CERTIFICATES FOR SERVICE MEN OF STATE

LEGISLATURE PROVIDED FOR ISSUANCE OF SAME—NOW BEING SENT OUT.

OVER THREE HUNDRED HERE

Plattsmouth, Louisville, Murray, Cedar Creek and Mynard Men Here on Armistice Day.

The State of Nebraska is to present to the men of the state who were in the service of the nation in the world war in either the army, navy or marine corps, a certificate of service which has been prepared in a very handsome form and will make a lasting memento of the service of the men of the state and one that they can have framed and hung in their homes as a testimonial of the appreciation of the state for their service.

The last legislature provided for this purpose and appropriated a sum sufficient to have these certificates printed and the office of the adjutant general of the state is now placing them in the hands of the various Legion posts for distribution. The Hugh J. Kearns post of this city will have the task of the distribution of the lists for Plattsmouth, Louisville, Murray, Cedar Creek and Mynard.

It has been arranged that the presentation of the certificates will take place on the evening of Friday, November 11th—Armistice day—at the auditorium of the high school at 7:30 p. m. and all the men whose names appear on the list are requested to be present to receive their certificates.

The list of names furnished is as follows:

It will be noted a considerable number of the above listed service men have moved away and in such cases it is up to the Legion post to determine their present whereabouts and mail their certificates to them. There is also an absence of some names on the list, which the Legion officials will try and have completed before the presentation day. Only Nebraska soldiers, whose home was in Nebraska at the time of their enlistment will receive these certificates under the terms of the legislative enactment providing for their distribution, they being the state's testimonial of a service performed by her loyal sons. Those Nebraska soldiers who have moved here from other points since their discharge may expect to have their certificates forwarded to them by Legion posts of their home towns in whom they have been sent for distribution and the only omissions this post can have rectified are the names of those soldiers who enlisted from Plattsmouth, returned to Plattsmouth at the expiration of their term of service and who now live in Plattsmouth or vicinity as listed above. If you belong to the Plattsmouth post of the Legion and are among those omitted this will be taken care of for you. If you don't belong and want to be assured of receiving your certificate, please get in touch with the Legion post adjutant.

FREMONT HIGH WINS GAME HERE FRIDAY

Score is 24 to 0 in Favor of Visitors—Weight of Visitors Always Much Scoring

Yesterday afternoon the Plattsmouth high school football team met defeat on the local grounds at the hands of the Fremont football team, which in weight and experience clearly outclassed the local lads.

In the opening half of the game the visitors proceeded to get their fighting machine right into business and with a series of end runs succeeded in pushing down the field to a touchdown and their interference for the runners was almost perfect, and such that the lighter Plattsmouth players could not hold.

The visitors were unable to kick goal but were able to push over the ball for another touchdown in the first quarter, altho the auditors were filled for a moment with the possibilities of the Plattsmouth team scoring as Chase secured the ball on an attempted pass of the visitors and raced down the field for a gain of twenty yards but the visitors soon carried the ball out of danger and planted it over our goal by an end run.

The third touchdown was secured by like tactics and in this part of the game Frank Gradoville succeeded in gaining considerable for the locals on a pass but was unable to get over the goal.

In the second half of the game standing 18 to 0 in favor of Fremont and the hopes of the rooters were at zero when the whistle was blown.

In the second half the Plattsmouth team showed real football playing and were able to drive the formidable rivals down the field in a series of line smashes by Svoboda and also successful forward passes, but were unable to go the whole way and score. In the last half the Fremont team put over the last kick of the game and left the score 24 to 0 in the favor of the visitors.

Dwyer who started as quarterback for the locals, was put out of the game in the second down by having his leg jammed and Gradoville sent in to do the headwork. The leading drive of the Fremont giants by Harold Smith resulted in the line smashes by Svoboda and the locals being penalized twenty yards by the referee at the time when it looked as tho they might score.

FEDERAL WAR POYER NOT TO BE INVOKED

Administration Appears to See Other Means of Averting Strike—Backs up Rail Board

Washington, D. C., Oct. 21.—Use by the government of its war powers to avert the threatened nationwide railroad strike, while suggested in some quarters, will not be exercised, it was stated late today in high administration circles.

The impression was given that the administration feels other avenues are open by which a settlement may be reached.

It was made plain by high officials that they believed the use of war powers was not necessary, meaning while declaring that "this nation is at peace." Belief was expressed that amicable and definite results could be obtained thru negotiations rather than by use of force such as involved in the exercise of war powers.

In the absence of any indication that the administration was considering mandatory control of the railroads, action of the labor board in citing union heads and rail chiefs to the controversy to appear before it was interpreted here as showing that the board had received assurances from Washington that its supervision of the situation had been unaffected. The board's intention, understood here, was to determine whether the brotherhood chiefs or the railroad executives, or both, had not already contravened provisions of the transportation act.

Still up to Board. In administrative circles it was reiterated that it was "still the labor board's affair." While the president had not been advised officially of the board's action at a late hour, it was understood he approved the move.

Altho definite decision against invocation of wartime powers was expressed today, no doubt was expressed in official quarters that adequate authority was existent and could be employed, should the period of negotiation prove fruitless. An amendment carried by the army appropriation bill of August 29, 1916, authorized the president specifically to take over the transportation for the movement of troops, and to continue such control "in an emergency." Supplementing this authority, it was said, were sections of the national defense act and other statutes. Department of justice officials were understood to have prepared for the president a memorandum on the subject.

Discussion of the use of war powers by the cabinet was understood to have been limited, but several pertinent facts were developed which gave rise to the belief that some officials already had worked out a program to be followed in event a strike should menace the supply of essential. It was learned also that officials who had suggested such a course to the president had catalogued men available for train work.

Army Men Catalogued. Should a situation arise necessitating reversion to these powers, or other methods of temporary government control, the war department would become the focal point, it was learned. The army already has its personnel listed by occupations, and is ready to put some men aboard trains and man its fleets of some 30,000 motor trucks.

A decision from the interstate commerce commission on cases involving requests for freight rate reductions may be expected soon, it was again indicated at the commission. There was nothing, however, to connect the expected decision with the program being followed by the labor board.

DEATH CALLS M. D. RUBY SUNDAY NIGHT

Passed Away at State Hospital in Lincoln—Funeral Held Here Wednesday Afternoon

The death of Marion D. Ruby occurred last Monday morning at 2:30 at the state hospital in Lincoln after months of illness and while the news of his passing brought sadness to his many friends, it also was received with a feeling of thankfulness that his sufferings were at an end.

Mr. Ruby had been gradually breaking in health the past year, but only in the last few months had he shown signs of a mental decline which advanced rapidly until it was advised by his physician that he be taken to the state hospital for treatment. The physicians there pronounced his case hopeless and he failed steadily until the end. His foster-daughter, Mrs. William Ossenkov and husband looked after him and visited him frequently and were with him until midnight the day before he died. They had been home but a short time when they received a message announcing his death. They had expected to return to Lincoln the next morning. Mr. Ossenkov left at once for Lincoln and had his body brought to his home here.

Mr. Ruby was a native of Ohio and was born July 14, 1848. He came to Nebraska in the early seventies and was married to Miss Minnie Boos in his early manhood. His wife passed away at their home in Oregon on October 13, 1915. They had sold their home and business here a number of years previous to that time, but after his wife's death, Mr. Ruby returned to Louisville to live. He assisted Mr. Ossenkov in the store, but made his home at the Hotel Drake He was 73 years old.

The funeral occurred on Wednesday afternoon from the Methodist church, the pastor, Rev. C. L. Elliott officiating, and the remains were laid to rest in the Lutheran cemetery southwest of town beside his little son, Harry W. Ruby, who died
