TWO GOOD FAST BALL GAMES HERE

Eagles Notch Up Pair of Wins by Defeating Kinney Shoe Co. and the Murdock Team.

From Tuesday's Daily.

The baseball fans of the city were treated to two good exhibitions of the national pastime on Sunday and Monday, when Pa Barclay's Eagles trimmed up their rivals, the Kinney Shoe company team, of Omaha, and the Murdock team.

The game on Sunday with the Kinney Shoe company aggregation was the occasion of William Harvey Mason showing some real class as a ball tosser and he was able to keep the visitors guessing the greater part of the game and the contest was won by the Eagles by the score of 4 to 2. One of the runs secured by the visitors was on a home run while an error permitted the scoring of the second tally of the visitors. The Eagles showed speed and class in the contest and Harry Newman, the fast second sacker, covered himself with glory in his stick work that added materially to the success of his team-mates.

The game yesterday afternoon was largely interfered with by the rain at noon and also by the fact that it was held later on account of the services at the Parme theatre. Manager Barclay and the ball team very graciously deferring to the spirit of the day until the memorial services were completed.

The Murdock team had been considerably strengthened since their previous appearance here and made a much better showing against our sterling ball artists but were unable to get anywhere with the game as the final score was 6 to 4 in favor of the locals. Joe McCarthy, who proved a whirlwind on the high school team, was on the mound yesterday and kept the residents of the west side city guessing at all stages of the game and the stick work of the Eagles was much better than that of their opponents. The rain had interfered with the perfect condition of the grounds and did not allow as clean fielding as would have been desired.

The Eagles have so far this season showed excellent improvement and in the new blood that Manager Barclay has introduced has more than made good and before the season is over the city will have a team they can well feel proud of and their judgment in the selection of a manager has been more than justified, as Mr. Barclay is doing his utmost to give the fans a real treat.

STARTS CAMPAIGN ON CARELESS SMOKER

Chief Sandin Recites Enormous Loss of Past Five Years Due to the Incautious Use of Tobacco

Smokers and users of matches caused destruction by fire of over \$91,800,000 worth of property in the United States during the five years, 1915-1919 inclusive, according to Fire Chief O. Sandin, who today started a special campaign the careless tobacco smokers of the city.

"We are not criticizing the habit of smoking," said Chief Sandin today, "but we do censure the careless persons who thoughtlessly cast lighted matches, cigar and cigarette stubs into waste baskets, rubbish piles or other places where combustible material is present."

"Considering that the American public consumes over 7,271,000,000 cigars and more than 42,456,000,000 cigarettes yearly and 700,000,000 matches daily, it is not surprising that we have so many fires from this hazard. The mileage of the cigarette used in the course of a year would stretch a distance almost five times the length of America's steam railroads. This large consumption does not excuse the loss, however, but makes it evident that stringent precautions are necessary.

"Unfortunately," continued the chief, "there is considerable loss of life by burning because of careless employees in factories and other places of business who snatch a smoke when the foreman is not looking. If discovery is threatened, the smoker is likely to get rid of his cigarette, cigar or pipe as rapidly as possible, with little thought as to where it may land."

"There have been numerous cases where fires have started in this way. In one New York shirt waist factory, an operative threw a lighted cigarette stub into cotton scraps on his floor and, as a result of his thoughtlessness, 145 girls lost their lives in the fire and panic that followed.

"There have been a number of serious fires from this hazard in the history of our own city. In fact, smokers are responsible for a greater portion of our fire losses than any other agency except improperly used electricity and electrical appliances. "It is an obvious truth that the American public is constitutionally careless and prone to 'take a chance.' That is the reason we have such heavy fire losses as compared with European countries.

"The proper time to fight a fire is before it occurs, and I am asking employers of the city to enforce their 'No Smoking' rules, and to be more careful themselves. Fire is a community proposition and not a personal one, although there are not many people who realize this fact.

"The way to reduce the number of fires due to the use of matches and smoking materials is to make sure that neither lighted matches nor tobacco embers are ever disposed of in unsafe places. Break your match sticks in half after using them, and stamp upon your cigar and cigarette stubs if you are outdoors. Indoors,

use a glass, metal or china ash receiver. "These precautions are as simple as two and two but if they had been practiced generally during the five years mentioned a large part of the \$91,800,000 fire loss from smoking and the use of matches would have been saved to the Nation."

ANOTHER OLD RESIDENT DIES

Charles Norman Beverage Passed Away Yesterday at Home in This City After Prolonged Illness

The community was called upon yesterday afternoon to part with another of the old and highly respected residents of the city, Charles Norman Beverage, who passed away at his home on West Locust street shortly after 3 o'clock.

Mr. Beverage has been in poor health for the past year and since Christmas has been confined to his home suffering from the malady, hardening of the arteries and which has gradually grown more severe until the last few days when the end of life was clearly foreseen. The patient became unconscious on Sunday and since that time has gradually been sinking until death came to his relief and eased his sufferings.

Charles Norman Beverage was a native of the Old Dominion, having been born in Highland, Highland county, Virginia, November 12, 1848, and grew to manhood in his native state and in 1871, at the age of twenty-three years he came to Cass county and prepared to engage in farming and for several years engaged in the tilling of the soil in the new home. In the latter part of 1879 Mr. Beverage returned to Virginia and in 1880 was married to Miss Kate A. C. Tremble of Monterey, Highland county, Virginia. The young couple then returned to the home of the groom in Cass county, and have since resided here.

To bless the union of Mr. and Mrs. Beverage eight children were born, three of whom, Charles A., Robert C., and Robin, have preceded the father in death and five with the mother are left to mourn the passing of this good man. The living children are Mr. Lizzie P. Satchell, Madison, Nebraska, Fred C. and Alfred M. of near Murray, Miss Ruth B. Hitchman, and Richard E. of Plattsmouth.

For a great many years the Beverage family resided on the farm in Eight Mile grove precinct and in the year 1913, Mr. and Mrs. Beverage came to Plattsmouth to reside having decided to enjoy the declining years from the cares of the farm and have made their home here since that time.

The deceased was a member of the Methodist church, having joined that church in his youth and was also a member of the G. W. M. & L. Lodge of Security lodge of this city.

In addition to the wife and children, four sisters and one brother are left to mourn the death of Mr. Beverage, being Audrey J. Snyder, Mrs. C. F. Valley, Mrs. Alice White, all of this city and vicinity, Mrs. James Gilmore of Llysses, Neb., and Mrs. Audrey Morrow of Burwell, Nebraska.

The funeral will be held tomorrow morning at 10 o'clock from the home and the burial held at the Eight Mile Grove cemetery near the old home.

OMAHA BOOSTERS VISIT THE CITY

Live Wires Advertising the Market City of the West Spend Short Time Here Saturday.

Saturday afternoon occurred the final swing of the Omaha Chamber of Commerce booster trip which took the members of the party through the fruit belt of eastern Nebraska on their way back to Omaha. The party, traveling on their special train, started from Tecumseh early in the morning and passed through Johnson and Nemaha counties to Brownville and Peru and thence into Nebraska City, where an extended stop was made and the visitors given a royal welcome by the residents of that city and the Omaha trade boosters state that it was the most enthusiastic reception they had received on their journey through the South Platte territory.

The party arrived in Plattsmouth at 5 o'clock over the Missouri Pacific and for the course of three quarters of an hour visited among the business houses of the city as each of the large Omaha wholesale concerns had representatives on the expedition. The different tradesmen took the opportunity of visiting the local retailers and the live boosters proceeded in the short time they had to thoroughly advertise the Omaha trade establishments and the fact that the Gate City was the one bright spot in the west for business as well as pleasure.

The expedition was accompanied by the Dan Desdunes band of colored musicians and they afforded the residents of this city with some very lively music for a few moments that served as a most entertaining feature of the trip.

The visit of the Omaha business men out in the state has served to establish closer and more friendly relations between the metropolis and the smaller towns of the state and is the proper spirit to show among residents of the great commonwealth of Nebraska.

Do you know that the Moyer Produce Co. are paying the highest market price for your produce, eggs, and cream at all times? They are permanently located in Plattsmouth and are open on Saturday evenings.
