Strictly High Class Legitimate Banking!

This is the policy you will find among all the conservative, reliable city banks, and is also true of the high class banks of the smaller towns and villages, where such banks really have the interests of their friends and customers at heart.

It has always been the policy of the Bank of Murdock to conduct a first class high grade legitimate bank, and to confine its business strictly to commercial banking, never permitting its name, or allowing its officers to assist in the selling of any Stocks or Life Insurance, or like schemes.

We use our influence on our friends only where it may be of benefit to themselves and our community.

The large commissions paid for assisting in selling Stocks or Life Insurance do not tempt us to work a hardship on our friends, at their expense, just in order that we might make a bunch of "SIDE MONEY." We strive for the regular, legitimate, conservative, honest banking business, paying a decent rate of interest on time deposits, and loaning money to local farmers and business men at reasonable rates of interest.

We congratulate ourselves on having built up a REAL BANK with over FOUR HUNDRED AND FIFTY SATISFIED CUSTOMERS.

If a dependable, conservative, "Live and let Live" strictly banking institution appeals to you, and you are not already a customer of ours, we earnestly invite you to join the BANK OF MURDOCK family, and you will rest assured that we will take care of all your reasonable demands, and you will not find us trying to sell you something you don't want, against your better judgment.

H. R. Schmidt, A. J. Neitzel and Henry Heickman, members of the board of education, went to Lincoln a week ago Monday to look after some matters connected with the school, and on their return as they had gotten just this side of Havelock they suffered a broken axle on their car which put them late in getting home, especially as rain overtook them soon after getting the car fixed up and served to further delay their progress.

Disposes of Business
J. Johansen has disposed of his meat market in Murdock to E. K. Norton, of Weeping Water, who has been connected with the Birch market of that city. With Mr. Johansen it has been simply a case of having too much business to look after and he thought it best to get rid of the meat market in preference to his other lines.

Gave Friend Surprise
The young folks of the Callihan church neighborhood gathered last Thursday evening at the home of their friend Anson King, residing southwest of Murdock for a jolly surprise party. Song, music and games held sway until a late hour when the edibles which had been brought along were served. Mr. King is rejoicing at the number of his friends and the fact that they paid him such a pleasant surprise visit.

Got Their Gasoline Here.
The yeggs who blew the safe in the Avoca postoffice last Thursday night, stopped here the following morning in search of gas. Finding the E. W. Thimgan filling station closed they hurried on to the garage of G. Bauer, where they met with better luck. After securing the gas they hastily made their exit out of town. J. Johansen secured the number on their car during their brief visit however, which was 197,344. While here they dropped a roll of film which had been mailed from Clear Lake, Iowa, to someone at

Avoca. Leaving here they headed toward Ashland.

Baby Lives but Short Time
Happiness came to the home of Mr. and Mrs. H. W. Tool last Wednesday, when there arrived two fine big baby boys, but a cloud of sorrow followed soon afterwards with the calling of one of the little ones by the Death Angel the same day of its birth. The mother and surviving little one are getting along as well as could be expected.

Taking a Vacation

The difficulty of obtaining ice just now to properly conduct his business makes it an opportune time for Mr. McDonald to get away for a few weeks.

LIGHTNING ACCIDENT

Lightning struck at the Richard Deles Derris home during the storm Monday evening stunning both Mr. and Mrs. Deles Derris, and breaking the collar bone of Mrs. Deles Derris. It seems that the parents and little Thelma were out in the yard gathering clothes when the lightning struck Mrs. Deles Derris, falling, lit on her shoulder, the force of the fall breaking her collar bone. Thelma was uninjured, and retained presence of mind enough to go for help, which we think was pretty brave of the little girl. Both parents are getting along as well as can be expected.
This was indeed a very close call and both Mr. and Mrs. Deles Derris experienced a spell of unconsciousness for a short time. Dick said he felt the effects of the shock all the next day.—Elmwood Leader-Echo

Chamberlain's Colic and Diarrhoea Remedy

This is unquestionably one of the most successful medicines in use for bowel complaints. A few doses of it will cure an ordinary attack of diarrhoea. It has been used in nine epidemics of dysentery with perfect success. It can always be depended upon to give prompt relief in cases of colic and cholera morbus. When reduced with water and sweetened it is pleasant to take. Every family should keep this remedy at hand.

CELEBRATES 79TH BIRTHDAY

Sunday July 31 about 35 friends and relatives gathered at the home of Mrs. Bird to help Grandpa Murray celebrate his 79th birthday. At noon hour a most delicious luncheon was served cafeteria style. The afternoon was spent with music and visiting in the evening all departed for home wishing Grandpa and Grandma Murray many happy returns of the day.

Those present were: Mr. and Mrs. Floyd Morgan, Miss Iva Morgan and Mrs. Mickie and children of Lincoln, Grandpa and Grandpa Shoemaker and Mr. and Mrs. Ruby and family, Mrs. Nettie Aemic, Mr. and Mrs. Bert Reed and daughter, Eula and Miss Patsy Eastman of Weeping Water and Mrs. Emma Sharpe and son Guy of Elmwood.—Elmwood Leader-Echo.

SOME BIG TOMATO

From Saturday's Daily
This morning John C. York was noticed on his way to work at the shops carrying in his hand what, at first glance seemed to be a small basket of ripe tomatoes but on closer examination it was seen that it was only one tomato but certainly a record breaker. The specimen of the garden fruit was formed by four ordinary sized tomatoes that had been formed together by some freak and the tomato weighed two pounds.
Mr. York a short time ago brought to the Journal office an ear of corn that had six small ears all growing out of the common stock and his vegetable garden has certainly been productive of a large number of freaks in the vegetable line.

HIS TROUBLE OF 20 YEARS ENDED

Cedar Rapids Man Regrets that He Didn't Know of Tanlac Years Ago—Nearly Lost Hope

"My only regret is that I didn't know about Tanlac years ago, for it would have saved me a world of suffering, I say nothing of all the money I spent trying to get well." said Frank Smock, 1338 Avenue A, East Cedar Rapids, Iowa.
"Ever since I had malarial fever twenty years ago, my stomach had been giving me trouble. I had to live on a restricted diet, and even then just suffered agony from sour stomach and bloating after every meal. At times the gas pressed up around my heart, causing terrible palpitations and almost cutting off my breath. My sleep was restless and broken and I seldom was free of a tired, worn-out feeling.

"Well, I almost gave up all hope of ever getting well, but I kept on hearing about Tanlac and I finally decided to give it a trial. My improvement has been almost beyond belief. I have a splendid appetite, am eating things I hadn't dared touch in years and never have the least pain or distress. I sleep like a log at night and get up mornings feeling like a sixteen-year-old boy. Tanlac has certainly done wonders for me, and the best I can say for it is not as good as it deserves."

Tanlac is sold in Plattsburgh by C. Fricke and Company, in Murdock by the leading drug company and the leading druggist in every town.

THE BOILERMAKERS STAGE A COMEBACK

Trim Blacksmiths in Baseball Game Last Evening by Score of 6 to 5. Battle Hard Fought

From Friday's Daily.
Last evening in the gloaming the members of the Burlington boiler-maker and blacksmith shops gathered at the Eagle park for the second game of the season and as the result of the meeting the blacksmiths met with defeat at the hands of their opponents by the score of 6 to 5.

At the previous game the blacksmiths had been the victors and had waxed very proud over the fact that they had triumphed over the employees of the locomotive shops and the boiler-makers at once started in to prepare for their revenge. Hula, who had been the pitcher for the blacksmiths in the first game was laid up with his old trouble with the throwing wing and the blacksmiths were compelled to send in Johnnie Schuthof to cover the mound and he played a very good game holding his sugging opponents down to very few hits. Elmwood Battery did the back-stopping for this team.

The locomotive shop had "Liz" and Pete Harold for the throwing end of their battery while Tom Robb did the receiving and this combination kept the blacksmiths guessing during the game. Henry Lutz was a new figure on the diamond for the locomotives and romped around the keystone sack with the ease of an old timer and speared a number of bad throws.

Cured of Stomach Trouble and Constipation.

Rachel Cribley, of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation, taking one medicine after another with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Tablets," she says, "that I procured a bottle of them at our drug store to try. A few days' treatment convinced me that they were just what I needed. I continued their use for several weeks and they cured me."

RETURN HOME

From Saturday's Daily.
Mrs. Clinton Morrow and daughter, Mrs. E. A. Drake, of Modale, Iowa, who have been here for some ten days visiting at the home of Mrs. Morrow's brother, George W. Rhoden, and with Don C. Rhoden, another brother at Murray, departed this morning for their home in the Iowa city. Mrs. Morrow left this country some forty years ago but has frequently visited here since that time with her brothers.

VERY PLEASANT EVENT

From Saturday's Daily.
The announcement was received here this morning of the arrival at an early hour today at the home of Mr. and Mrs. Lynn Kilgore at Omaha of a fine little daughter. Mother and little one are doing nicely. Mrs. Kilgore is a daughter of Mr. and Mrs. Fred Lehnhoff of Omaha and a granddaughter of Mrs. F. D. Lehnhoff of this city. The friends here will be pleased to learn of this most happy event.

BIRTH OF LITTLE SON

From Friday's Daily.
The home of Mr. and Mrs. Vincent Slatinsky was gladdened on Wednesday evening by the arrival of a fine little eight pound son. The little one is doing nicely as is the mother and the occasion has brought a great deal of pleasure to Vincent and the other relatives and friends.
