In the game between Murdock and Ashland a week ago yesterday, the result was in favor of Murdock, the tally being Murdock 6, Ashland 2. Yesterday the boys crossed bats with the team at Union. At a meeting of the Board of Education of the Consolidated school of Murdock, known as district C-7, held last week, the resignation of W. T. Wedell as superintendent was accepted and the board elected Gus Ruge in his place. They also voted for the coming year and elected Miss Isabel O'Halleran to teach the 7th and 8th grades.

Adolph L. Bockelman, of Murdock, and Miss Edith DeVore, of Greenwood, were issued a marriage license at Omaha last Thursday, and it is surmised they have since used the same for the purpose for which it was issued. In the absence of further detailed information we extend congratulations and best wishes for a long and happy life journey.

Between Devil and Deep Sea

The supposed sentiment looking towards the dissolution of the consolidated district C-7, which is known as the Murdock consolidated district, was not reflected in the vote at the recent special election, as but 86 voted to dissolve the district and 58 voted to keep it intact. Just what the outcome will be is a matter difficult to determine as the desire continues to be expressed by many people was for dissolution. However the vote is absolutely against such procedure, and as a result the school board of the district is making teachers' contracts for the coming year.

A bond issue for the erection of a new school building was defeated some time ago, with the vote at even break, while the present state law requires the vote of sixty per cent to erect a new school building. Now, with the fire inspection officers at Lincoln threatening to condemn the buildings, the directors face a serious situation, and no pathway was found leading out of the wilderness.

They will be sent to Plattsmouth for interment beside the body of his wife who preceded him in death by several years.

Undergoes Major Operation

Mrs. Dr. McDonald, formerly Miss Meta Neitzel, daughter of Mr. and Mrs. Louis Neitzel, is convalescing from a major operation which she underwent at the hospital in Omaha some ten days ago. Have Friends to Dinner

Pleasantly Entertained

The program was most pleasantly spent by the ladies with their work and as the nimble fingers plied the needle, they enjoyed the time in social conversation. Mrs. Angwert served a most delightful luncheon that was much enjoyed by all present at the meeting.

Will Hold Picnic

The Royal Neighbors will hold a picnic at the school grounds Saturday, June 25th, and a most delightful time is expected. A picnic dinner will be served and everyone is invited to attend.

Has Some New Signs

Max Dusterhoff painted some very pretty signs on the windows of E. W. Thimgan's garage, advertising the fact that Dodge and Buick cars are sold there.

Large Stock of Twine

In order to be always able to supply his trade in any line, William Gehrts, the implement man, always makes it a practice to carry an unusually large stock of goods considering the size of the town, but more than once he has found it pays. As the approaching harvest time draws near he is unloading a large amount of high grade binding twine, which he is selling at a very low figure and close margin. Remember, when you are needing anything in his line, you are pretty apt to find it in stock at Mr. Gehrts store.

Ate Dinner in the Open

A week ago Sunday friends and relatives of Mr. and Mrs. O. E. McDonald gathered at their home in Murdock, enjoying a picnic dinner in the grove of the school yard in which a large number of the members of the McDonald family have been represented at different times. Besides the family of Mr. McDonald, there were present Mrs. Ed Kelly, of Plattsmouth; parents of Mrs. McDonald; Miss Edith Kelly, Miss Meybelle, Fred, Fred Lindeman and family and Charles Ault and family of Plattsmouth; P. H. Kelly and family and Messrs and Mesdames Joseph Smith and Kenneth Hobbs and families of Lincoln. Mrs. Ault is a sister and P. H. Kelly a brother of Mrs. McDonald.
