## The Communities Welfare!

The banking business is one of more than ordinary interest to the community in which the institution is located.

To make the work of the bank most effective, there must be a confidence between the bank of its patrons, and between in fact the whole community.

Any fear of a financial institution is immediately reflected in the business of the whole community.

The bank which has proven its worth to the community is the one which has stood the test of good and adverse times and stands ever ready for the service of the whole community.

The patrons' interest and the community good is the bank's first concern. We are here for the service of the entire community.

Earning you for your confidence, co-operation and earnest work for our community, we invite your business.

**RAILROADS WARNED  
THEY MUST COMPLY**  
Commission Makes Threat of U. S. Ownership as Only Remaining Alternate for Them.

Washington, Sept. 29.—"Added incentive" for government ownership of rail lines will be afforded unless the railroads agree to voluntary consolidation into a few main systems, the interstate commerce commission today warned.  
Anticipating opposition from railroad heads to its proposed plan of combining all the railroads of the country into nineteen competitive systems, the commission held up the alternative of government ownership or consolidation.  
"The issue of government ownership is constantly pressing itself on the attention of congress and the people," the commission said in another report on the proposed consolidation.  
"Should the policy of voluntary consolidation not prevail after due encouragement by government authority, it seems clear that an added incentive to government ownership will be afforded."  
The commission then states involuntary consolidation is "the only way out."  
Emphasizing that the hope of real reduction in railroad rates lies in consolidation, the commission said: "Unless consolidation is put into effect, a positive bar to the attainment of uniform, reasonable rates under which all the carriers alike may thrive, will continue to exist."

**E. W. Thimgan Garage Robbed**  
Some miscreant, who thought more of pilfering for gain than for the law of the land, broke into the garage of E. W. Thimgan last Monday and stole a top from the auto of Miss Jessie Melvin and a tire and motorometer from the stock and made their getaway. The authorities were notified but so far no trace of the robbers has been discovered.

## HAPPY WOMEN

Plenty of Them in Plattsmouth and Good Reason for It.

Wouldn't any woman be happy. After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, When she finds freedom?

Many readers will profit by the following.  
Mrs. Jos. Altman, of 327 Chicago Ave., Plattsmouth, says: "I had an attack of the 'flu' a year ago and it left my back in a weak and tired condition. My kidneys were weak, too. Sometimes I could hardly bend over while about my housework on account of the sharp stitches in the small of my back and through my kidneys. I felt weak all over. I had heard so much about Doan's Kidney Pills, helping other people who have been troubled as I was. I tried them with the best of results. The one box from Fricke & Co's. Drug store was all I had to use and I have not had a sign of any kidney trouble since. I think Doan's are fine for such ailments as I had."  
Simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Altman had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## CONFERENCE PLAN IS AGREED TO BY IRISH

De Valera to Send Delegates to London—Hopes to Effect a Suitable Understanding.

Dublin, Sept. 30.—Eamonn de Valera, on behalf of the "Irish republic," today accepted Lloyd George's invitation to a peace conference. Sixteen delegates will be sent to meet the British cabinet committee in London, October 11.  
The Irish leader's telegram to Lloyd George today brought to an end the lengthy interchange of notes between the two countries and the next step in Irish negotiations was to be direct conference.  
De Valera's telegram today was in reply to one received from Lloyd George by the daily cabinet yesterday, in which the British premier shunted aside the question of recognition of Ireland by Great Britain and invited Irish delegates to an untrammelled meeting next month.  
"We accept the invitation. Our delegates will meet you in London on the date mentioned," de Valera's reply said.  
"Our respective positions have been stated and are understood," de Valera said.  
"We agree that a conference, and not correspondence, is the most practical and most hopeful way of reaching an understanding."

## NATIONAL CONVENTION IS THE NEXT THING ON TAP

Much interest here centers in the forthcoming national convention of the American Legion at Kansas City, October 31, November 1 and 2, on account of the reduced fare that will be available. A flat rate of one cent a mile to Legion members and their immediate families has been secured by the convention committee. In addition Kansas City has raised \$100,000 for the entertainment of their guests during the three day meeting. Prominent among the features will be the Aero congress and fliers will be in attendance from all over the world to compete for the fine prizes being offered. Marshal Foch and a score of other high dignitaries of this and allied world will also be present. Reservations for rooms and reduced fare accommodations will be secured through the local post of the American Legion, and everyone who is planning on attending the convention should get their name on the roster now being compiled by the Legion post adjutant, so that ample fare certificates and accommodations may be arranged for and there will be no last minute disappointments. If enough tickets are pledged it may be possible to secure a box car, thus permitting the party to travel in a French style.

## OLD RESIDENTS HERE

Mr. and Mrs. M. L. Keefer of Utica, Neb., and Mr. and Mrs. J. W. Keefer and son, of Covina, Cal., were here for a few days last week visiting at the home of Mr. and Mrs. Roy Cole, south of the city. They remained over Sunday and will depart some time this week for their western homes. Mr. and Mrs. M. L. will spend a few days visiting in Omaha, and Mr. and Mrs. J. W. will make a brief stay at Denver on their return home. The Keefer family was one of the early settlers of Cass county; the parents of these two excellent gentlemen settling here in the early seventies, and of course have hosts of friends in the county who are always glad to see them. Of late years they were residents of near Alvo.

## ROAD MEN IN TOWN

From Friday's Daily.  
County Commissioner George L. Farley and Highway Commissioner James B. McKee were here Monday surveying the state road running into town from the east. The section line and Fifth street do not join within 60 feet and it was necessary in early days to use a lot belonging to the late Thomas Urwin in order to connect with the street at the entrance of town. This lot was later donated to the village by Mr. Urwin and now will be used in its entirety in order to grade the road in proper shape. Louisville people are jubilant over the prospects of having a state highway leading to the county seat and commend the board of county commissioners for their efforts in giving us a good road.—Louisville Courier.
