KNIGHTS TEMPLAR LONG IN EXISTENCE

Mt. Zion Commandery is Nearing Its Fiftieth Mile Stone—Was the Fifth Formed in State.

The organization of Mt. Zion Commandery, Knights Templar, followed closely the formation of the grand commandery of Nebraska and the commandery at Plattsmouth was the first to be chartered outside of the four charter members of the state organization which held its first convocation at Lincoln June 19, 1872.

The Plattsmouth commandery on being brought into being was given the title of one of the holy mounts, that of Mt. Zion, and was soon well established in this important part of the Masonic work. The first officers selected numbered many of those who have since grown famous in the Masonic work of the state and were as follows: D. H. Wheeler, Eminent Commander; H. D. Hathaway, Generalissimo; E. T. Duke, captain general; R. R. Livingston, prelate; J. Vallery, Jr. treasurer; J. N. Wise, recorder; F. E. White, senior warden; John W. Marshall, junior warden; John Aunty, standard bearer; Robert Ballance, sword bearer; Alonzo Cunningham, warder; M. B. Cutler, captain of the guard.

The officers of Mt. Zion commandery for the ensuing year are as follows: Luke L. Wiles, eminent commander; Emmons J. Richey, generalissimo; Ralph J. Haynie, captain general; John W. Crabill, excellent prelate; Raymond P. Westover, senior warden; Alfred D. Caldwell, junior warden; Philip Thierolf, treasurer; William F. Evers, recorder; Emil J. Weyrich, warder; Harry C. Leopold, sword bearer; Fred P. Busch, standard bearer; Oliver C. Hudson, sentinel.

The members of the Plattsmouth commandery have occasioned poets of the highest honor in the Masonic circles and two of their members are now officers of the grand commandery of the state, Hon. Francis E. White, grand recorder and James M. Robertson, grand captain general.

The commandery has a membership of ninety and its regular meeting is held on the first Wednesday of each month.

LAD SUFFERS VERY SERIOUS INJURIES

Six-Year-Old Son of Mr. and Mrs. Homer Campbell of Near Murray, Kicked in Head by Horse

From Saturday Daily. A very serious accident occurred last evening at the home of Mr. and Mrs. Homer Campbell two miles east of Murray and which resulted in a dangerous if not fatal injury to the little six-year-old son of Mr. and Mrs. Campbell.

The little boy was playing around the yard and one of the horses that was near the boy suddenly kicked and the hoofs of the animal struck the head in the head, knocking him unconscious and inflicting a dangerous wound. The injured boy was hurried to the office of Dr. B. F. Brendel at Murray and after a brief examination it was found that the lad had suffered a very severe fracture of the skull and his condition was very serious. He was hurried by auto to the Fenger hospital at Omaha, where a further examination will be made and all possible done to save the life of the injured boy.

Reports from the hospital this morning state that he is still in a semi-conscious condition and that an x-ray examination will be made at once to fully determine the extent and seriousness of the injuries, but they are severe enough at the best to make the case very dangerous.

GOVERNOR PROCLAIMS FLAG DAY

June 14 of the present year will be the one hundred forty-fourth anniversary of the adoption by congress of the flag of the United States. The day has for many years been observed by the people of this and other states as Flag day.

The flag, when properly displayed, is not only a thing of beauty, but is significant in its every feature. The stars, forty-eight in number, set in a field of blue, represent a union of many in one. As we look upon it, we behold a mighty continent, stretching from the dominion of Canada to the gulf of Mexico and from Maine to California.

It means protection to the United States, to Alaska, to Hawaii, the Panama canal zone, Porto Rico, the Philippine islands, the Samoan islands and Guam—3,743,000 square miles. In addition to this is the open sea. Wherever a craft of any description sails in whatever sea, ocean, gulf or lake, carrying at her mast-head the stars and stripes, the ship, her crew, passengers and cargo have the protection of the United States. Our army and navy are pledged to the defense of everyone under its folds.

You may read in the flag the heroism of the men and women of '76; you can hear Keys, the patriotic poet, as he sings of the star spangled banner; you can see it flying in the storm as it is carried at the bow of a frail craft by Washington while crossing the Delaware; you can see it as it so proudly waved at Yorktown while Washington received the surrender of the English troops at the hand of Lord Cornwallis; you can see it on the plains of Flanders and the hills of the Rhine; you can see it now as it is fanned by every breeze and kissed by the sun-light of every clime. It is our flag; it is your flag and my flag. "Make way for liberty," is its proclamation and where the principles it represents are accepted, peace and prosperity follow.

In consideration of these facts, I proclaim Tuesday, the fourteenth day of June, flag day. Let the flag be displayed from every school house, from every institution of learning, from places of business and from our homes, and let its history be taught by teachers and parents, by recounting the sacrifices made in the defense of the liberty which we enjoy and the principles underlying the foundations of our government.

Given under my hand and the great seal of the state of Nebraska this, the second day of June, 1921.

SAMUEL R. MCKELVIE, Governor.

"The big reductions last fall were made in anticipation of low material costs, which we are now getting the benefit of, and this fact, together with increased manufacturing efficiency and the unprecedented demand for Ford cars, particularly during the last three months, permitting maximum production, have made another price reduction possible immediately.

"Ford business for April and May, 1921, was greater by 56,633 cars and trucks than for the same two months in 1920; in fact, the demand has been even greater than the supply, so that our output has been limited, not by unfilled orders, but by manufacturing facilities.

"During May we produced 101,424 Ford cars and trucks for sale in the United States alone—the biggest months in the history of our company—and our factories and assembly plants are now working on a 4,000-car daily schedule for the month of June.

"The Fordson tractor is still being sold at less than the cost to produce on account of the recent big price reductions, and it is impossible, therefore, to make any further cut in the price of the tractor."

Can you afford to go without a car any longer, when Fords are selling at these new low prices? There is no reason now why you should delay purchasing a Ford car, Ford truck or Fordson tractor.

We will gladly advise you concerning the delivery of a Fordson tractor or the particular type of car in which you are interested. Just phone us or drop us a card.
