### Make Durocs Pay

A very interesting article appears in the Duroc Bulletin this month entitled "Why We Raise Durocs," and written by John Young and his partner, A. Peck. This is of added interest because John Young is a Cass county man and has made a success of purebred stock. He began the start with pure bred hogs and cattle and while it cost a little more to get started the difference was quickly realized on production to say nothing of how much easier it is to fatten a pure bred than a scrub. Think it over, Mr. Breeder and Farmer and begin now to build a foundation herd of pure bred hogs and cattle. Our country farm bureau advocates it and stands ready to give you a willing hand at all times.

### Wayne Barker Married

### Visiting the Old Home

Dr. Lafayette Blackard, of Twin Falls, Idaho, is visiting at the home of W. J. Philpot residing some six miles west of Murray. It was in this vicinity that he was a youngster in the country school and a chum of Dr. G. H. Gilmore when they studied and played together over forty years ago. Dr. Blackard has been in the west for 33 years, having departed from here in 1888 and he is enjoying his visit immensely. He expects to remain for some time yet.

### Vallery Family Reunion

The children of T. W. Vallery and wife, who reside northwest of Murray, gathered at the old home last Sunday with their families and held an enjoyable family reunion. The older Vallerys have lived in this portion of the state for many years, and with each succeeding year gain more friends, and have the honor and respect of all who know them. Those present at the gathering included Glen Vallery and family; Frank Vallery and family of Plattsmouth; Charles Vallery and family, of near Louisville; Owen Willis and wife, of near Nehawka and Jesse McVey, of Murray.

### VACATION DAYS ARE HERE.

Sweet smelling forests, beautiful lakes and clear streams are waiting for you. But if you are a fisherman and want to enjoy battling with the bass and pike, if you have to hike or ride in an automobile, or if you want to enjoy your vacations in any other way, always the great task is to keep out of stomach troubles which may spoil your prettiest plans. Triner's Bitter Wine is the remedy which will prevent all such inconveniences. Take it with you and you will not suffer harm even in very hot weather. Triner's Bitter Wine cleans the bowels and keeps them clean; no constipation, indigestion or headache will bother you, and you will enjoy the summer season in comfort and gaiety. But tell your druggist or dealer in medicines that you must get the genuine Triner's Bitter Wine! Also put Triner's Liniment for tired feet. Triner's Anti-Pruritus (a highly efficient gargle for throat inflammations and an excellent mouthwash) and Triner's Dental Cream, a new, exceedingly pleasant preparation, in your satchel!

### CONDITION STILL SERIOUS

From Wednesday's Daily.

Reports received here last evening from Nebraska City state that George Stevenson, father of Mrs. Earl Irelan and Mrs. Ed Rebal, of this city, is still in the most serious of condition as the result of a paralytic stroke sustained last Sunday evening. Mr. Stevenson is still in a semi-conscious condition and his attending physicians do not hold out a great deal of hope of his recovery. Both of the daughters are now at the bedside of the father.

### FINED FOR DRUNK

From Wednesday's Daily.

This morning Ira Towers was found by the police in a very much inebriated state by Chief of Police Jones and given an evening before Judge M. Archer, who on hearing the facts in the case, assessed a fine of \$10 and costs on the gentleman, which he paid and was allowed to go on his way rejoicing.

## MOBILIZING HARVEST ARMY IN THE SOUTH

FOR THE ANNUAL NORTHWARD MOVEMENT FROM TEXAS TO THE DAKOTAS.

Kansas City, Mo., June 26.—The mobilization of the labor army, which moves northward from Texas to Dakota every year, cutting the wheat as it ripens, is beginning here. Thru the free employment agency, maintained by the federal department of agriculture, working in co-operation with the state free employment bureaus, thousands of men are sent every year to the localities where they are most needed and warned away from the places where there is already an abundance of labor.

The demand began in earnest about June 15 and to date supply and demand have been about normal here and have offset each other fairly well.

From Fort Worth, Texas and Little Rock, Ark., where the federal employment bureau maintains temporary "field offices," have come reports of about 2,000 surplus men. These men are now being directed to Oklahoma, where the wheat harvest is under way. Hutchinson, Kansas, has asked for 800 men and Wichita wants about 1,500.

The northwestern portion of Oklahoma, wheat cutting began last week. Permanent employment offices are maintained at Oklahoma City, Tulsa, Muskogee, Enid and Ardmore, and during the harvest season temporary offices will be opened at Carman, Woodward, Alva, Guymon and Cherokee. Three million acres will be harvested.

In Kansas there will be approximately 9,500,000 acres to harvest, and a great deal of labor will be needed in the western two-thirds of the state. State-federal employment offices are located here, in Kansas City, Kansas, at Wichita, Hutchinson, Salina, Parsons and Topeka. Temporary offices will be opened at Dodge City and Colby, and in the union station here. Wages in Kansas fields this year will be \$3 a day with board and lodging. Last year 50 cents an hour was paid.

Comparatively little outside help is needed in harvesting the Missouri wheat crop of 2,754,000 acres. Cutting starts in the western counties between June 25 and July 1.

Three and a half million acres, mostly in the southern part of the state, have been seeded in Nebraska. Principal distributing offices of labor are at Omaha and Lincoln, and, during the harvest season, at Hastings and Sidney.

Approximately the same wage may be expected as is paid in Kansas.

## NEBRASKAN NAMED AS COMPTROLLER

J. R. McCarl, of McCook Chosen by President for Office Under the New Budget Plan

Washington, June 27.—J. Raymond McCarl of McCook, Neb., secretary of the republican congressional campaign committee, was nominated today by President Harding to be comptroller general of the United States, a position created by the new budget law which becomes effective Friday.

Joseph T. Booth was nominated by President Harding today to be register of the land office at Evanston, Wyoming.

Donald McAllister was named receiver of public moneys at the same place.

Mr. McCarl is about 40 years old and has been secretary of the congressional committee for about three years. He is a graduate of the University of Nebraska law school and was secretary to Senator Norris, republican, Nebraska, for a number of years.

As comptroller general, Mr. McCarl will have charge of government finances, expenditures of appropriations, auditing of all expenditures, settlement and adjustment of claims of and against the government, and management of all fiscal affairs with the exception only of postal accounts, which are to be under a special comptroller of the postoffice department, also created by the new law.

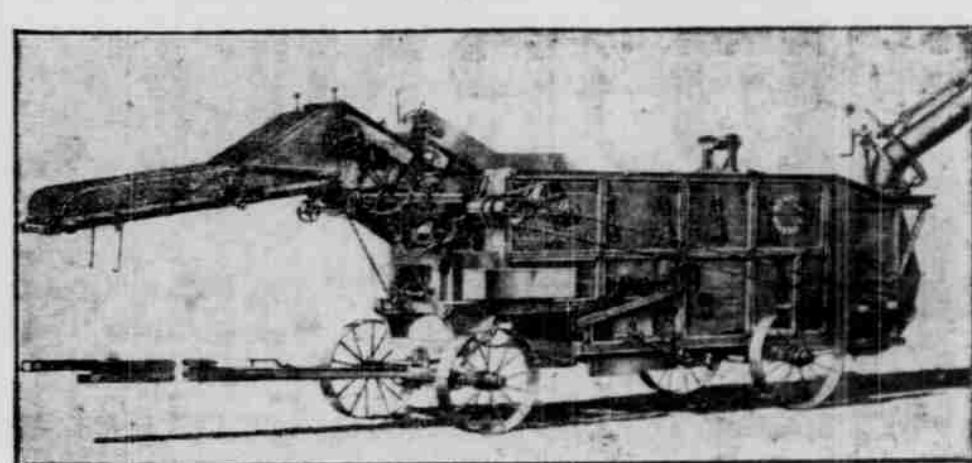

Many government activities will be co-ordinated under the comptroller. He will inherit the duties, personnel staff, documents and offices of the comptroller of the treasury, whose position and those of six auditors for various government departments are abolished by the new act.

The comptroller's term of office is fifteen years, and he is made ineligible for reappointment. His salary will be \$10,000 a year and he will be subject to removal for improper conduct, by joint resolution of congress, requiring the president's approval.

It recognizes Japan's privileges in forest and mine concessions and also peculiar rights and interest in Saghalin province.

It also provides for the withdrawal of Japanese troops from the maritime province.
