PREPARED EXCLUSIVELY FOR THE JOURNAL.

## The Communities Welfare!

The banking business is one of more than ordinary interest to the community in which the institution is located.

To make the work of the bank most effective, there must be a confidence between the bank of its patrons, and between in fact the whole community.

Any fear of a financial institution is immediately reflected in the business of the whole community.

The bank which has proven its worth to the community is the one which has stood the test of good and adverse times and stands ever ready for the service of the whole community.

The patrons' interest and the community good is the bank's first concern. We are here for the service of the entire community.

Thanking you for your confidence, co-operation and earnest work for our community, we invite your business.

## WONDERFUL GAIN IN WEIGHT REPORTED

Young Woman Only Weighed 76 Pounds—Now Weighs Over 100—Gains Every Day.

"Before I began taking Tanlac I only weighed 76 pounds. I now weigh over one hundred and am gaining every day," said Miss LaRue Davis, of Chattanooga, Tenn.

"I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been very delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac.

"Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand and I can truthfully say it is the only medicine that has ever done me any good."

Tanlac is sold in Plattsmouth by F. G. Fricke & Co. and by leading druggists everywhere.

## NOTICE TO POLICY HOLDERS

At a meeting of the Board of Directors of the Platte Mutual Insurance company last evening, a new business policy was adopted, whereby in the future the amount of any one risk shall not exceed \$1,500, and insurance in this city for the past twenty-five years and during all that time had only one assessment, notwithstanding the rate for insurance was about half that of the Old Line companies, hence the patrons of the local company have saved largely on cost of their insurance.

It is a home company and all the money paid for insurance is kept at home and deserves the patronage of everyone who is interested in seeing the company prosper. Boost.

## A Grateful Letter

It is in trying conditions like that related below by Mrs. Geo. L. North of Naples, N. Y., that proves the worth of Chamberlain's Colic and Diarrhoea Remedy. "Two years ago last summer," she says, "our little boy had dysentery. At that time we were living in the country eight miles from a doctor. Our son was taken ill suddenly and was about the sickest child I ever saw. He was in terrible pain all the time and passed from one convulsion into another. I sent my husband for a doctor and after he was gone thought of a bottle of Chamberlain's Colic and Diarrhoea Remedy in the cupboard. I gave him some of it and he began to improve at once. By the time the doctor arrived, he was out of danger."
