(My Commission expires Mar. 25, 1926.)

Fishing Very Popular.

The fishing grounds at and near Meadow, where there are some lakes that make a good fishing place, is being attended by large numbers of people. It is reported that on last Sunday from Omaha and other places surrounding there were as many as five hundred people who had come with a rod and line for the pure sport of catching the foxy fish, and that they were all rewarded by a good catch. Thursday of this week, some dozen of the lover of this sport from Murdock and vicinity went and were rewarded by a catch of 191, they being Messrs. I. G. Hornbeck, Lacey McDonald, E. W. Thimgan, John Gakemeier, Gust Gakemeier, Ralph Rager, J. E. McHugh, Chas. Rau, A. J. Bauers, Harry Gillespie, H. W. Tool and Ed. Rnu. With the poles and lines swishing through the air and this dozen young men intently watching their corks bobbing in the water, it would have been a sport to see them landing the sparklers, until with one hundred and ninety one, they thought they had enough sport for the day and returned home with their immense hatch. Twenty were given as a present to the writer for the Journal, and which we can testify made some excellent eating. Thanks boys for the kindness and the fish.

Entertained Kensington

The ladies of the Royal Neighbors Kensington club were royally entertained by Mrs. J. Johansen at her home last Thursday afternoon when there were a large number of the members present. The afternoon was very profitably passed with the work which the ladies have on hand and a most pleasant sociable hour which was climaxed by a very delightful luncheon which was served by the accomplished hostess.

Sunday Base Ball.

Considerable agitation has been made regarding the matter of playing ball on Sunday. This is a matter in which the state took up the proposition and enacted a law which puts the matter up to the locality where the game is to be staged. The matters of playing or not playing to be decided by the majority of the people constituting the city or precinct where the games are to be played. Why so much stress is placed upon ball when there are many places where craps are shot, much more to the detriment of the community, and the youth.
While base ball is a noisy game and played as an out doors sport, are not saying that it should be played on Sunday but it is sure not attended with the harmful results as the secret crap shooting. For at the game of ball all is open and above board.

Will Hold Medical Meeting.

The physicians of Cass county are to get together in a county medical meeting which is to be held in Weeping Water on June 20th, and which much good is expected as the practitioners will get together and discuss the matters which pertain to the best practice.

Celebrates Fortieth Birthday

Sunday, May 29th, being the anniversary of the birth of Fred Klemme, a number of their friends and neighbors collected at the Klemme home and very appropriately celebrated the passing of the vent. A most splendid time was had and sociability reigned supreme. The afternoon was spent in visiting and exchange of view in current topics. John Bornemeier was made orator of the day and made an address on the better condition of things for the community. The large crowd were very interested. Those to be present and enjoy the occasion were John Bornemeier and family, August Klemme and family, Henry Bornemeier and family, Harry Davis and family, Henry Klemme and family, besides the host and hostess and family, making some twenty-five who sat down to the sumptuous repast which was served.

One Way to get Big Mileage Regularly

The importance of gasoline with a complete chain of boiling point fractions

You wouldn't expect to light a green stick with a match. Yet some gasolines are like green sticks. They neither ignite quickly nor burn up completely—because they lack sufficient low boiling-point fractions for kindling, and have too great a proportion of slow-burning elements.

Straight distilled gasoline possesses the complete chain of boiling points which assures quick ignition and practically instant, complete combustion. Every bit is converted into heat and power—gives bigger mileage per gallon than slow-burning mixtures, or less carefully refined gasoline.

Red Crown Gasoline has a complete chain of boiling point fractions. Red Crown Gasoline is straight distilled gasoline. It meets all specifications required by the United States Navy for motor gasoline. It has a complete chain of boiling-point fractions—low, medium and higher boiling-point fractions—which, in right proportion, assure big power and big mileage. It is uniform and dependable wherever you buy it.

How to get better results at less cost
The way to get mileage and power economically, to escape carbon troubles, to have a spry, quick-starting engine, is by perfect adjustment of the motor to the fuel used. This can only be secured by using gasoline that is UNIFORM—gasoline you can get wherever you are—gasoline that gives a lean, dry, powerful mixture under all weather conditions. Use Red Crown Gasoline.

Authorized Red Crown Dealers Everywhere
Wherever you go you can always get Red Crown Gasoline from reliable, competent and obliging dealers. The gasoline and motor oils they sell make motor operation more economical and more dependable. They are glad to render the little courtesies which make motoring pleasanter. Drive in where you see the Red Crown Sign.

STANDARD OIL COMPANY OF NEBRASKA

RED CROWN GASOLINE

The lumber required to build the large Gothic stock and hay barn shown on our calendar for the month of June can be bought for \$2,050.00.

We have complete plans and specifications for this building, the exact size of which is 36'-0" by 80'-0" and will be glad to go over these plans with anyone at any time.

Landholm Auto Co.,
MURDOCK -- -- NEBRASKA

No Economy to Wait!

Your buildings are depreciating to a much greater extent from lack of paint than any gain which can possibly come thru waiting for lower prices of material and labor. We have come clean on this readjustment business and our prices are as low in proportion as those prevailing on farm products today.

The protection of your building (interior and exterior) by painting is a matter of great importance and is your cheapest and best insurance. Then why wait longer, when putting the matter off will cost you more in depreciation than you can even hope to save?

Let Us Furnish You Estimates on the Cost of Protecting Your Property.

Murdock Mercantile Co.,
Murdock, Nebraska

Will Hold Election Saturday.

The consolidated district which is and has been in existence for the past year, will be voted upon at an election which will be held in Murdock, Saturday evening of this week, June 11, for the dissolution of the district.

Are Forming Orchestra

The church at Murdock is forming an orchestra and chorus, which will furnish music for the church in their program which is to be given at the Callihan church on Sunday, June 19th, and will also furnish music for the picnic which is to be held at the Callihan church on Thursday, June 30th. The orchestra is to be composed of Chas Long, who is the director and will play the cornet, Edna Miller, pianist, and Elmer Miller violinist. The childrens day program which for Thursday, June 30, will be given jointly by the church of Callihan, Louisville and Murdock at the Callihan church.

Friends Celebrate Silver Wedding

Mr. and Mrs. Peter Lenhard were the victims of a pleasant surprise Saturday evening, when about 75 of their relatives, neighbors and friends drove up to their home and announced that they had come to help celebrate their silver wedding anniversary. The whole affair had been kept secret and was as complete a surprise as the guests could wish. A pleasant evening was spent in visiting, music and games. A mock wedding was given after which they were showered with well wishes for many more years of happiness and joy.
At 12 o'clock a fine luncheon was served and the table was graced by a large cake beautifully decorated. The bride was asked to cut it and found it to be made of pasteboard.
Mr. and Mrs. Lenhard received many pieces of silverware which they will cherish through the future years as a gift of love and affection.
At a late hour the guests departed and they were all invited to a second celebration in another 25 years.

Date Slightly Mixed

When we stated in last week's Murdock news that the special election for the purpose of voting on dissolution of the consolidated district would be held on June 12th, we were slightly in error. It happens that June 12th, falls on Sunday, and of course everyone knows no election could be held on that day. What we should have said was June 11th—Saturday—from 7 to 10 o'clock p. m. The new plat seems agreeable to a large majority and there is little doubt but that the dissolution issue will be readily carried at the forthcoming election Saturday night. The holding of it during the evening hours will enable the farmers to get in to vote if they wish, which some couldn't do in the daytime as the busy season in farm work is fast approaching.

The Moyer Produce Co. are now located in Plattsmouth, and are paying the highest market price for your produce, eggs and cream. They have been buying a great deal of produce and meeting with favor among the farmers.

Your ad will carry punch if you write it as a plain "selling talk" instead of trying to fuss it up with frills and exaggerations.

The Best Service!

That is it, we serve the best in the matter of home decoration, papering, painting and varnishing. No job too small for our consideration; none too large for us to estimate.

See us for figures and estimate of cost. We are here for service.

H. H. LAWTON,
MURDOCK -- -- NEBRASKA

June Brings Much Work!

The recent rains have insured a good crop of small grain, which has been a little behind, and which is now rapidly maturing. The corn also is making rapid strides.

This is bringing much work in June. The best of machinery is needed for caring for the crops in this busy season.

See us for what you are needing. We are able to care for your wants. Cultivators, or any corn working machinery, hay making machinery and what is needed for the harvest. Binders, harvesters, twine and all that is required to care for the harvest.

We are handling gasoline and motor oils also.

WM. GEHRTS,
The Implement Man
MURDOCK -- -- NEBRASKA

Are You Caring for the Cars?

You know that the autos cost when you purchased them, are you caring for them in order that they will last? We are doing expert repairing what is reliable, and keep the cars from deteriorating.

Our supply of accessories and auto supplies is complete. See us for the best work and best cars.

ED. W. THIMGAN,
The Automobile Man
