Temper Frans made a flying trip to Union last Friday afternoon, at which place he visited with friends for fifteen minutes and was then "on his way."

Reports from the bedside of Mrs. Nicholas Klaurens are to the effect that she is making very satisfactory progress toward recovery at the hospital in Omaha.

Mrs. F. A. Shoemaker and Mrs. Grace Linville were visitors in Avoca last Thursday, where they were looking after some business matters and also visiting with friends.

Mrs. Lucella Ketch and her two daughters, Misses Mary and Mabel, went to Union Thursday afternoon to visit for some time at the home of Mrs. Nancy McNamee.

Old wheat is selling at Nehawka for \$1.15 and the prospects are for a new crop, when placed on the market will force the price down to around a dollar a bushel. The harvest fields never looked better than at the present time, and although the yield will not be quite as heavy as last year, the quality will be better. This will be quite a surprise to those who thought the crop wouldn't amount to much this year.

Assisted in Organizing

At the town of Otoe there was organized a lodge of A. F. & A. M. last Monday night, a number of Nehawka Masons being present to assist with the work incidental to the bringing into existence of the lodge. The Masons at Otoe have been working under a dispensation during the past year, and in that time have acquired some forty members and they are now glad to be numbered among the permanently chartered lodges of Nebraska.

Those from Nehawka going over to assist with the ceremonies were H. L. Thomas, C. D. St. John, R. B. Chapman, H. M. Pollard, Max Balfour, E. A. Nutzman, Chalmers Schwitzer, J. S. Rough, J. W. Magney, D. Steffens and J. G. Wunderlich. Also among those present were a number of the Nebraska grand lodge officers. Following the ceremonies that brought the new lodge

into existence, a banquet was served, at which some two hundred and fifty Masons and their friends sat down to a sumptuous repast.

### Finances in Good Shape

The world has not gone to the dogs by a whole lot. As some one has aptly said, "It's not the hard times coming, but the soft times going." Business has resumed stability and all activities including those of the farmer are going ahead. The greatest single influence toward stability has been that of the banks of Nebraska. Backed by the state banking guaranty law, they have weathered the financial flurry of the past few months in fine shape and are continuing to render assistance to those in need. The old days of general business failures are past, thanks to the modern banking system and not a few business enterprises of the nation owe their existence to the helping hand of their banker in time of need. Here in Nehawka we have such an institution in the Bank of Nehawka. Vivaly interested in Nehawka and her progress, its officers and directors are standing squarely behind it today, and enterprises. If you are among those who have no bank account, let us urge upon you the advisability of opening one with the Bank of Nehawka—the bank of personal service, where you will be given every consideration. Do not let the money you save will come in mighty handy and the time will come perhaps when you too will appreciate the helping hand of your banker.

### Will Quit School Work

Prof. H. E. Hueston, who has made a success of teaching and who has been the efficient superintendent of the Nehawka consolidated schools for the past few years, has decided to turn his activities to other channels, and last Thursday departed for Walthill, where he is considering the acceptance of a position as county agent for that county.

### Is Visiting Here

Mrs. D. O. Eaton and daughter, Kathryn, of Gillette, Wyoming, are visiting at the home of Mr. and Mrs. H. L. Thomas. Mrs. Eaton has been for some time at the Mayo Brothers hospital in Rochester, where she underwent an operation and is convalescing while visiting here. The mother and little daughter will depart soon for their home in the west.

### An Excellent Milk Cow

I have for sale one pure bred 2 year old, registered Jersey cow, first calf fresh two weeks. Not a better cow in Cass county. If you want a cow you can do no better.

JULIUS RHEUMAN,  
Nehawka, Neb.

### Do Your Trading at Home

See the ad of Frank P. Sheldon, which appears elsewhere on this page, and which tells of some special bargains in midsummer goods. There are low price quotations in both the dry goods and grocery departments. At this time when the farmer's wife is very busy, this list will appeal to her, as she knows the mail man will bring the goods by parcel post the following morning, thus saving her a trip to town after them. This big supply house is nearer to you than either the stores at Plattsmouth or Nebraska City and much handier when it comes to delivering the goods at your door in the midst of a busy season.

### Receiving Treatment in Omaha

Mrs. Lucile Davis, the genial and efficient operator and manager at the Nehawka telephone exchange, who has not been in the best of health for some time, was taken to Omaha last week, for treatment at one of the hospitals there. It was at first thought an operation would be required, which it is believed now can be avoided. Mrs. Woodward, manager of the Elmwood exchange, is looking after the work here during the time Mrs. Davis is at the hospital.

### John G. Scheel and wife and three daughters, Anna, Rose and Clara, drove over to Plattsmouth last Saturday where they were looking after some business and where Miss Rose took the examination at the county superintendent's office in music, which she taught in the schools at Ong, where she will teach the coming year.

### The Nehawka Chautauqua.

The talent which is with the chautauqua which is to appear at Nehawka the coming month is of the best and will surely make good on the

platform. Nehawka was fortunate in the matter of securing a committee to look after the matters pertaining to the putting on of the chautauqua. There should be a large patronage to this mid-summer entertainment.

## FACT

Local Evidence

Evidence that can be verified. Fact is what we want. Opinion is not enough. Opinions differ. Here's a Plattsmouth fact. You can test it.

J. B. Patridge, of 8th and Locust streets says: "Some years ago I was bothered a great deal on account of the bad condition of my kidneys, caused by hard work on the farm in my younger days. My kidneys acted very freely, at times, causing me to get up a great deal during the night. At these times I was so bad I could hardly straighten. I had to walk with the aid of two canes. Not long after I commenced using Doan's Kidney Pills I was well and I have not needed to take them any more. My kidneys were strengthened and acted regularly again. It has been several years since I have had to use a kidney remedy and I give Doan's the credit for the condition of my kidneys today. I got Doan's at Maury's drug store."
