DEATH OF GEORGE INGWERSON FRIDAY

Resident of Near Nehawka Dies at Hooper Hospital in Omaha as Undergoing Operation

George Ingewerson, one of the well known residents of near Nehawka, passed away yesterday morning at the Hooper hospital in Omaha while undergoing a very severe operation. Mr. Ingewerson had been in very poor health for some months, having suffered from a tumor on the kidney and when taken to Omaha, but little hope of his recovery was entertained by the surgeons, but the operation was decided upon in the hope that it might give the patient some measure of relief.

Mr. Ingewerson was fifty-six years of age and was born and reared in the vicinity of Nehawka, where he has resided since he came to this country to make his home. He was a successful farmer and had a large family. He was a member of the Lutheran church and was a very kind and generous man.

The body will be brought today to the home where the funeral services will be held.

Infant Died Tuesday

Della, Mrs. Infant daughter of Mr. and Mrs. James Chappell, living near Nehawka, died at their home last Tuesday, July 12th. The little boy was laid to rest the following day, the funeral being conducted by Rev. W. A. Taylor of Union.

The daughter, who was born on July 1st, came as a result from measles, which she contracted from her mother, but this little flower from another time was unable to withstand the ordeal of existence here and drooped day by day until the merciful hand that gave it removed it to the home beyond the skies.

The hearts of the parents are torn with sorrow because of the loss of their little one, who now lies peacefully at rest in the beautiful burial plot in the Mt. Pleasant cemetery.

MAKES RETURNS TO THE STATE BOARD

County Assessor Wm Rummel Sends Abstract of Assessment of Cass County to State Board

The abstract of the assessment of Cass County just completed by the office of County Assessor William Rummel, has been sent to the state board of equalization at Lincoln where it will be checked over.

The assessment this year made by the various precinct assessors shows that the total real estate of the county listed was valued at \$40,981,495, and the personal property at \$16,823,375. The grand total of the assessed valuation of the county is placed at \$57,804,870.

This is a decrease of 19 per cent on the lands and improvements over the last assessment made by the state.

SCHMADER TRAINING QUARTERS OPEN AGAIN

The defeat of Andy Schmader at Omaha July 4 by Captain Bob Kowalski, California, led him to do more intensive training along the line of defense. Schmader's training had been more along the offensive than the defensive line which had much to do with his defeat July 4th.

This is the opinion of many of his friends who saw the match. Schmader over the tourist garage again taking on his old time activity. Bob Ferguson, clever Omaha middleweight, is here, as is also Billy Wolfe, San Francisco welterweight. Billy fought a draw with Kid Schaller at Grand Island July 4th and then put his man to slumber at Columbus on the same day. And then there is Frank Dauria of New Jersey, who was Schmader's trainer for three years, as they served Uncle Sam on the battleship Illinois during the world war. Dauria is here the guest of Schmader and says he is going to try and work off some surplus weight while the opportunity offers.—Louisville Courier.

MAKES LEGAL AGE OF WOMAN 21 YEARS

New Law Fixing Ages Becomes Effective on July 28th.—Woman in Same Class as Man.

The last legislature enacted a law fixing the legal age of the women of the state at twenty-one years. Instead of eighteen as at present and the measure is one to give women all the privileges of the males as far as the age limits are concerned. It is expected that the new law will make considerable difference in the matter of marriage licenses, especially as the bachelorette bride in the future must be past twenty-one before she can wed without the permission of the parents and the age limit will also apply in the settlement of estates and other matters where a legal age is required.

It is expected that the change in the law will cause a great increase in the marriage license market among those who are under the new age limit and whose parents might object to the nuptials, as the time is short now in which to take advantage of the old law and those who hesitate will be lost.

Suffered Intense Pain

"A few years ago when visiting relatives in Michigan something I had eaten brought on an attack of cholera morbus," writes Mrs. Celesta McVicker, Macon, Mo. "I suffered intense pain and had to go to bed. I got a bottle of Chamberlain's Colic and Diarrhoea Remedy and one dose relieved the pain wonderfully. I only took two or three doses, but they did the work."

NOTICE TO FARMERS

I will be in the County Superintendent's office in Plattsmouth on Monday of each week. If you wish an office call, make it in the forenoon, as in the afternoon I will visit the farms where asked to do so. Make use of these days and do not let them pass. The Farm Bureau will continue its weekly visits. Phone 479.

Home Town Industry

The Nebraska mills are strictly home town institutions, and are doing a lot to help Nehawka on the map. During the past week they have been running full blast and with the outlook for better business conditions it is highly probable their capacity will be taxed. The people of Nehawka and vicinity should cooperate with this institution in the use of the product which is dignified, the very best, as well as by boosting it to the best industrial visitors in our community, and thus help to keep the wheels of home industry moving.

Very Successful Chautauqua

The Nehawka Chautauqua, which came to a close last Thursday evening, was one of merit, and the committee whose efforts made possible the placing of this excellent entertainment before the people of the community, have no reason to complain, as the assembly paid out and a little over. No contract has been closed for next year, although the committee has a proposition under advisement.

Making a Fight for the Farmer

The press dispatches of the past week tell of the excellent work of Frank E. M. Pollard, who heads the Nebraska committee at Washington interested with placing the interests of the farmer before congress in the hope of constructive legislation. Mr. Pollard in plain, straightforward language "talked up" to the powers that be, and in our opinion has made his influence felt. At any rate his endeavors have gained publicity in the eastern press and he is known as "a farmer who knows what farmers need."

Teachers Elected

The board of education of the Nehawka consolidated schools has secured the following teachers for the coming year: Prof. L. W. Burby, superintendent and instructor in agriculture; Miss Edna Johnson of Colo-
