They say a silencer for a street car has been invented. But they say a lot of things these days.

After all, why worry? The markets are filled with blackberries, roasting ears, cantaloupes and watermelons.

Now that the watermelon season is at hand, we are not going to worry so much about enforcement of the Volstead act.

Plattsmouth will celebrate this year in a mild form, and everyone will celebrate in the way that suits them the best.

Yes, Herold, you are justified in saying anything you please to the motorist who splashes greasy mud on your new Palm beach suit.

A scientist tells us that Egypt had jazz bands and home-brew 500 years prior to the Christian era. That isn't much consolation for the Christian era.

The merchant who expects to do business every day in the week ought to advertise every day in the week. He can't afford to give a vacation to his most valuable ally.

A young lady friend of ours says she simply can't understand what Dempsey and Carpenter have against each other. Nothing at all, dearest. They're merely partners in a half million dollar pot, and will fight to determine which gets the long end of the roll.

"It don't take a man long to bag his pants at the knees, and to make a finely tailored suit look thoroughly disreputable—that's the man of it," avers Dainty Dorothy.

But she goes on to explain that the man who is making use of our cleaning, steaming and pressing services is keeping his clothes in much more presentable condition than when he got acquainted with us. And it doesn't cost much, either.

Or, as Mr. Chesterton would put it, the re-election of Mr. Gompers as President of the American Federation of Labor was all the more a surprise because it was expected.

Congressman Paul Johnson's bill offered in Congress to prohibit women in Washington from smoking will drive many of them into the habit who never thought of it before.

The prohibition commissioner lifted all liquor restrictions for a period of six days at Pueblo "as an emergency measure in combating the possible spread of disease in the flood area."

There are some women in Plattsmouth who drive their own automobiles, and they never fail to arouse our admiration when they take the middle of the road from a truck driver, and sometimes force him to go over in the ditch.

Members of the State board of health, say that there is a shortage of physicians in the state, and point to the small batch of licenses this year as an example. Oh, well, what's the difference? The doctors don't give us prescription for hootch, anyway.

Judging from the manner in which he received it, the public reprimand for Admiral Sims didn't amount to any more than a light slap on the wrist. The timber-tongued seaman jocularly remarked that he got what was coming to him, and evidently intends to let it go at that. It takes something more than a reprimand to hurt the feelings of a sailor.

Reports show that of the French military class of 1921 more than 75 per cent consists of youths 20 years of age who are fit for military service. This is a high percentage of effective, and the increase is attributed to a decrease in the use of alcohol, the improved living conditions on farms, and the spread of sports in France.

Mr. Ford recently issued volume II of the pamphlet: "The International Jew." This pamphlet tries to prove that California Jews, through the Universal Film Corporation, control the intellectual life of the nation. This, of course, postulates that the has intellectual processes of a higher type than are required to adjust a ready made bow tie.

Senator Harrison's speech arraigning the Republican party for failure to keep its pledges is being warmly praised by the press throughout the nation. The Buffalo Evening Times says that it reminds one of the classic days of American eloquence, "delivered with the characteristic fire and vigor of Southern oratory, admirable in its presentation, and inexorable in its logic."

### APPROVES CONSTRUCTION OF HOSPITALS

Secretary of Treasury O. K's Construction of Five Buildings to House World War Vets

Washington, June 20.—Approval by the treasury department of the construction at soldiers' homes of five hospitals for the care of former service men suffering with tuberculosis was announced today by Secretary O. K. Mellon. The new buildings will cost \$3,100,000 and are expected to be ready by January 1.

The Battle Mountain sanatorium at Hot Springs, S. D., will be equipped for 100 patients, and the soldiers' home at Leavenworth, Kansas, for 200. The other projects are to go to Milwaukee, Dayton and Marlon, Ind., and will have a capacity of 800 men. Secretary Mellon said that it would be possible to establish eighteen or nineteen large hospital projects out of the \$18,600,000 provided by Congress for hospitalization of the veterans, and that by enlarging existing institutions as opposed to new construction, it probably would be possible to provide 6,800 additional beds, or at least 1,800 more than was anticipated.

The number of nurses available for the war veterans is still about 20 per cent below the estimated necessary quota, but the statement said there were now 3,260 persons, 150 dentists, 1,300 nurses and 125 aides and dieticians employed in caring for the men.

## One method of cutting motoring costs

Low grade oil, or oil of unsuitable body, is the direct cause of fully ninety per cent of all overhauling, repair and replacement costs. It is also frequently responsible for the low mileage many an automobilist complains of and blames on his gasoline.

Finding just the correct lubricating oil for your engine will save you a lot of expense and bother.

Polarine is the highest quality motor oil you can buy. Its stability under high engine heat provides a fuel-tight and gas-tight seal in the cylinders which insures maximum power and mileage from gasoline. Its smooth, continuous film protects bearings and engaging parts against wear, vibration and breakage.

Polarine is made in four grades—light, medium heavy, heavy and extra heavy—but only one quality. Get the proper grade for your car next time you buy clean-burning Red Crown Gasoline—and you will start cutting down motoring costs.
