**Pallbearers at Funeral**

The funeral of Thomas F. Keckler, one of the oldest and best known residents of Manley, was held last Wednesday afternoon at the Christian church in Weeping Water, conducted by Rev. Horn, pastor of the churches at Avoca and Weeping Water. A more complete account of this good man's life appeared in the Thursday issue of the Journal, so it is needless to reproduce it here. The pall bearers were selected from among the friends who had known and respected Mr. Keckler during a long period of years, being Messrs. Wm. Schliefer, David Brann, George Schaeffer, August Keckler, Daniel Bourke and Theodore Harms.

**Manley Playing Ball**

Manley holds the reputation of being one of the official Cass county baseball teams, and certain it is there is no harder hitting or more level-headed bunch of players than the home aggregation. They recently defeated the fast Springfield team by a score of 4 to 2, while the South Bend team went down in defeat by a score of 6 to 2. Yesterday they played at Louisville, but the earliness of our report precludes the score, although it is almost certain that Manley won.

**Attends Graduation Exercises**

Mrs. Charles Murphy attended the graduation exercises of Erusline academy in Falls City last week, her daughter, Miss Anna, having graduated with honors.

**Had Interesting Game**

The second team of Manley and the high school team of Weeping Water played a very interesting game of ball on the home grounds last Thursday. They were still counting scores when the sun went down, and incomplete returns show

the result badly mixed, with the chances unfavorable to either claiming the game.

**Enjoyed Pleasant Evening**

Mr. and Mrs. Aaron Rauth, living southwest of Manley, entertained a goodly number of relatives and friends last Wednesday evening at their beautiful country home. The time was spent with cards and dancing as well as social conversation and near the close of the evening delicious refreshments of ice cream and cake were served. All present were very generous in praise of the genial host and hostess who had provided them with such a pleasant evening's entertainment.

**Kept Under Quarantine**

With the death of our honored citizen, Thomas Keckler, was another regrettable condition, in that the family of his son, S. C. Keckler, were confined to their home at Arriba, Colorado, on account of having the small pox, and were unable to attend the funeral. Mrs. Keckler and the three children were all under quarantine and much as she would have liked to attend the funeral, circumstances prevented her doing so.

**Much Corn Moving**

Will Harms was employed at the elevator of Edward Kelly last Thursday assisting in caring for the large amount of grain which the elevator has been called upon to handle lately. The farmers have been taking advantage of a slack period in their farm work to deliver grain, and especially corn, to the markets over the country, of which local elevators have been getting their full share. The price of corn is now 45 cents a bushel, and with no immediate prospect of an advance many of the farmers have seen fit to dispose of their last year crop or at least a portion of it. The condition of the grain market while not the best, is such as to permit of the farmer sacrificing his crop a little and turning it into ready money, for which there seems to be an unprecedented demand just now.

**Building a Nice Garage**

Everet Wiles, living east of town, was in town Thursday morning with two wagons and took home two loads of lumber from the Frost Lumber company, with which he is having constructed a double garage for his cars. The building will be 14x22 feet and of sufficient size to accommodate nicely his two cars.

**The Manley School Picnic**

The writer chanced to be in Manley at the time and accepted a gracious invitation to attend, enjoying one of the most sumptuous meals it has been our good fortune to partake of in many a day.

Last Thursday brought to an end the school year for District 96—the Manley schools—and the teachers, together with a number of their lady and gentlemen friends, gave the children a picnic in Kraft's park north of Manley.

Various games and a general good time occupied the attention of the scholars from early morning till late evening. During the forenoon the boys played ball and in the afternoon volleyball was indulged in by both boys and girls as well as other out of door sports.

The children of the Manley schools are to be congratulated at this time upon the fact that by various ways of earning money, they were able to raise \$100 of the needed \$100 for the purchase of a slide which they had placed upon the playground, where it is accessible to all. The remaining \$25 was supplied by the men of the town and the slide which is substantial and well built, will give a source of delight to school children here for years to come.

Of the twelve kinds of cake supplied for the event, all of which were of the finest variety there was a contest as to who could eat the most kinds between Messrs. W. H. Frost, A. B. Humble and C. M. Andrus. Mr. Frost, who is a small man, only got as far as seven when he decided he could go no further, but then you should have seen the sandwiches, pickles, potato salad and other things which he tackled first.

A. H. Humble, who is much larger, got as far as the ninth kind and kept talking all the time, offering to run a race with any fat woman in the crowd, but as there were none in evidence, no match was made. Mr. Andrus came off the winner of this unique contest, he having mastered eleven of the twelve varieties when he was suddenly taken with toothache and had to forego partaking of the twelfth.

**FIRE IN WHOLESALE HOUSE.**

The Dolan Mercantile company, Atchison, Kansas, a wholesale grocery firm which has been in business for more than twenty-five years, had a fire a few days ago amounting to more than \$200,000. They have thousands of cases of canned vegetables, canned fruits, canned milk and many other grocery items which have been slightly damaged by water.

The reputation of this firm is such that they do not want to sell these goods to their regular customers and on next Thursday at their warehouse in Atchison, Kansas, they will put these items on sale at bargain prices. If you need only twenty-five cases of canned goods, it will pay you to attend this sale.

**Periodic Bilious Attacks**

Persons subject to bilious attacks at regular intervals know about when to expect an attack. They find that they have no desire for food when an attack is due but usually eat because it is meal time. Skip one meal and take three of Chamberlain's Tablets and you may be able to avoid the attack. Persons subject to such periodic bilious attacks should not drink tea or coffee at any time.
