WHAT THE GOVERNMENT IS DOING FOR YOU

We have cause in every way to feel proud of our country, but we are as a nation too little informed as to the activities and actual benefits of our Government. To remedy this situation locally, we have secured the exclusive right to distribute a series of attractively illustrated folders and booklets in which are given new and interesting facts about Our Government and how we all share its beneficent influence.

We will gladly send one of this set each month to those who will request it, and as a permanent container for this valuable information, we will present a substantial brown and gold portfolio upon personal call at this Institution. No obligation.

WELL KNOWN IOWA OFFICIAL IS DEAD

Sheriff of Mills County is Called to Last Reward at Swedish Mission Hospital at Omaha

For the second time Mills county is called to mourn the death of the sheriff of the county while serving in that capacity. The sad news comes this morning that Sheriff A. S. Edwards passed away at 7:30 a. m. in the Swedish Mission hospital at Omaha.

As told in a previous issue of The Tribune, Sheriff Edwards became ill on Sunday night, July 31, and grew worse until Monday afternoon, when he was taken to the above hospital and all ones was ordered upon for appendicitis. He rallied after the operation and for a few days gave hope of passing through the ordeal safely. He took a turn for the worse on Friday and fought a losing fight until death won.

Sheriff Edwards succeeded in office E. W. Bushnell, who died suddenly seven years ago. Mr. Edwards was at that time deputy of Mr. Bushnell. He has been elected for three times.

The body of Mr. Edwards was brought to Glenwood. Funeral arrangements were not made at this writing.—Glenwood Tribune

GIVES MISCELLANEOUS SHOWER

Last evening Miss Mildred Schlarer entertained most charmingly at her home in the north part of the city, the young ladies employed in the Burlington offices, at a miscellaneous shower in honor of Miss Belle Speck. The occasion was one of the rarest delight to the members of the jolly party and the guest of honor, whose marriage to Mr. Noel B. Seney of Clearwater, Nebraska, is to occur soon, was the recipient of a large number of very handsome gifts.

The evening was spent in games of all kinds at which the guests derived much pleasure and amusement in a meek wedding in which the various characters in the ceremony were taken by the guests in a very realistic manner.

At a suitable hour a dainty luncheon was served by the hostess that added greatly to the enjoyment and delight of the members of the party and it was a late hour that the young ladies departed for their homes wishing their friend much joy and happiness in the new home that she is soon to preside.

IOWA STORE SUFFERS HEAVY ROBBERY LOSS

F. W. Anderson Store at Silver City is Looted as Well as Safe Blown Up by the Robbers

The gang of robbers which have frequently operated through Cass county, seems to have transferred their activities over into our neighboring state of Iowa, judging from the reports of the daring robbery of the F. W. Anderson department store at Silver City, Iowa, on last Saturday night.

The robbers blew open the safe in the store, securing \$250 in money and also a large amount of goods which is estimated will reach the value of \$1,000. Among the articles taken were auto tires, shoes, men and women clothing, gold rings, rifles and 2,000 cigars.

No clues were found as to the robbers and they have apparently made a clean getaway with their loot.

SAYS PRISON FOR SWINDLERS NEEDED

And Not the Whitewashing Accorded by State Supervisory Board—Flays the Law.

North Platte, Neb., Aug. 9.—"Certainly I opposed the present blue sky law. I did it to put an end to swindlers in the sale of stocks. But the forces of present state administration voted me down."

The above is the gist of a statement issued today by State Senator Walter V. Hoagland, republican, in reply to the charge by Guy T. Touvelle, chief of the bureau of securities under the McKelvie code administration that Hoagland had done more than any other member of the last two legislatures to hamper the alleged attempts of Touvelle's bureau to check wildcat stock sales in Nebraska.

"I have no apology to make," says Senator Hoagland's statement, in part, "and I do not care to engage in a dispute with a person of Mr. Touvelle's standing in the state, but that the public may not be deceived, I am willing to state the simple facts."

"Touvelle makes no specific charge and it is apparent that he desires to pass the 'buck' to someone else for the failure of his department to check sales of worthless stocks in the state and to prosecute those who have defrauded the people in this way."

"As attorney for some of these victims, I have sought prosecution of certain swindlers but recently, only to find that the so-called air tight blue sky law which Touvelle says he got through the last legislature, had applied the white wash to all crimes and criminal acts of persons in the sale of \$200,000,000 of fraudulent securities in Nebraska during the past four years."

"I admit that I opposed the present blue sky law and when the history is finally written it will be found that my theory is correct and that why we do not need so many laws establishing bureaus and commissions to supervise and control the ordinary conduct of competent individuals in the business world, but we do need laws that will be effective to punish and place behind the penitentiary bars, men who commit the frauds upon the people."

"The whole trouble with the blue sky law as it has existed and as it now exists in addition to the executive machinery for its operation, is found in the following statement made by the governor in his last inauguration address, which is as follows:

"The issuance of permits for the sale of certain securities that have been passed by the blue sky is regarded as a guarantee of the worth of their securities and security salesmen are making the most of this opportunity to appropriate the name of the state to their own selfish purposes."

Says Can't Escape
"We have had in operation in the state of Nebraska during the past six years a blue sky law which at all times permitted the railway commission and the bureau of securities to exercise its discretion and to refuse to grant permits to any individual for the sale of stock where the application convinced the bureau or railway commission that it was inadvisable to issue the permit."

"This provision of the law placed the responsibility upon these departments for the issuance of permits to persons a corporations who should not have had them, and they cannot escape the inefficiency of their examination and the recklessness in the issuance of permits, by attempting to 'pass the buck' to some legislator who has opposed their ideas to the passage of legislation."

CELEBRATE FIFTH BIRTHDAY

The host's grandmother, who is 80 years old, baked the delicious cake served with a scrumptious lawn dinner.

The decorations were of diamond blending with the table covering.

Many appropriate presents were received by the guest of honor and a general good time was enjoyed by the twenty or more guests present.

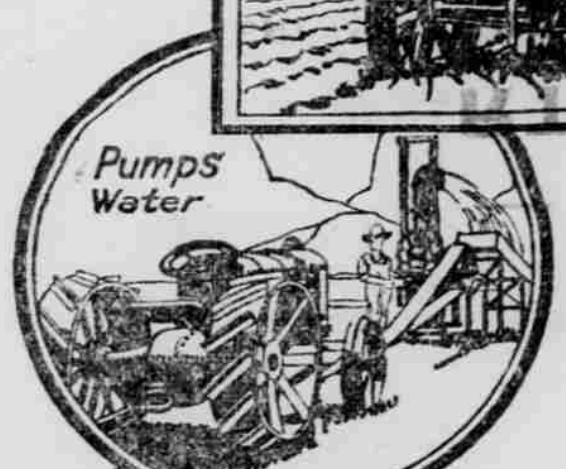

HOLCOMB IS RELEASED

Messages from O'Neill, Nebraska, announce that Walter Holcomb, who was arrested there on Sunday for the shooting of a real estate dealer named Olson, had been released from the Holt county jail pending a further investigation of the case. The facts of the case as reported seem to indicate that there can be little blame for the shooting attached to Mr. Holcomb in view of the attempted assault made by Olson on him.
