Here is a helpful paragraph in a New York paper. "To rid the pantry shelves of red ants, wipe them with denatured alcohol every few weeks. Now, how are you going to catch the ant and give him that alcohol bath? The cursed little things just won't stand still
And now a pastor rips loose with a lurid roast of the newspapers and the magazines because of the pictures they print. Well, the shoulders of the press are broad and can stand a whole lot of that sort of thing. When the reformers can think of nothing else to say about the evils of society they blame it on the newspapers
When Woodrow Wilson visited a Washington theater recently, he was recognized by only a few persons. And time was when, in the same theater whole audiences arose to pay him tribute. Thus passeth earthly glory. Most men who have had it don't discover the hollow counterfeit it is until it has passed from them. A sense of humor must be comforting to a man when he learns how he has been tricked
The Parmele Theatre has become a great place for the amusement loving people, and why? Because Messrs Clويد and Moore have brought it up to the true meaning of amusement. They are showing the very best pictures that can be had, and the proprietors are genial to everybody. Everyone goes there when they want amusement and they always get it. Those who failed to see the "County Fair" Tuesday night will regret it the longest day they live. The theater was crowded to its utmost capacity for two shows and some were unable to get seats

When you sail, sail under the Stars and Stripes to any part of the world

PRESIDENT HARDING has summed up the merchant marine by saying that we know "We cannot sail successfully where we do not carry."

And now we have a great American Merchant Marine, with ships sailing under the Stars and Stripes to every port of importance in the world.

Certainly the American people will never permit this merchant marine to decline from its present preeminent position. Nor will it — if each one of you will ship and sail under the Stars and Stripes.

All Enjoyed the Game
Those having no particular place to go for a vacation the Fourth had their entertainment brought to them in the form of a ball game between the Weeping Water and Plattsmouth teams, which was played on the local diamond because of the fact that the Plattsmouth diamond, where the game was to have been staged was under water. Nothing was known of the game at Manley until about 10 o'clock in the forenoon but the sporting blood of the countryside quickly mobilized and the crowd was about as large as could be accommodated. The umpire for the contest was selected from among the Manley citizens present and his decisions gave satisfaction to both teams. The game proved to be a good one and was nicely contested save for an inning or two in which the Plattsmouth team went to pieces on account of a number of errors in succession. They soon pulled themselves together and were able to finish the game with a very creditable score. The Weeping Water boys carried off the honors, however, the final tally being 14 to 8.

The game was enjoyed by a large crowd notwithstanding the fact that the weather was exceedingly warm.

The Tennis Player says — "Three sets are nothing!"

"With Klaykorts I can play a half dozen sets, and feel it less than I used to feel three, because my feet don't hurt in them. I play a faster game. There isn't a better tennis shoe made."
Hood Klaykorts combine lightness with strength, and the patented Kendex insole and thick felt cushion keep the hard court from tiring or burning the feet. No other shoe of any kind combines equal wearing qualities with the ease and the sense of quick, sure action of the Hood Klaykort. Many also prefer Klaykorts for general outdoor summer wear.
