

# Nehawka Department!

Prepared in the Interests of the People of Nehawka and Surrounding Vicinity Especially for the Journal Readers.

A source of the best service is the Nehawka bank.  
 Better have a bank account and pay by check. It is far the safest way.  
 Homer Tesor of Riverton, Ia., is spending a few days with his brother, Truman Eysor.

Safe, sound and serviceable, is the best interest of the community, is the Bank of Nehawka.  
 D. C. West was in attendance for a few days at the bankers convention which was in session at Omaha last Thursday evening.

Gust Hanson and family were visiting in the county seat last Tuesday, making the trip in their auto, and were looking after some business.

Fred McLaughlin of Chicago and a friend of Nelson Berger, was a visitor in Nehawka and guest at the Berger home last Friday evening and Saturday.

See the land ad of F. H. Resnik in this issue. He is making some very fine offers for Cass county land. No use to run to the end of the world for bargains.

Herman L. Thomas and family with their auto, were visiting last

Friday evening at the home of Ralph Johnson, living near Murray, and on one of the farms of Roy Howard.

Do not guess whether an investment is worth while or not. In these days the risk is too great; better consult, before making the investment, with the Bank of Nehawka.

Wm. Hicks, Glen Whitman, Peter Whitman, and Leland Hodge were looking after some business matters in Plattsmouth last Friday afternoon, making the trip in their auto.

The Switzer Brothers just disposed of a new lighting plant which is to be installed in the new home which is at this time being constructed on the farm of Paul Wolph near Avoca.

Frank P. Sheldon and Grover Hockack of the board of education were looking after some business matters regarding the school, at the office of the county superintendent of schools at Plattsmouth last week.

John Schwartz, who has been at St. Joseph at a sanitarium, where he has been receiving treatment for some time, returned home last Friday and reports that he is feeling much better since taking the treatment.

Mrs. V. F. Sheldon, who has been visiting at Elmwood at the home of her sister, Mrs. R. C. Alford, for the past few days returned home last Friday. She was accompanied on her visit with her children Vilas, Jr. and Jane.

Miss Hazel Carper and Gladys Rhoden were assisting in the work of getting on the mails at the Sheldon Manufacturing company last week, as there was much work to do in the advertising campaign, which they have on at this time.

The Triangular Sunday school class of the Methodist church enjoyed a very delightful picnic last Tuesday evening, when some thirty of them went to the grove where they enjoyed the evening greatly, with games and ate their supper in the open.

J. L. Smith departed during last week for Bloomfield, where he is going to assist in the farm work on his brother's place during the rush, incident to the completing of the corn cultivation and the caring for the harvest of the small grain.

Mrs. Charles Adams was a guest at the home of Mr. and Mrs. C. A. Resnerus for a few days during the last week. On Tuesday, Mr. Adams drove up in their car to take

Mrs. Adams and the children up for a visit there with old time friends.

The "Busy Workers" Sunday school class of the Methodist church, on last Wednesday evening, met at the church and then repaired to the grove of D. C. West, where they enjoyed a very pleasant evening and ate their picnic supper, all declaring that the time was well spent.

Mrs. Nick Klausens, who has been in the hospital at Omaha for some time, is now reported as doing nicely, and will be permitted to sit up in a short time, and it is hoped by her many friends in Nehawka that the time will not be long until she will be able to return to her home here.

W. S. Steele, Nick Klausens and W. B. Dale are making the work of changing the residents of John T. Dale into a more convenient and better home, the workmen are making some very important changes in the home which will enhance the enjoyment of living there by Mr. Dale and family.

John Straight of Chadron, was a visitor in Nehawka for a short time last Saturday and a visitor with his wife, Mrs. Wynne Aokley, one of the efficient salesmen in the Sheldon department store. Mr. Straight has been over in Iowa for a short time, called there by the death of his son, who was buried last Thursday.

Finely situated in the community, whose business enterprises are on a substantial foundation and this is made more sure when the financial institution which looks after the welfare of the community is sound, as in the case of the city of Nehawka. Remember the Nehawka bank is looking after the interests of the whole community.

G. W. Virkin of Syracuse, accompanied by Walter Minner, were in Nehawka a short time last Friday, while on their way from Murray to their home in One county, where they had been for a business which they had left when moving, and which they are now needing, as their harvest is large and about ready for the sickle.

Mrs. Carl Stone, who has been at the sanitarium at Lincoln for the past several weeks, was able to return to her home last Friday and is making some very substantial improvements. Mr. Stone was expecting to go to Lincoln for Mrs. Stone, but on account of the excessive downpour of the rain last Thursday evening was prevented and Mrs. Stone came home via the train.

### Not the Least Pessimistic

Carl Stone, who conducts a farm just outside the precincts of Nehawka, speaking of crop conditions the other day had to say that the rains were in the pink of condition at this time and that he did not see how things could be better, but he thought that the crops as far as the June promise was concerned were ideal. Sure this county is new looking land and one would be hard to please who would want to go elsewhere while things look so nicely here.

### Masons Install Their Officers

At the meeting of the Masons last Wednesday at their hall, after the regular order of the business of the evening had been concluded, they took up the matter of installing the officers which had been selected for the coming year's service. The newly elected officers were installed with due gravity and the beautiful ceremonies which prevail with this excellent society. Those who had been selected for the positions for the coming year were: Max E. Balfour, worshipful master; J. A. Magney, secretary; D. C. West, treasurer; Robert H. Chapman, senior warden; John Lidsett, junior warden; Charner Switzer, senior master; P. A. Slumaker, junior deacon; Rev. E. C. Moore, chaplain. Paul Pollard, Tyler; H. L. Thomas and A. C. Anderson, stewards.

### Celebrated Children's Day

The celebration of children's day at the Methodist church yesterday, was a very pleasant event. A delightful program, teaching the part of the children's in this land, in which was incorporated in every exercise and the lessons which they taught were ones which will have lasting influence on their lives, as well as be a source of help to those needing the relief which the willing hands of the children can give. The work of training the children for the occasion has largely fallen on the shoulders of the pastor and his wife.

### Administer Baptismal Ordinance

At the Methodist church last Sunday evening the Ordinance of Baptism was administered to four candidates who were becoming members of the church at Nehawka. The ceremony of administering the sacrament was in account with the ritual of the Methodist church and was a very impressive ceremony. Those to receive the ordinance of baptism were Miss Ruth Ann Sheldon, daughter of Mr. and Mrs. Geo. C. Sheldon, and a son of Harry Nelson, as well as two children of Mr. and Mrs. Conrad Johnson.

### Shipped Car of Cattle

A. F. Boedeker shipped a car of cattle to the South Omaha market last Thursday and was with them on the market last Friday, they selling among the best as they were a good cattle as were ever shipped from Cass county, and notwithstanding this fact, they sold for less than eight cents per pound. This fact is difficult to reconcile with the prices at which many of the things are now

## Cigarette

To seal in the delicious Burley tobacco flavor.

## It's Toasted

cilling, which have to be purchased with the same money.

### The Nehawka Chautauqua

A committee of the enterprising citizens of Nehawka have gotten the matter of the coming chautauqua moving, and have the advertising matter out, and have promises of good attendance. They have secured a company putting over good entertainments and will take good care that every provision is made for the caring of the crowds which they are hoping to have. The chautauqua will open with the 16th day of July on Sunday and continue for four days.

### An Excellent Milk Cow

I have for sale one pure bred 2 year old, registered Jersey cow, first calf fresh two weeks. Not a better cow in Cass county. If you want a cow you can do no better.

JULIUS RHEIMAN, Nehawka, Neb.

### The World at a Glance

Not alone the world at a glance, but for a study as well, is the way that R. B. Chapman and Nelson Berger look at the matter of the meeting of the Masons of the Shriner's of the Masons, from the better portion of the known world. They had in the parade, which was sufficient to fill the streets of the Iowa capitol city, had the opportunity to study the wide world at a glance. They say they never saw so much in their lives and never expect to again. The streets of Des Moines were filled with people from all parts of the United States, and some from foreign countries.

### Gave Miscellaneous Shower

Mrs. B. Wolph and daughter last Thursday afternoon gave a very delightful afternoon at their home southwest of Nehawka, to a large company of the friends of Miss Ethel Roush in a miscellaneous shower of that estimable young lady, whose wedding was to be the second day following. The merry crowd joyfully enjoyed the pleasant afternoon at the beautiful country home of the Wolphs. Many and beautiful were the presents which were given and the hearty greetings extended for a most happy, prosperous and serviceable life for the bride-to-be.

## MUST DEVELOP THE OIL FIELDS

### Phelan Report Calls Attention to Neglect of Situation in the Mexican Area.

Washington, June 17.—T. A. Phelan of the shipping board staff, argues in his recent report on the Mexican oil situation transmitted to the "Inquiries" committee that since the broken oil field in Mexico "is fast going into salt water," the American government "either directly and by co-operation with American capital at once proceed immediately to develop oil fields" in that country, adding:

"That the potential production of Mexico is almost unlimited is beyond question."

Mr. Phelan discusses at length conditions in the present field and presents the following under the head of "Recommendations":

"Inasmuch as the consumption of oil in the United States increased from 200,000,000 barrels to 500,000,000 barrels in ten years, it is certain that this country will have to depend upon foreign oil and principally Mexican oil for fuel purposes in the future."

"As the American merchant marine is fast going into fuel oil, it is necessary that this supply be assured. This means that the American government enter directly and by co-operation with American capital at once proceed to develop oil fields in Mexico. That the potential production of Mexico is almost unlimited is beyond question, but the proposition should not be delayed until after the present fields are exhausted. It takes years of time and a fortune in money to develop an oil field."

Mr. Phelan's report, under date of June 15, was prepared by direction of Rear Admiral Benson, former chairman of the shipping board and transmitted to Chairman Porter at Mr.

## CONGRESSMAN DIES FROM HEART MALADY

### Was Opposed to Draft Law and to Landing United States Forces Overseas.

Washington, D. C., June 16.—Representative W. E. Mason, 70, of Illinois, died here early today from heart trouble.

Although Representative Mason had been suffering from a heart attack for several days, his condition yesterday was reported as showing improvement and death came unexpectedly after a sudden relapse. He formerly was a member of the senate.

Seven grown children and the widow survive. One of the sons, Lowell B., was associated with his father in the law business here. In June, 1917, Representative Mason attracted considerable attention in the house of representatives when he declared he would offer a bill to repeal the conscription law or amend it so as to provide that conscripted troops should not be sent abroad without their consent.

Mr. Mason was born in Franklinville, N. Y., and when he was eight years old he moved with his parents to Bentonport, Ia., where he received his preliminary education at the Bentonport academy.

## TIRES! TIRES!! TIRES!!!

We are selling tires at a very low price, that are of the highest quality and guaranteed to give the best of service. Our stock of electrical fixtures and supplies is well filled with attractive goods at right prices.

## The Nehawka Mills,

C. D. St. John, Propr. NEHAWKA -- -- -- NEBRASKA

When 16 years old he began teaching school in Bentonport. Later he began the study of law. Moving to Chicago, he was admitted to the bar in 1872. In 1873 he was married to Edith White of Des Moines.

In 1879 he was elected to the general assembly; to the state senate in 1881; to congress in 1889; was defeated for re-election in 1892 and was elected United States senator in 1879. In 1916 he was elected representative at large from Illinois.

An extensive line of high class stationery on hand at all times at the Journal office.

Tablets, note books, pencils, etc., for the school children, may be had at the Journal office.

**R. F. Erwin Regarding His Troubles**  
 "A year ago last winter I had an attack of indigestion followed by biliousness and constipation. Seeing Chamberlain's Tablets so highly recommended for stomach troubles, I bought a bottle of them and they helped me right away," writes R. F. Erwin, Peru, Ind. If you have any trouble with your digestion give these tablets a trial. They will do you good.

NEHAWKA -- -- -- NEBRASKA

## Lumber Prices Smashed

### Surplus Stock For Sale

We offer a limited quantity of 2x6 Douglas Fir in lengths ranging from 2 feet to 22 feet at greatly reduced prices.

In our manufacturing we use only the best, select lumber, so in our sorting operations accumulate a considerable quantity of lumber each season that while not satisfactory for our purposes is still very serviceable for farm and general use.

It is this surplus stock we have to offer. You will find it very satisfactory for general repair work about the farm, such as mending or building barnyard fences, stable flooring, partitions, hog-house flooring or hog fence, heavy yard gates, bracing, well curbs, platform, farm bridges, corn cribs, etc., and for use in part in the construction of durable sheds, barns and many other purposes.

### Sidewalks Built To Order

As this lumber makes exceptionally good stock for board sidewalks we are prepared to supply it out to any lengths desired, from 2 to 4 feet. We will also assemble and build in complete sections sidewalks of this stock to meet your special requirements at small extra cost.

### Stock Going Fast—See Us Now

We are not in the regular retail lumber business and have only the one dimension (except length) and the one kind, namely, 2x6 Douglas Fir lumber to offer. As stated, this lumber is not the best, select grade, but is stock not satisfactory for our use, though still very serviceable for general use and the low prices quoted should move our accumulated stock very quickly.

Come in and inspect it to your own satisfaction. Take it home with you in any quantities you desire, from a few sticks to a truck load. Act quickly if you want any—for our stock will move fast at these prices.

2x6 DOUGLAS FIR AT \$25 to \$35 Per M

These prices are F. O. B. our factory, but we will deliver by Special arrangement.

## LANDS FOR SALE!

80 acres in Cass county, all good farming land, and a snap at \$175 per acre. Can carry one-half back on land. A snap; no building.

Also 100 acres, no improvements, but all can be farmed.

60 acres, no improvements. Best of land, and all can be farmed.

## F. H. RESNIK,

PHONE 95 Nehawka -- -- -- Nebraska

*Polarine's double duty*  
—and twin economies

Lubricating oil must do two things—enable the engine to deliver maximum power—protect every bearing and engaging part against wear.

The quick, complete combustion of fuel generates maximum power. But it requires a gas-tight oil seal between piston rings and cylinder walls to hold this power to its work.

And to get maximum work every bearing and engaging part must offer the least possible resistance to movement—must stay in perfect fit and alignment, cushioned against wear and friction by a protective oil film.

Polarine meets every requirement. It maintains its body and its lubricating qualities, practically unchanged, under all weather and operating conditions. It assures full compression and power—gets the biggest mileage out of every gallon of gasoline. It keeps down wear, prevents vibration, breakage and big overhauling and repair expense.

Polarine is made in *four grades*—light, medium heavy, heavy and extra heavy—but only *one quality*. Get the proper grade for your car next time you buy clean-burning Red Crown Gasoline—and you will start cutting down motoring costs.
