PLEASANT SURPRISE

Mrs. T. R. Adams had two nice surprisees Tuesday. In the morning Mrs. Henry Kramer of Pirth made her a pleasant call. They were on their way home from Omaha and stopped a short time in Eagle. Mrs. Kramer was formerly Miss Maude Lorenz and lived here for a time with her aunt, Mrs. Gleason, who was in the Eagle Hotel at that time.

In the evening Mr. and Mrs. Jns. Robertson and daughters and Mrs. Dr. Westover of Plattsmouth stopped while on their way home from Lincoln. Something went wrong with the car and they stopped in Eagle for repairs. The ladies spent the evening with Mrs. Adams and had a good old fashioned visit together. They were old time friends and neighbors in Louisville some time ago.—Eagle Echo.

DEMPSEY TO MEET WILLARD.

Chicago, Oct. 20.—Tex Rickard, fight promoter, returned to New York tonight without having signed Jack Dempsey, world's heavyweight boxing champion, for a match with Jess Willard, but with the announcement that Dempsey definitely had agreed to fight Willard and that the details would be settled soon.

Asked by Dempsey if he "was getting the big fellow ready," Rickard replied that Willard would be in first-class shape for the fight, which he said probably would be held in the east.

There is no doubt but that the line of school supplies carried by the Journal is the most complete that can be found and embraces everything that the student may need in his or her work.

LATEST DEVELOPMENTS IN THREATENED RAIL STRIKE

Following are Friday's developments in the railroad strike situation:

Chicago—Labor board announces it has assumed jurisdiction in the rail crisis, orders workers not to walk out, and urges union chiefs and railroad heads to appear before it October 24 for a conference which board members said should avert a strike. Both sides announce they will appear for conference.

Maintenance of Way union, with more than 375,000 members, and stationary firemen, numbering 25,000 announce overhauling strike vote and prepare for a walkout. Others of the eleven "standard" unions expect to announce their decisions today or Sunday.

Heads of roads entering Chicago discuss plans to combat strike.

Trackers begin storing all available meat supplies in preparation for strike.

Cleveland, O., Oct. 21.—W. G. Lee, head of traction union in a statement following labor citations, asks by what authority anyone can compel a man to work, pointing out that the United States supreme court has upheld the right to strike.

Washington, D. C.—Learned that possibility of President Harding exercising war time powers to run roads in case of strike was discussed officially, but such action is not yet contemplated.

San Antonio, Tex.—Trainmen on the International & Great Northern prepare to carry out plans for walkout today, despite the labor board's pronouncement.

St. Louis, Mo.—Heads of southwestern lines announce everything legally possible will be done to operate roads if there is a strike.

Hazleton, Pa.—Anthracite mines rushed at full speed in preparation for strike.

Grip

Grip usually starts just the same as a cold with a watery discharge from the nose. You are much more likely to contract the grip when you have a cold. For that reason when grip is prevalent you should go to bed as soon as you feel that you are taking cold and stay in bed until fully recovered which should not be long if you take Chamberlain's Cough Remedy. Three days in bed now is better than three weeks later on.

UNCLE SAM MAY TAKE HAND

The determination to call a Lancaster county grand jury to probe into the operations of alleged blue corporations and individuals will probably mean that following the election of the county body a federal grand jury may be summoned to give the blue sky promoters a taste of federal justice.

The present federal grand jury is not asked to investigate any blue sky matters. In the event that the government acts it will be necessary to call a special grand jury. The government prosecutions would come thru the misuse of the mails.

Paint and save repairs

A FEW dollars spent on paint this fall will save you many dollars in repairs. Paint your farm implements, and you will get better service from them next year. Paint your home and barn, and both will look better and be worth more.

It doesn't pay to use poor paint. It won't last, and you will have to do it all over again in a short time.

We have just the paint you want—Certain-teed paint. It's the highest quality, but we can sell it at a reasonable price because the Certain-teed people do not put the same price on all colors. Each color sells for what it costs to make plus a fair profit.

Certain-teed paints are made from the very best materials, thoroughly ground, and mixed by machinery which makes no mistakes. You'll like the way Certain-teed paint spreads and covers the surface. It's the easiest paint to spread we ever saw—it takes quality to do that. We have the right Certain-teed Paint or Varnish for everything inside and outside your house and barns. Come and see us before you buy any paint.
