Assets

That Interest Everyone!

What are the greatest assets of every community? They are the children of the community.

There is but one way to make the most of these assets and that is by education.

Keep them in school and start their economic education by opening an account for them in this bank. Teach them to save and they will have the principal element of success ingrained in them.

We welcome Children's accounts.

Miss Golda Beil at Rest. Last Friday witnessed the paying of the last sad rites over the remains of one of the most popular of young ladies in the vicinity of Union, when the body of Miss Golda Beil was consigned to the last resting place, there to await the trumpet of the Angel of the resurrection.

Miss Golda, who was a very lovable young lady and popular, had gone to her room where she was found after a short time by her mother with a bullet wound in her breast, and in a dying condition, expiring before anything could be done for her. While the circumstances look like they might point to her having taken her own life, her relatives and close friends cannot find any grounds to found such a belief, and are certain the death of this estimable young lady was the result of an accident. Many of her friends and neighbors came to pay their love and friendship in the celebrating of the last sad rights, when her form was consigned to the tomb to await that glorious dawn when the graves shall give up their dead. The funeral services were conducted by the Rev. W. A. Taylor, their pastor and a very close friend of the family.

A. K. Austin Has Had Accident. While the veteran tin smith and roofer, Mr. A. K. Austin, was making some repairs on the roof of the bank of Union, he in some manner slipped and fell from the roof to the ground below, a distance of some sixteen feet, with the result that he suffered a fracture of his collar bone and a number of ribs. Mr. Austin had his injuries dressed by the family physician and while he has been suffering considerably since, is getting along as well as one could expect. The first of the week he was able to move in his bed slightly, but it was with considerable suffering.

Makes Purchase of Car. R. D. Stine last week made the purchase of a car and drove as far as the end of the pavement at Plattsmouth and returned home without an accident. L. Graves. The meeting is to be held on Saturday evening of this week, June 11, 1921.

Has Made Home Beautiful. The already beautiful home of Mrs. B. A. Taylor and her daughter, Miss Elsie, has been rendered much more so by the recent painting which has been given the place by Earl Merritt the painter and decorator. The place, since he has completed the work, is indeed a most beautiful home. The house has been painted a snowy white with the reflection of the sky in the blue of the porch ceilings, and with the green of the trees surrounding the home, make it indeed a very pretty picture.
