

HOUSE VOTES TO KEEP DRY AGENTS

Members Doubt If This Will Avail.
As Senate Has to Approve—
More Hospital Funds

Washington, D. C., May 23.—After heated discussion of the prohibition question during which Commissioner Kramer was bitterly criticized and a vigorously defended, the house today voted an additional \$200,000 for enforcement of the Volstead act until July 1.

Representative Volstead proposed the increase in the total of the deficiency appropriation bill to permit retention on federal payrolls of 700 prohibition agents who Mr. Kramer had announced would be dropped for the remainder of the fiscal year because of shortage of funds.

The amendment was adopted, 77 to 33, less than one-fourth of the house membership being present, but another vote can be demanded before the bill is passed.

Even the members who favored the amendment, however, doubted whether it would afford relief in time to be of much value, inasmuch as the bill after passage by the house must go to the senate.

During the wrangling Chairman Good of the appropriations committee, who opposed the Volstead amendment, said Mr. Kramer had violated penal provisions of law by incurring a deficit and "had made himself liable to jail sentence."

"I want Mr. Kramer to obey the law just as much as bootleggers," he declared, adding that \$6,000,000 had been appropriated for prohibition enforcement during the current fiscal year.

As the house milled through the deficiency bill today, a provision for the creation of an office of first assistant secretary of the treasury at a salary of \$10,000 a year and an amendment providing for purchase by the government of \$100,000,000 of farm loan bank loans, were eliminated on points of order.

One provision approved would permit the treasury department to spend any part of the \$18,600,000 appropriation last session to additional hospital facilities for disabled service men in the improvement of existing facilities. The original bill provided that \$12,500,000 was to be expended for new hospitals.

EMERGENCY TARIFF PASSES THE HOUSE

Opponents Predict Retaliatory Action by Nations Against United States Exports.

Washington, D. C., May 23.—The long battle in congress over the emergency tariff bill ended today when the house, by a vote of 245 to 97, adopted the conference report to which the senate had agreed. The measure was sent to the White House where it is expected to be signed soon by the president.

The emergency measure, passed in the closing days of the last session, was vetoed by President Wilson, but immediately re-introduced in the present extra session.

It carries tariff duties on thirty-five farm products together with compensatory duties on articles manufactured from them. It also empowers the secretary of the treasury to employ penalties in staying off dumping of foreign made goods, continues the war-time control over importations of dyes and operates to clarify tangles in the assessment of duties which result from fluctuating exchange rates.

During the long debate, opponents of high tariff predicted retaliatory action by Canada, by South America and by some nations of Europe. Chairman Fordney of the house ways and means committee, which drafted the bill, said, however, no protests had come.

Only a slight flurry of opposition appeared as the bill went into the roll call today. Representative Garner of Texas, democratic member of the ways and means committee, restated the position of a majority of his party and again declared that the bill could do no possible good.

IT IS A FACT!

The business manager of a department store at Evans, Pa., declares: "It is a fact that the customer of foreign extraction usually knows more about music than does his American neighbor and appreciates selections that usually give the native born the blues." That is true also about remedies. Many native Americans like everything only in sweet tablet form, but the Americans of foreign descent know long since that Triner's Bitter Wine is the best remedy for stomach troubles and that it "bitter" makes them better. Of course, the native Americans have learned it now too. It cleans out the intestines and keeps the bowels in regular movement. It acts without griping and makes a man agile.—Joseph Triner Company 1333-45 S. Ashland Ave., Chicago. At all druggists and dealers in medicines.

DEATH OF THOMAS KECKLER

Thomas F. Keckler, one of the oldest and best known residents of Plattsmouth, was called to his final reward on Monday, May 22, following a short illness and the funeral services were held yesterday afternoon at the Christian church at Weeping Water and the body laid to rest in the cemetery near the old home. Mr. Keckler was born March 26, 1854, in Centerville, Cumberland county, Pennsylvania, and at the age of 22 years left the old home for the west coming first to Iowa, where he remained for one year, and thence moved to Falls City, Neb., where he spent a short time and later moved to Denver, where he resided for two years. After his stay in Denver he returned to Falls City and remained there until 1889, when he came to Plattsmouth and settled at Manley, Cass county, where he has since been engaged in the grain business and been one of the leading citizens of that community. To mourn his death there remained the widow, one daughter, Miss Daisy Keckler of Leavenworth, three sons, Eli Keckler of Manley, S. C. Keckler of Arriba, Colorado, Ralph Keckler of Wabash, as well as one brother and three sisters who reside in Pennsylvania.

FORD IS PRODUCING 4,000 CARS A DAY

Present Production Greater than for the Same Period Last Year—
Going Full Speed.

Ford is building cars at full speed. And, according to an official statement from the factory at Detroit, the demand for Ford cars and trucks still exceeds the output, despite the fact that a new high level of production has been reached.

By the first of May the figures representing daily production were in the neighborhood of 4,000 a day, so the May schedule was set at 101,125 cars and trucks, not including the output of the Ford Canadian plant or any of the foreign assembling plants. The output mounted daily; May 12th brought forth 4,092, the greatest number that have been produced in one day so far this year. Since the month has 25 working days, present indications point to a new high record.

A comparison of Ford production figures for 1920 and 1921 discloses the fact that for April, 1921, the output was greater by 34,514 than for the corresponding month of a year ago. The output for May, 1921, will probably overshadow May, 1920, by between five and twenty thousand cars and trucks.

Approximately 42,000 men are at work in the Detroit plant of the Ford Motor company. The factory is operating on full time, six days a week and three shifts a day.

"We were never in a better condition than we are right now," said Henry Ford recently.

SEEK REUNION FOR AK-SAR-BEN WEEK

Festival Officials Co-Operating With Infantry Association Committee—May Be State Affair

A reunion of the Thirty-fourth (Sawtooth) division in Omaha during the 1921 Ak-Sar-Ben festival, to be attended by all former members of that fighting unit, is being arranged by a committee of the Sixth Nebraska Infantry association and the Ak-Sar-Ben officials.

At a meeting of the association Friday night, plans for the reunion were made, and a committee, composed of Frank Whipperman, chairman; William Ritchie and H. H. Dudley, appointed to confer with Charles Gardner, Ak-Sar-Ben secretary.

At a meeting of the committee with Mr. Gardner, Saturday, the plan was indorsed and the aid of King Ak promised to the project. A meeting will be held sometime this week to further the plans, and another meeting of the Sixth Infantry organization is also planned to take up the arrangements.

"We certainly hope to put this across, for it is the first thing of the kind attempted here," Ritchie said last night. "If we cannot get the men from other states who served in the Thirty-fourth at Cody to attend, the Nebraska units who were in it may hold the reunion themselves. At any rate, it will have to be a big affair, and there are several thousand who are expected to attend if it is held."

The Thirty-fourth division was cut up when it went overseas, whole battalions and companies being sent to other organizations. However, as a whole, it suffered about the same number of casualties as did the Eighty-ninth or other major western divisions, according to Ritchie.

DR. BARRITT LOSES CAR LAST MONDAY

Gas Wagon Belonging to Union Physician Taken From Home—Abandoned South of Nebraska City

Sometime Monday evening some party made away with the auto belonging to Dr. W. M. Barritt of Union, driving the car from where it had been parked near the residence of the doctor, to a point some four miles south of Nebraska City where it was abandoned.

The persons who were driving the car had experienced much difficulty in controlling it as they ran into a ditch between Nebraska City and Auburn and were eventually compelled to leave the car there. While the auto party were stranded a car passed by and the occupants offered to aid the persons in the Barritt car but were politely informed that they had better move on and the request was re-enforced with the flourishing of a revolver that caused little delay on the part of the kind hearted helpers in seeking shelter elsewhere.

Sheriff Ed Fischer of Otoe county and Sheriff Charles Davis of Nemaha county were informed of the affair and visited the scene of action but all that could be discovered was the abandoned car and this will be restored to its original owner.

and is busy arranging things and looking after the crops. Mr. Willis was in town looking after some business last Monday and says that on the farm he is finding plenty of work.

Union Also Has a Game.

The team which has been organized at Sciota, a short time ago, played with a second team from Nebraska City at Union last Sunday afternoon with the result that much fun was had and the national game demonstrated. They were a hustling lot of young Americans, for during the game there was some twenty-nine runs made, besides a few errors, but we will pass over the latter, and not take cognizance of them.

Sailed Seven Seas—Now Home

Erwin Galloway, brother of Roy Galloway, living north of Union, arrived at Union last Sunday, having just been discharged from the service which he entered during the world war, and has been visiting at the home of his brother for the past few days. He will visit with another brother living near Avoca and then go to visit with his father, W. A. Galloway, who lives near Plattsmouth. Mr. Galloway, when the war ended, decided to continue his service and remained with the service. He has been around the world. He enlisted and served in the beginning as a member of the coast artillery, and has been in China, Siberia, India, and all the European countries, but is glad to be able to get back to his own America, and Nebraska where his friends and home folks are.

James R. Hunter came in this morning from Casper, Wyoming, where he is employed as storekeeper of the Burlington, and will spend a short time here visiting with his father, who has been very poorly of late and whose condition became such as to cause the son to be called here.

ALAMEDA PROJECT IS REJECTED BY SENATE

Washington, D. C., May 23.—Provisions in the naval appropriation bill for a new fleet base at Alameda, Cal., was stricken from the bill today in the senate.

The vote was forty against adoption and thirty in favor.

Appropriation of \$1,500,000 to begin dredging and excavating for a new supplemental base at Alameda was proposed in the rejected committee amendment. Another provision authorized the government to receive title free to something over 5,000 acres of land near the Alameda site.

A bi-partisan recombination rejected the Alameda amendment. Opponents of the new base contended that apart from the immediate initial preparatory appropriation, it involved obligating the government to expend from \$60,000,000 to \$100,000,000 in the future.

The republicans voting against the Alameda item were Borah, Caper, Cummins, Gooding, Harrell, Jones, Washington, Kenyon, Ladd, LaFollette, Lenroot, McCormick, McNary, Nelson, Norris, Stanford, Townsend and Weller.

Four democrats, Fletcher, Pittman, Smith of South Carolina, and Swanson, supported the Alameda appropriation.

RECOGNIZES TRUE VALUE

At a recent auction held in one of the prominent Omaha stores recently, some talking machines were offered, regular prices of which were \$150 to \$200.

They brought as low as \$30, and a Cass county man who was watching the sale was asked if he did not want one of the "bargains". No, he said, when I buy a phonograph, I want something worth while.

Oh! you want an Edison don't you? They both evidently knew something about phonographs.

CHINA AND GERMANY DECLARE PEACE STATUS

Paris, May 23.—A state of peace between China and Germany has been declared, according to advices here. An agreement to this effect was necessary, as China was not a signatory of the treaty of Versailles, and such an agreement between the two nations, it was said, was signed at Peking, May 20. It puts an end to the state of war and re-establishes diplomatic and commercial relations.
