The house of Hapsburg through the recent unfortunate coup ceased even to be the house of Perhapsburg—but it's still the house of Mishapsburg.

———:o:———

Business men who have over their desks that sign, "1921 will regard fighters" are beginning to far that it refers only to the Dempsey-Carpentier bout.

———:o:———

Free competition is the only assurance that prices will not be exorbitant. If it cannot be obtained any other way the government will be bound to take a hand in supervising trade organizations to make sure they are not operating to the disadvantage of the public.

"It don't take a man long to bag his pants at the knees, and to make a finely tailored suit look thoroughly disreputable—that's the man of it," avers Dainty Dorthy.

But she goes on to explain that the man who is making use of our cleaning, steaming and pressing services is keeping his clothes in much more presentable condition than when he got acquainted with us. And it doesn't cost much, either.

The state department is said to be losing patience with Panama, which has not replied to its ultimatum of May 9, an answer to which was requested "within a reasonable time." But the state department ought to remember that in the latitude of Panama they have a very different idea from our own of what constitutes a reasonable time.

## EXHIBIT SHOWS FINE WORK OF SCHOLARS

**Manual Training Department of the High School Has Very Pleasing Showing of Work.**

The exhibit of the work of the boys of the high school who have been taking manual training during the past year, was held Saturday at the vacant room in the Hotel Wagner block and was one of the most interesting lines of school work that has been shown here and in a line that was entirely new to the public, as this department of the school has only been in operation during the past season.

The young men who have taken this course certainly show great skill in their wood working and many handsome pieces of furniture were constructed by the members of the class that not only speak well for the able instruction that they have received at the hands of Mr. A. D. Bell, teacher in this department, but show great skill on the part of members of the class.

A large writing desk, library table, drawing tables, many hall trees, foot stools and window seats were constructed and many of these are equal to any piece of manufactured furniture that might be purchased on the market today.

This has proven a feature of the high school work that has held many of the boys in school and has trained the hand as well as the minds along the mechanical lines that will be found valuable in their after years and fits them to take up their active work in the world with a trained mind that can adapt itself to the useful arts and trades.

In Mr. Bell, the department has had a very able instructor and his work and association with the young men of the school has made the department the great success that it has been.

## CEMETERY IN BEST SHAPE FOR YEARS

**Not a Little Credit is Due Councilman John C. Brittain, Who Took Personal Supervision of Work**

The residents of the city who visited Oak Hill cemetery Sunday and Monday were much impressed with the excellent condition of the old and new addition to Oak Hill cemetery and the appearance was more than usually pleasing and several of the residents of the city who are familiar with the condition of the cemetery state that it was the best it has been for twenty years.

The energetic work of Councilman John C. Brittain of the fourth ward is in a large measure responsible for the excellent appearance of the burial place of the city as he has devoted a great deal of time to seeing that it was put in the best possible shape and he was present at the cemetery himself Monday seeing that the last touches were put on the grounds and the streets of the beautiful city of the silent.

The placing of the crushed rock on the driveways has done a great deal toward making the streets passible and free from the ruts and bumps of the years gone by and insures that the streets will be passible even in the muddiest of weather.

This year the grass was all cut and removed in time for the memorial day observances and made the cemetery an object of beauty rather than a reflection on the city as it has been in the past when the grass was allowed to grow rankly over the lots and graves.

This is a matter that should bring much pleasure to the residents of the city and it should be the settled policy to see that this good work is kept up in the future in the cemetery.

To Chairman Brittain and the members of the cemetery committee of the city council and Sexton Tulene the residents of the community feel very appreciative for their good work of the last few weeks.

### SOME FINE STRAWBERRIES

The publisher of the Journal is now fully able to vouch for the fact that Julius Pitz is not only a capable and efficient county commissioner, but is just as capable when it comes to growing a high quality of strawberry. This morning we were presented with a quantity of this choice berry and we pronounce them the finest we have seen this season. Accept our thanks, Mr. and Mrs. Pitz.

### RETURNS FROM STUDIES

From Wednesday's Daily.

Miss Lena Hirz, who has been spending the past few months at Kirksville, Missouri, where she has been studying at the Still hospital in that city and completing the course of study in nursing, returned home yesterday. Miss Hirz will spend her vacation here and return in the fall to complete her course and expects to graduate the latter part of next winter as she will then have completed the prescribed courses of study in the hospital which is one of the largest in the west.

**The Moye Produce Co. are now located in Plattsmouth, and are paying the highest market price for your produce, eggs and cream. They have been buying a great deal of produce and meeting with favor among the farmers.**

## PLATTSMOUTH MACHINE TO CANADA

**L. C. Sharp Company of This City Sends Ice Cream Cone Machine to Ottawa, Canada.**

Plattsmouth is getting on the map, as an exporter of high grade machinery, we note on the platform at the depot today one of the large Automatic Ice Cream Cone machines as manufaoctured by our local concern the L. C. Sharp Mfg. Co., the same being consigned by Express to the Capital Lake Cone Ltd at Ottawa, Canada, the machine weighing over three thousand pounds and constituting about as large a shipment by express as convenient for the Express company to handle in one pacgage.

This is the second export shipment of the above concern on these machines one having gone recently to Manchester, England. Orders are also on the books for another for Australia, it is claimed by the makers of these machines that they are the most perfect and efficient machines built for the purpose, having a capacity of making thirty thousand ice cream cones per day, operating by city water pressure and gas, we believe such far reaching orders fully justifies the claim.

The L. C. Sharp Manufacturing Company are exceptionally busy at this time, having on hand a large order for their Hydraulic butter cutters, which are being distributed by the Messrs. A. H. Arnold and Brother, a large Creamery Supply house of Chicago.

This is the class of work that is of interest to our people as it means bringing in entirely new people and money into the community and also means that Plattsmouth is being advertised by its excellent work as well as nationally through the trade journals in which the company advertises.

Mr. Sharp states that several additional lines of heavy machinery are now in shape for manufacture all of which would employ probably about one hundred first class mechanics, the trouble at present being the difficulty of securing the necessary capital to erect the modern manufacturing buildings which has been under contemplation for some time and for which the property has been reserved the cost of these improvements being estimated at $250,000.

The cash weekly disbursements of the L. C. Sharp Mfg. Co., here have exceeded one thousand dollars per week for the past year this being expended for labor and materials, this concern does not receive any work or money from the community whatever, all of which is brought in from elsewhere.

The specialties of this company are the development and manufacture of labor saving tools and machinery and in which capacity it has long enjoyed a wide reuptation.

We are certain the community extends its wishes that the activities of this useful enterprise in our midst may be able to accomplish the high aims it has set out to attain.

### FUNERAL OF MRS. BECKMAN

From Wednesday's Daily.

The funeral of the late Mrs. John Beckman was held Sunday afternoon at the home of her parents, Mr. and Mrs. John Wiles south of the city, conducted by Rev. E. H. Pontius, pastor of the United Brethren church of Mynard, who spoke words of consolation to the bereaved family and held out to them the comforting words of the Savior of the life to come when partings should be no more.

The body, which had come from the home in Phoenix, Arizona, was laid to rest in the Horning cemetery amid the scenes where the departed lady had spent her girlhood days.

### CARD OF THANKS

The sympathy and assistance that has been given us in our hour of sorrow at the loss of our loved one will never be forgotten as long as life shall last and to these kind friends we desire to express our deepest appreciation of their kindly acts. We also wish to thank those who were so generous with the beautiful floral offerings. John Beckman and family, John Wiles and family.

### CAMPING SEASON ON

From Tuesday's Daily.

The camping season is at hand. Sunday and yesterday large numbers of Plattsmouth and Omaha people hied themselves away to the cool spots of Cass county, many going to the Cedar Creek lakes to recreate and enjoy themselves angling for the elusive bass and other fish of which the lakes are well supplied this year. Others drove to the sand pits around Louisville and the state fisheries a little further up the river. There are a number of camping parties at Cedar Creek and the grove resembles a small tented city. An equally large number of Omaha people drove to the lakes on the north side of the river near LaPlatte, where they enjoyed picnic lunches in the open.

### SUNDAYED AT PITZ HOME

Wm. Atcheson, ex-county commissioner, of Elmwood; Henry Miller, who served in the same capacity, and Mrs. Miller from Alvo; Chas. Heebner, also ex-commissioner and Mrs. Heebner, and nephew, from Nehawka, all spent last Sunday at the home of Mr. and Mrs. Julius Pitz, just south of the city. The day was a very pleasant one for all.
