somewhat more encouraging. There

are indications that a number of young men-above 20-are interested, and that these, with quite a \$111.10 number of the teen class, will bring the membership up to something 100.00 like 40, and with this number it will 59.56 be possible to accomplish more than 7.20 at present. If we were going to preach a sermon to the boys, we 9.28 would take for our text: "Sticktoitiveness," and bear down on the 11.80 thought that no one ever achieved 2.50 anything by giving up. Some of the 4.75 younger generation are prone to "lay 5.80 down" when the job gets a little hard. This idea, if encouraged, soon \$314.74 leads to a lack of purpose and determination, which forever dooms one to inferiority.
