John Angwert and family visited friends and attended the picnic at Bennett last Tuesday, they having formerly resided there.

Henry Bornemeier returned home last Monday from South Dakota, where he had been looking after some business of his.

Jerry McHugh of the Murdock Mercantile company and G. Bauer shipped in a carload of crockery from the potteries in Minnesota last week.

Homer Lawton, the painter and decorator, has been busy during the past week repainting the buildings on the Herman F. Schweppé farm.

Henry Angwert and mother have been staying at the Wm. Bourke farm home during the past two weeks while Mr. Bourke was enjoying a vacation.

In the game between Murdock and Greenwood a week ago Sunday on the home grounds, Greenwood was able to annex the long end of the 11 to 4 score.

Charles Ault and family and Mr. and Mrs. Joseph R. Kelly and wife, of Plattsmouth, visited in Murdock Friday, being guests of Mr. and Mrs. O. E. McDonald.

W. K. Hanson, of Sioux City, visited in Murdock over Sunday at the home of his daughter, Mrs. O. J. Pothast, while enroute home from a trip to Kansas City.

Earnest Bornemeier and son, Virgil Ross, had the happy event of celebrating their birthdays together on the 24th of August, the father being 47 and the son one year old.

Mr. and Mrs. Fred Sissins, from Tampa, Florida, stopped off here for a short visit at the H. A. Guthmann home while enroute from Ainsworth, where they had been visiting, to their home in the south.

W. M. Knaupe, residing south of town, netted a return of 47 1/2 bushels of wheat to the acre from his recent harvest. The grain is of the famous "Kanred" variety, which has proven such a good yield producer in this vicinity.

Rufus Brown who was busy the past fortnight moving weeds along the Rock Island right-of-way, was secured to cut those in town and last Thursday did the job which improves the appearance of the streets fully a hundred per cent.

Misses Esther and Marie Schmidt returned home Thursday evening after having enjoyed a most excellent time at the Evangelical association convention at Milford. During their absence the telephone exchange was in charge of Misses Esther Rau and Mary Rush.

Mr. and Mrs. P. S. Hartung, of Kansas City, visited Mrs. Hartung's parents, L. Neitzel and wife, while en route home from a tour of the west. They were accompanied home by their daughter, Eleanor, who had been spending several weeks here at the home of her grandparents.

Henry Inhelder and Robert Crawford were in Lincoln last week, making arrangements for Mr. Inhelder to move to Lincoln from Ewing soon. Mr. Inhelder would like to come to Murdock to reside, but as it is impossible to secure a place here to live, he is compelled to go to Lincolnville.

Mrs. Claude Twiss, of Louisville, visited her parents, A. J. Bauer and wife and other friends here Thursday, coming over with her husband, who is employed with the Rock Island here, but is forced to make the trip back and forth between here and Louisville each day on account of inability to secure a suitable place in which to reside here.

E. K. Norton has secured the little building near the Farmers and Merchants bank and will move into it in a short time. This is a very small place for a family to reside in, but it is the best that can be found, due to the scarcity of houses. Half a dozen more families would be glad to locate here now if they could secure homes in which to live.

**Kanred Wheat for Sale**

Mr. Payson has been with a large mercantile establishment in Manning and is taking his vacation, at this time, being accompanied by the others who are also relatives of Mr. and Mrs. Johansen. **Will Hold Meeting Thursday**  
Miss Ida M. Wilkins, the lady county agent, will be in Murdock on Thursday of this week, and will hold a meeting at the hall, giving information relative to the work of the ladies of Cass county are accustomed to do, and to encourage them to make exhibits at the Cass county fair to be held in Weeping Water on September 28, 29 and 30th. All ladies of the community are urged to attend this meeting.

**The Hotel Question**  
The matter of securing a hotel for Murdock is one that concerns every person who has the interest of the town at heart. With people visiting our town every day who are not able to secure either meals or lodging, Murdock is getting an unenviable reputation and being passed up by many who would come here, could they be assured of accommodations along this line. With either a good hotel or restaurant here the situation would be much different. It looks like a feasible thing to erect a good hotel building here, as suitable lots can be obtained at a reasonable price. Many would afford a good location for an up-to-date hotel. Something must be done to remedy the present situation which is daily keeping people away from Murdock.

**Has an Excellent Machine**  
We were much interested in a demonstration a few days ago of a Maytag self-contained multi-power washing machine which Wm. Gehrts is offering to his trade just now. The machine is so simple a child can successfully operate it and there is very little chance of its ever getting out of order, although if it ever should, there is a free repair service that goes with it, thus guaranteeing it against any imperfections. When in the store, ask for a demonstration of this up-to-date washer.

**The School Problem**  
The school situation is one that is commanding the attention and best thought of the Board of Education and others interested in a solution of the problem confronting the consolidated district. Inadequate facilities for the accommodation of the pupils and inability of the teachers to secure suitable place of abode are both matters of grave importance, and unless satisfactorily solved will prove a grave menace to the welfare of our educational institution.

**Robbery at Eagle**  
Eagle gets into the limelight with a real burglary. Last night the safe at the Eagle garage was broken into and cash to the extent of something like \$50 was taken. Checks were not taken—only cash. Paul Judkins had his famous blood hound out as soon as the burglary was discovered, but the boys say the dog evinced such a fondness for Bill Brothwell that they could not get him to work. George Allen, the proprietor, is hard at work today accumulating another bunch for them in case they return. —Eagle Beacon.

**Child Cured of Bowel Trouble**  
A child of Floyd Osborn, Notary Public of Dunganon, Va., was taken with bowel trouble. Mr. Osborn gave it Chamberlain's Colic and Diarrhoea Remedy and it quickly recovered. In speaking of this remedy he says: "It is the best I ever used."

There is a general feeling that more room should be provided, but only a limited amount is available, and at best it will be hard to provide satisfactorily for the accommodation of the pupils. Some have talked of partitioning the old church; others are opposed to this and would build an addition to the present school building. Just what will be done is a matter of conjecture, but we trust the board will be able to arrive at some solution which will provide ample room for the scholars as well as accommodations for the teachers.

**Call Ducks for Sale**  
I have a few call ducks for sale. Louis Hornbeck, Murdock, 2w.

**Entertained Kensington Club**  
The Royal Neighbors of America Kensington club met last Thursday at the country home of Mr. and Mrs. Louis Bornemeier, a large number of the members being present. The ride to the beautiful home of the hostess and the pleasant surroundings there added greatly to the enjoyment of the meeting. At the conclusion of the work period the ladies were given a watermelon feed which they enjoyed very much.

**Boosting County Fair**  
A crowd of Weeping Water boosters visited Murdock Thursday morning, putting out advertising matter for the Cass county fair and stock show which is to be held there on September 28th, 29th and 30th. A noteworthy feature of the fair is the fact that admission is free, there is to be no charge to exhibitors or rental for stalls or pens for the showing of stock entries. The fair management has arranged entertainment for all on these three days. The general hospitality of the central Cass county town will be extended to all. Those here on the booster expedition were C. E. Butler, Spencer Marshall, Mogens Johnson, Charles Gibson, Clarence Pool and family and L. R. Snipes and family.

**A MERCILESS JUDGE!**

**One Who Shows No Favor.**

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Plattsmouth resident has withstood this sternest of all tests.

Theo. Starkjohn, retired farmer, Locust and 9th streets, Plattsmouth, says: "For several years Doan's Kidney Pills have been used in our family for kidney troubles and backache, and they have proven to be all that is claimed for them. Whenever my back feels a little lame and my kidneys are not acting as they should, I take Doan's Kidney Pills for a few days and they never fail to do me good. Doan's can't be equalled by anyone. Having kidney trouble should take them for they are very reliable." (Statement given February 23, 1916.)

**OVER FOUR YEARS LATER,** or on May 12, 1920, Mr. Starkjohn added: "The cure I had from Doan's Kidney Pills several years ago has become a lasting one. It has been a couple of years since I used or had need of a kidney medicine and my kidneys are now good and healthy. I still have faith in Doan's and if ever I should need a kidney remedy again, I should certainly use them."

**CAMPERS NUMEROUS**  
From Friday's Daily.

Last evening quite an extensive party of auto tourists were camped at the grounds near the Turner hall and with tents pitched made themselves comfortable for the night. There were quite a number of ladies in the parties and a number of the local swains knocking the accumulations of the baronyard from their brows and shining up the old celluloid neckpiece, hastened out to the locality where the campers were located but without much success as far as adding any conquests to their lists.

The increasing number of auto tourists each season shows clearly that there should be some suitable place where they might camp in comfort and in a place that would be a credit to the city.

**Cured of Stomach Trouble and Constipation.**

Rachel Cribley, of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation, taking one medicine after another with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Tablets," she says, "that I procured a bottle of them at our drug store to try. A few days' treatment convinced me that they were just what I needed. I continued their use for several weeks and they cured me."
