

London, May 9.—The capital of the British empire today accorded Prince Hirohito, heir to the Japanese throne, a tumultuous welcome upon his arrival here for a three weeks' visit to England. Full honors of state were extended to him, the occasion being the first for such honors to a visiting foreign dignitary since 1914. A bright spring day provided ideal weather for the function.

The Japanese prince, accompanied by the Prince of Wales, arrived at the Victoria station on a special train from Portsmouth. He was greeted by King George, the Duke of Connaught and the Duke of York. The brilliant suite of British officialdom in attendance stood at salute while the bands played the Japanese anthem.

Then, at the side of the king, in a state carriage, the crown prince was driven off through the streets, accompanied by troops and lined with cheering multitudes, to Buckingham palace.

Within their palace the visiting prince was received by the queen, Princess Mary and other members of their royal family, and court officials. The crown prince took lunch at the palace this afternoon, visited Queen Mother Alexandra and subsequently placed wreaths on the cenotaph in Whitehall and the grave of the Unknown Soldier in Westminster Abbey. A dinner to the crown prince given by King George in Buckingham palace was the function for tonight.

HIGH WATER AT BEATRICE

Beatrice, Neb., May 10.—As a result of heavy rains in this section, the Blue river at this point was bank full shortly after midnight Saturday. Dewitt reported a rainfall of two and a half inches. Two inches fell at Pickerell. In this vicinity the precipitation was .67 of an inch, or a total of 1.76 since Friday.

Two automobiles, both driven by traveling men, were caught in the deluge in the Cornhusker highway, near the turn going into Pickerell and both cars were washed off the bridge. The occupants were unhurt, though their cars were marooned in the gully at the roadside.

GREAT CHARACTER ACTOR

Joseph J. Dowling, seen as "Place Hough," the gambler, in Benjamin B. Hampton's great production, "The U. P. Trail," a Hodkinson release, which is the featured attraction at the Parmele Friday and Saturday nights, is conceded to be one of the greatest character actors appearing today on the silver sheet. Among the productions in which he has been seen to great advantage by Plattsmouth movie fans are "The Miracle Man" and "The Spenders." In the former, Mr. Dowling had the prominent role of the healer and it will be recalled how well he handled the assignment. Any performance which Mr. Dowling gives is invariably marked by such superb artistry—such sympathetic, intelligent insight into the role he is called upon to portray that it is small wonder he should be one of the most eagerly sought for actors on the screen today.

W. R. C. HOLDS VERY PLEASANT MEETING

Are Entertained at Home of Mrs. Thomas Glenn Yesterday Afternoon—Many Are Present.

The social meeting of the Woman's Relief Corps held yesterday afternoon at the home of Mrs. and Mrs. Thomas Glenn on Main street was one of the most pleasant that this organization has held for some time.

The rooms were very prettily arranged with decorations of flags while from the porch of the home Old Glory floated, giving the guests the cheering sight of the flag for which they had offered so many sacrifices in the days of war.

The afternoon was given over to the discussion of the plans for the memorial day services and the decorating of the graves of the departed members of the G. A. R. and W. R. C. The two civil war societies will cooperate with the American Legion in the afternoon program that will be given on Memorial day and which will represent the observance of the three societies and the community in honoring the nation's dead.

At a suitable hour dainty refreshments were served which added to the delights of the very pleasant occasion.

ATTACK MADE ON PARTY OF NEGROES AT BALTIMORE

Baltimore, Md., May 10.—Three hundred or more alleged marine strikers and sympathizers stormed the doors of the custom house here today in their efforts to reach a party of negro strike-breakers who had fled into the federal building for protection. Several of the negroes were severely beaten before the arrival of the police who, with drawn pistols, drove off the rioters. The negroes, about seventy-five in number, were sitting along the side of the custom house wall when the marines suddenly descended upon them. For a while the fighting was general. All over the square could be seen three or four marines beating up one negro and an immense crowd gathered rapidly to the scene by the peculiar yells of the strikers in imitation of the war whoop once attributed to the Indians.

M'ADOO IS FOR DISARMAMENT.

Washington, May 10.—W. G. McAdoo, former secretary of the treasury, tonight espoused disarmament as a curative for the economic and social ills of the world, in an address before the national league of Masonic clubs. "Disarmament or bust!" he declared. "That is what the people have got to face."

Painting a picture of world-wide suffering from excessive taxation, Mr. McAdoo declared that taxes in all lands would soon become unbearable unless some intelligent plan were evolved for disarmament. "The excessive taxation is subjective," he said, "because the war has been fought and the debts have got to be paid. There is no telling when they will be liquidated."

"I wouldn't have America disarm unless we have an understanding with other powers—unless we have an agreement—and I want to emphasize the word agreement. If we agree on disarmament and preserve the relative strength of all nations concerned there will be no danger."

CLAIM WHITEWASH IN BERGDOLL CASE

Held Primarily Responsible by Kentucky Congressman for Escape Effected by Draft Evader.

Washington, May 10.—The charge that Col. John E. Hunt, former commandant at the disciplinary barracks at Governors Island, was "whitewashed" by a court-martial resulting from his alleged failure to take proper precautions to prevent the escape of Grover Bergdoll, was made today before the house investigating committee. Called to tell what precautions he had taken to safeguard Bergdoll while on a gold-hunting expedition to Maryland, Colonel Hunt had been on the stand nearly five hours when he was taken in hand by Representative Johnson, democrat, Kentucky, for a grilling cross examination.

Some of the questions were extremely blunt and of a personal nature. Then, after asking for a yes or no answer to whether he had been given a fair trial whether he had been aggressively prosecuted, Mr. Johnson quoted him from the good standing of the accused.

"Is that a vigorous prosecuting speech?" Mr. Johnson asked and he replied it was a plea for his conviction as he saw it. John T. Sherburne, of Boston, counsel for the committee, interposed that it was only fair to read from the judge advocate's address, a course which the committee approved.

Plain Charge of Whitewash.

"It is my purpose to show," Mr. Johnson declared, "that the court-martial record contains more than a suspicion that this witness was whitewashed and that counsel participated only in a half hearted prosecution." Extracts from the judge advocate's address quoted by Mr. Johnson set forth that the prosecution did not think or intimate Colonel Hunt wanted Bergdoll to escape, or was in a conspiracy and that it was realized Hunt was the "sorriest of all," that the prisoner got away.

Sympathy was expressed by the prosecutor for the colonel, now retired, and it was mentioned that he had had a magnificent record as an officer," but that this was not the question at issue, and that there had been a technical violation of military regulations in a way to bring discredit upon the army.

The extracts read at the insistence of Mr. Sherburne related to the suggestion of General Harris, adjutant general, that a commissioned officer be placed in charge of the expedition, a suggestion not carried out. The prosecutor asked for a verdict of guilty on the specification. Colonel Hunt, recently recovered from a long illness, took no part in the discussion. During his examination he described plans for Bergdoll to leave under military guard in search of the buried gold and declared no officer available and that he had had the utmost confidence in Sergeant O'Hare, who was directly responsible for the safe return of the prisoner, if duty.

Mrs. Bergdoll to be Summoned

Mrs. Emma C. Bergdoll, mother of Grover Cleveland Bergdoll, Philadelphia draft evader will be summoned to appear before the house committee investigating Bergdoll's escape to explain what became of the \$105,000 in gold obtained from the treasury which her son was refused to recover. As she is awaiting sentence at Philadelphia within the next few days on conviction of conspiracy to aid her son in evading the draft, the date of Mrs. Bergdoll's appearance has not been definitely set.

A NOTABLE BUSINESS LECTURE COMING

Arrangements have been made by the Business Men's Ad Club of Plattsmouth to bring to this city on Wednesday, May 25, at 7:15 o'clock at the Lyric theater the most famous American Business Lecture on the platform: "Getting the Most Out of Retailing." Under this head, Mr. Farley, well known business expert and organizer, will discuss the various questions that are of special interest to merchants and business men everywhere. He will show how co-operation and organization will make for a better community or city. He will show practical improvements in service and store organization that will please the general public and draw trade. He will show how proper advertising will change losses to profits. How systematic continuous newspaper advertising pays the largest dividends of all. How system enables a merchant to know at all times about the conditions of his business instead of guessing, is now more than ever before absolutely essential to success.

With the aid of six thousand feet of moving picture film, Mr. Farley will give a most interesting and timely discussion. It isn't theory. It isn't over the heads of people. It is solid horse sense applied to merchandising. Practical, every day, concrete experiences given in this way with lecture and pictures make a double impression—through the eye and the ear—that is sure to be of lasting benefit to every business man or sales person who attends this lecture.

Every merchant or wife of a merchant, every salesman or clerk, every business man, and all those interested in seeing Plattsmouth become a better business center should not fail to hear Mr. Farley. A glance at this outline of the
