

Canton Crepe Frocks Prove There is no Smarter Combination than Black and Gray

INTERESTING because of their unusual chic and no less because they are ideally correct for that hour when one glibly orders, "a pot of orange pekoe and almond torte, please" are Frocks of rich black Canton crepe. Fabric of the same alluring pebbly weave in a delicate dove gray tone relieves them at the neckline, waist and forms the foundations of the smartly slashed skirts. And further inspection of these modes reveals touches of gray embroidery employed in a decidedly "Frenchy" fashion. You will enjoy trying them on and be surprised that we are only asking—

WORK IS PROGRESSING

Work at the Masonic home is progressing nicely and already the enlarged grounds are beginning to take on an improved appearance. The cutting of trees and grubbing out of the roots on the land purchased of Edward Fitzgerald is nearing completion and the parties doing the work have obtained a nice supply of wood for their efforts. The brick sidewalk extending along the two block frontage facing the street has been taken up and in it place will be laid a cement walk.

When the improvements are completed the home will present a much changed appearance and the position it occupies will make it noticeable to all who pass through here on the Missouri Pacific or via auto over the King of Trails, thus serving to give visitors an even better impression of Plattsmouth than before.

Treatment of Common Colds.

"If all who catch cold could be persuaded to remain in bed for the first twenty-four hours of such an attack," says a well known physician, "there would be fewer cases dragging on with distressing symptoms for weeks and often ending in some more serious disease." To make sure of a prompt recovery you should also take Chamberlain's Cough Remedy. Whether sick or well the bowls should move each day.

CREIGHTON WINS FROM LOCAL HIGH

By Score of 4 to 0 the Fast Aggregation of Ball Tossers From Omaha Romp Away With Game.

From Saturday's Daily. Yesterday afternoon the base ball fans of the city were treated to a real ball game at the Eagles park when the local high school and the team from the Creighton high school of Jim's town mixed it up in the great national pastime.

The score of 4 to 0 should have been lessened by three runs as three very bad errors allowed the visitors to score runs without much effort and despite the excellent work of McCarthy who threw a fine game and kept the few hits well scattered through the nine innings. Joe was in good form and with any kind of an even break in his support should have had at least one run checked up against him.

In the fielding game for the locals Lister in right garden made several good catches and aided in holding the enemy.

The visitors used Smith, their star ball tosser in the game and he was invincible as far as the Plattsmouth team was concerned and was able at all stages of the game to retire his opponents on strike outs.

The Creighton team is one of the fastest in the state and they deserve all the credit that has been given them as they are fast and clever ball players and their work shows great skill in the national pastime.

The downfall of the locals occurred in the fourth inning of the game yesterday when hit through third followed by a safe drive to center scored one and Smith hit safe to third and on the error of Dwyer registered while the following batter reached first safe when Gradoville at short became confused and was unable to throw the ball to the keystone sack in time.

The fifth again gave the visitors a run when Dwyer fumbled at third and allowed the Omaha runner to reach first from where he was sacrificed and pushed on into the home station.

Frank Gradoville was able to reach second base twice for the locals and died there while Halas in the eighth inning succeeded in traveling to the third sack, but was unable to secure the transportation home.

Mr. and Mrs. William Ossenkopf and son, Marion, and Mr. and Mrs. William Stohlmeyer, Frank Schlafer and August Funke made up a little fishing party that went across the river to the lake. Their catch was an 8 pound and a 3 pound carp which put up a terrific fight and afforded them no end of sport in landing the fish.

Mr. and Mrs. Edward Steinbauer, Henry Hell, Jr., and family and Otto Schleifert and family and Miss Elsie Joehim were guests at the Peter Vogler home in Manley last Sunday at dinner. Mr. Vogler has a beautiful home and he has greatly improved its appearance this spring by painting it and having the interior decorated, the work being done by workmen from Weeping Water.

Lenora Gaebel, the little daughter of Mr. and Mrs. Henry Gaebel, south of town, celebrated her birthday last Sunday by entertaining a number of her little school mates at her home in the afternoon. It was a surprise party and her father brought her to town while the little guests arrived and Miss Lenora was surely greatly surprised and delighted to find them there upon her return.

A dainty lunch was served with ice cream and cake and a very merry time is reported.

Mrs. George Schoeman, Jr., informs us that her sister, Mrs. C. W. Trembley and family of Denver, Colorado, are moving to California and are making the trip overland in their car. Mrs. Trembley was formerly Miss Georgia Delezeny of Louisville. They have two little daughters. Mr. and Mrs. Trembley have been readers of the Courier since they moved to their Colorado homestead a number of years ago and as soon as they get settled in their new home in California, they will send us their address to have the paper sent to them there.

The customers at W. F. Diers' general store are being waited upon by Charles Grassman, who has charge of the grocery department. Charlie is new at the business but takes to it as naturally as a duck takes to water. He recently finished a course at Boyles business college in Omaha, but owing to a depression in business circles in that city, he came home to spend the summer. He is filling the vacancy caused by the resignation of William Gobelman, who is now located in a store in Falls City. Charlie is a splendid young man, well educated and quick to learn and his many friends predict that he will become an excellent salesman and dependable, and will join the Courier in wishing him the best of success.

James Murphy of Manley was shaking hands with old time friends in Weeping Water, Sunday evening, while on his way home with his son Edward from a visit to the farm. Dr. and Mrs. M. U. Thomas returned Monday from a 500-mile auto trip through south central Nebraska. They visited at Edgar with the doctor's brother, Will, who is "under the weather," also visited at Nelson, Hastings and several other towns.

They are enthusiastic about the pleasure of motoring at this season of the year and say that crops look fine everywhere.

B. Taylor received a message Sunday morning stating that his father, Mahlon Taylor, at Dexio, Ohio, was critically ill. Mr. Taylor left on the afternoon train for Ohio to be present and assist in the care of his aged father.

Mr. and Mrs. Sam Baker drove him to Union to catch the afternoon train. Henry Lemke is handling the mail on route one while Mr. Taylor is gone.

Mr. and Mrs. W. L. Hobson and family drove to Lincoln Saturday evening and spent Sunday at the T. F. Jameson home. Mr. Hobson says his sister, Mrs. Jameson, is getting along quite nicely now and had been better the last week than for some time. He drove her over to see Mrs. John Harrison, who has been having a serious time with a gathering in her ear. It was so bad before it broke that she could not hear and at one time they could only commun-

Weeping Water is to have a new grocery store with L. W. Staton and Harold Andrus as proprietors. Every body was busy last Thursday morning at the Marshall building which has been occupied by E. F. Marshall as a car storage and office room. Mr. Marshall was moving out of the front part of the building and S. J. Marshall was vacating the rear which he has used for a store room. Every one was so busy that it was impossible to get any information further than that the building was to be put in order and occupied by Staton and Andrus as a cash grocery store and that the new goods will arrive next week.

SELLS BOOZE CAR

From Saturday's Daily.

Last evening at the Lyric theater was filmed the first showing here of "The Faith Healer," a George Melford production that has proven one of the sensations of the country in the last few years and which ranks with the "Miracle Man" as one of the pictures that will live in many years in the minds of those who witnessed it.

The showing last evening was for the ministers of the city and a few of the persons who are familiar with the film productions of the last year and to pass their judgment on the picture that the Parmelee Theater Co. expect to bring here next month for presentation at their theater.

"The Faith Healer," like the "Miracle Man," deals with the subject of faith and its influence on the mind and body, although in the latter picture more than in the "Miracle Man" is shown the conquering of the physical ills by the faith in the Divine will and in the teachings of the Master. The play is presented by an excellent company with Milton Sills in the role of the healer while Miss Forrest appears in the leading female role of the picture.

The theme of the picture is enlivened by a beautiful love story which is revealed as the progress of the picture takes place.

To see "The Faith Healer" is a duty anyone owes to themselves and it cannot but leave a good impression and the foundation of a deeper faith in the things that come from the Fountain Head of truth. Its teaching is not perhaps the orthodox training of the church but the lessons that it carries with it are good for man or woman and leaves a strong sense of the need of more of the Divine faith in the human heart.
