EAGLES WIN FIRST GAME OF SEASON

Defeat Pacific Junction by Score of Six to Two—George Nelson Hero of the Day.

From Monday's Daily
Yesterday afternoon the enthusiastic base ball fans of the city gathered at the ball park to witness the first game that it has been possible to stage this season and despite the clouds that at one time threatened rain it was possible to play out the nine innings of a very interesting contest.

The Eagles appeared for the first time in the season and with a number of new faces in the line-up and the introduction of the youngsters appears to have given the team new life and energy and these recruits played with brilliancy equal to any of the old timers. George Nelson in right garden, Harry Newman at second and Lawrence Sprecher at third sack were among the young recruits that Manager Farley has rounded up for this season and they gave a very good demonstration of their skill.

Bill Mason, the former terror of the batters in left garden, was sent in to do the tossing for the locals and aside from the fact that a poor throw was made to first in the opening stanza, the pitcher received excellent support. The speed of Mason kept the visitors guessing as almost every ball pitched out the plate at a high rate of speed.

The Pacific Junction aggregation scored in the opening inning and again in the eighth. In the eighth one of the Junction hitters landed on a slant of Biglow, who had taken Mason's place in the box and rapped one for three sacks and Jim Shuffler, the veteran Iowa baseballist, with a safe poke to first brought in the run that tied up the game for half an inning.

The score was 1 to 0 up to the last half of the fourth when Plattsmouth annexed one run and again in the fifth another Eagle crossed the plate. With the tying of the score in the eighth frame by the Junction, it looked like an extra inning, but the home boys proceeded to unlimber the old hickory and done some business with the visiting team that kept them guessing. George Nelson was the hero of this inning as the Eagles filled the Junction with runs and the pill for two sacks into the center garden and registered all three of his team mates, and with the score made by Gradoville in the early part of the inning totaled six runs for the locals to two for the Junction batters.

RETURNS FROM A LONG STAY IN THE HOSPITAL

From Monday's Daily
Yesterday afternoon Mrs. Val Burkle returned to her home in this city after a stay of several weeks at the Clarkson hospital in Omaha, where she underwent an operation which was of a most serious nature and the outcome of which was very doubtful for several days. Mrs. Burkle has been poorly for the past few years and the operation seems to have given her the relief she has needed, as she is now feeling much better and it is thought will soon be in her former good health. The return of this estimable lady has been the source of a great deal of pleasure to her family and the host of friends over the city.

COOL ON STRAWS

From Monday's Daily
The straw hat season was officially opened yesterday, but there was little desire on the part of the inhabitants to grab themselves one of the light and fleecy summer headgear and hasten out in public as the weather conditions were far from ideal for this line of dress. The coldness of Saturday proved a damper on those who had their straw hats in hiding, and only one of the dainty panamas was to be seen on the street and the wearer soon sought the warmth of a stow and exchanged the hat for a more reasonable appearing skypec. However the weather man gives hopes to the lovers of the straw bonnets with promises of warmer weather soon.

PLATTSMOUTH GIRL IS GIFTED MUSICIAN

Miss Agnes Knoflicek, of This City, to be Starred in Summer Tour of Chautauqua Bureau

HIS BUDDIE IS DEAD

Ralph R. Larson, cashier of the Bank of Commerce, received the sad news of the death of his friend, Roy J. Hall at his home at Beemer, Neb., on Sunday, May 1. They were buddies together for almost a year in camp on the Mexican border and grew to be fast friends. Roy later went to France and was engaged in some of the heaviest fighting. He returned home broken in health, in February of this year he was taken to an Omaha hospital but he grew weaker and was returned to his home where he passed away. Thus another brave boy gave up his life for his country.—Louisville Courier.

NEBRASKA CITY GETS CLEANED UP

Public Welfare Investor Visits Oteo County City and Stirs Up Conditions to Considerable Extent

Our neighboring city, Nebraska City, has had a rather severe shaking up in the past few days as the result of the visit there of a public welfare investigator and several of the rough spots in the city conditions were prodded out into the open by the investigator and the machinery of the law started in to clean up the aforesaid conditions. In speaking of the matter the Nebraska City Post of Monday has the following: A quiet, unassuming but determined young woman, Miss M. E. Taylor, came to Nebraska City yesterday morning from Lincoln. She explained to local health authorities that she was connected with the Department of Public Welfare, Bureau of Health and that she would begin an investigation of certain conditions which had been reported to her as needing attention.

Enlisting the services of Chief of Police Gunn, Miss Taylor started out with a vengeance and within a reasonable short time had enough information to warrant the filing of several complaints by County Attorney Heinke. The complaints were filed, warrants issued, arrests made and last night the court house was well filled with men and women. One of the most important complaints filed was one against Dr. M. A. Carricker, charging him with failure to report a venereal disease, the patient being a woman residing in Nebraska City. He appeared in court, pleaded guilty and was fined \$30 and costs. Judge Bischoff told him that his next appearance would mean the imposition of the limit, \$100. It was the second time within a week that the physician had been haled into court, the first time representing a \$15 fine for failure to report a birth.

Later in the afternoon three other complaints were filed by the county attorney upon information given by Miss Taylor. The first, one charging adultery, was filed against Charles Clark, a divorcee man and Goldie Clouse, who is said to have had three tries at matrimony. They pleaded not guilty and were placed under bond of \$400 each. Failure to give the bond last night resulted in detention by the sheriff. Hearing is to be had at 10 o'clock Tuesday morning.

RESUME BUSINESS

Will Now Be Open to Handle Needs of Local People as Well as Traveling Public in Up-to-Date Manner

The O. K. garage on Washington avenue, which was closed during the winter months, has been made ready for service and is now to open its doors once more to serve the public as it has in the past. This is one of the most commodious buildings of its kind in this part of the state and is prepared to care for a large number of winter autos which have been made ready for service as the occasion may demand. Mr. Frank Martin, who was connected with the garage at the time it was operated by Mr. J. H. McMaken, will return in a few days and have charge of the repair department of the garage.

The O. K. garage is located on one of the main traveled thoroughfares of the city and is prepared to handle any line of work that can be required of any up-to-date garage. That it is to be once more placed in operation will be pleasing news to the residents of the city.

LADIES HAVE SAD EXPERIENCE

Two ladies claiming to be from Cripple Creek, Colorado, and headed for Kansas City, met with a sad experience on the highway south of the city near the C. C. Cook home. The ladies had run their car into a ditch and while in that position were halted by two men who stated they were government agents and desired to know if the ladies had any liquor in their car or on their person and told them they had better get on their way, but the ladies having no contraband or thoughts of it, decided that they had better seek assistance and accordingly Sheriff C. D. Quinton was called out to the scene of action but the men who had been annoying the ladies had departed and the victims of the accident were brought on into the city, where they spent the night and will await the repairing of their car so that they may resume their travels.

MAKES FINE DONATION

The scholars of the Columbian school who recently gave a special program for the benefit of the public library in which the young people and their teachers are so vitally interested, have turned over to the library board the sum of \$20 which will be used in the purchase of new books for the library which are badly needed. The action of the young people and their teachers indicates that they appreciate the great work that the public library is doing in the community and a desire to aid in the development of the library's sphere of influence.

ILLUSTRATED LECTURE AT THE LYRIC

Al Club Has Arranged for Appearance of W. V. H. Farley Representing National Cash Register Co.

Announcement has been made by F. P. Busch, secretary of the Business Men's Al Club, that he has arranged to bring to Plattsmouth an illustrated lecture on retail merchandising. The lecture, together with a feature film, "Getting the Most Out of Retailing," will be given Wednesday night, May 25, at 7:15 o'clock in the Lyric Theater. Mr. W. H. Farley, representative of the National Cash Register Company of Dayton, Ohio, will give the lecture.

The lecture deals with the value of newspaper advertising to the merchant, tells him how to prepare advertisements, and also explains in detail the best methods of window display, store organization, personal selling and business control. The film tells the story of a merchant who was discouraged and disheartened because he was not successful. The story shows the indifference of his clerks, his bad system, poorly arranged stock, and other causes of trouble. How he finally rose to success and prosperity through modern methods is shown in the film.

Many ideas of importance to merchants and clerks will be brought out. In other communities where it has been shown, it has met great enthusiasm. It is expected that every business man and clerk in the city will attend.

SPECIAL AGENTS OF BURLINGTON NAB MAN ATTEMPTING TO ROB TRAIN NO. 14.

From Tuesday's Daily
Last night when No. 14, the mixed passenger train on the Burlington passed through this city at 9 o'clock they carried on board Sergeant Underwood of Omaha, one of the special agents of the Burlington, who has been assigned with Special Agent E. M. Matthews to the task of checking the box car robberies that have been of frequent occurrence of late along the Burlington lines.

When the train reached the grade on the east side of the river the special agent got busy and discovered the fact that there was systematic attempt being made to rob the freight cars and that a box of coffee as well as a box of candy had been thrown off the train. The agent was able to capture the man who had done the work and who had evidently been concealed in the car on its way down from Omaha.

The party arrested gave the name of Ray Walker and his residence as Council Bluffs and was only one of the trio of robbers captured as two others made their escape in an auto which they had waiting to receive the stolen goods when they should be unloaded from the train.
