

**"That's my kind of a shoe, fellows!"**

"Get those on and I'm ready for anything. Ready for fishing, a hike, a race, or a game and ready for work, too. I don't have to change them when I go to town. See those tire-tread soles and pneumatic heels. I don't pound leather when I can walk on air. They're the best shoe I ever had."

The Hood Wurkshu deserves its popularity, nor is this popularity confined to the younger members of the family. A shoe for comfort and ease in hard service; a sturdy, tough, unusually long wearing shoe, combining lightness with strength, and economy with good looks.

Miss Dora Glenn of Plattsmouth has been visiting her sister, Mrs. Merl Lanning, for the past week.

Little Lucile Frantz, who has been quite sick since the removal of her tonsils, is able to be around again. Mrs. Ernest Trumble was taken to the hospital last night and we are informed, underwent an operation this morning, the nature of which we have not learned.

Last Monday evening an Milford Axe was coming down the hill by George Reitter's his lights went out just as he came to a pile of sand recently unloaded by the bridge gang. He struck the sand and turned over into the ditch. The steering gear and the wind shield were a complete wreck, but Milford fortunately was not hurt.

T. R. Adams has sold his restaurant business at Lincoln and is back in Eagle. The venture was an unfortunate one for him, as being blind, he was dependent on the honesty of hired help—which seemed to be a scarce article. It takes a pretty low down individual to rob a blind man, but there are such cattle in the world, and what they did to Thad will take him a long time to recover.

The wheat harvest is on in full blast in this section and before the

close of the week most of the crop will be in the shock or stack. The crop will be of a most excellent quality, and the yield will be somewhat greater than was expected a few weeks ago. The wheat ripened much earlier this year than usual and caught many farmers unprepared to take immediate care of it—corn being more backward than the wheat was forward.

**R. F. Erwin Regarding His Troubles**  
"A year ago last winter I had an attack of indigestion followed by biliousness and constipation. Seeing Chamberlain's Tablets so highly recommended for stomach troubles, I bought a bottle of them and they helped me right away," writes R. F. Erwin, Peru, Ind. If you have any trouble with your digestion give these tablets a trial. They will do you good.

**VISITING OLD HOME**

From Saturday's Daily.  
This morning E. G. Dovey, wife and little son of Chicago, arrived in the city for a month's visit at the home of Mr. Dovey's parents, Mr. and Mrs. H. N. Dovey. This is the first time that the little grandson has been west and is the source of the greatest admiration to the relatives here.

**Manley Wins From Plattsmouth**  
The Manley ball team which is a summer and no rubbing it out, went over to the county seat last Sunday, and put up a game of ball which was too fast for the Barclay Colts, notwithstanding they played ball according to the best that was in them. They had the title of champs to defend, and made a manful fight for the retaining of the supremacy, but were not able to do so. The weather kept threatening rain most of the time, but both teams braved the elements, and an excellent game was played.

I grow tobacco**

You can't beat a Camel, because you can't beat the tobacco that goes into Camels.

That's why Camels are the choice of men who know and love fine tobacco. They know what makes Camels so smooth, so fragrant and mellow-mild.

They'll tell you that the expert Camel blend of choice Turkish and Domestic tobaccos makes a cigarette smoke you can't equal—no matter what you pay.

But it doesn't take an expert to tell Camel quality. You'll spot it the very first puff. Try Camels yourself.

**LOCAL NEWS**

The result at the end of the game was four for Manley and two for the Colts. The feeling was good on both sides, and clean ball was the slogan of the occasion. This will evidently call for another game which should be well patronized, as the giants of the ball arena would be pitted for the contest.

**Are You Wasting Gasoline through the Needle Valve?**

Why gasoline quality is the determining factor

You can't see whether the gasoline comes into your cylinders as a fine mist or as a heavy spray. Yet that is the thing which largely determines the power and mileage you get from gasoline. The nature of the gasoline spray governs these things—the power of the explosion, the completeness of combustion, the amount of gasoline for each piston stroke and the speed with which carbon will collect and the lubricating oil become diluted.

Unless your gasoline vaporizes readily in all weathers, and unless it is uniform, you cannot adjust your needle valve to give maximum power and at the same time maximum economy.

Use Red Crown Gasoline, which meets all U. S. Government specifications

Complete and uniform vaporization, and a series of boiling point fractions which insure quick ignition and complete combustion—these are the characteristics of good gasoline, straight distilled gasoline.

The Red Crown Gasoline you can buy everywhere is this superior quality gasoline. It meets the standards required by the United States Government for motor gasoline.

Wherever you go you can always get Red Crown Gasoline from reliable, competent and obliging dealers. The gasoline and motor oils they sell make motor operation more economical and more dependable.

They are glad to render the little courtesies which make motoring pleasanter. Drive in where you see the Red Crown Sign.
