## Lazy Dollars

Dollars merely safe are not performing their natural function. They are not working. They are not doing the owner or the world any good.

Moreover, most hiding places thought to be safe are decidedly unsafe. Not only thieves, but fire or other unforeseen happening may rob you of your wealth.

## Saving Is Using

Dollars saved are safer! And they are constantly working to earn more for you. They are constantly working for the good of the whole community.

Consider this. We pay you for saving. And while you are saving, your money is never out of reach. It is always ready for you and easy to get when you need it.

Start with us today. One dollar will do it.

Last Tuesday morning as W. A. Mendenhall was bringing a load of goods from the Plattsmouth store of H. M. Soennichsen to their store in Murray, and was bowling along at a good rate of speed, the truck which is a Dodge, dodged to one side of the road on account of a faulty steering gear, and as a result before Mr. Mendenhall could right the loaded truck, it had gotten one wheel over the side of the ditch. With a spill down grade and the momentum of the car, when he was able to bring some pressure on the steering apparatus, the truck careened and went into the ditch. Mr. Mendenhall, with the tenacity characteristic to him, struck with the truck until it had went over in its side, and then was able to crawl out through the broken windshield. Fortunately indeed was he that he was not killed. The loss to the truck was considerable and a

She was here to visit her brother and family three weeks ago and was in very poor health, but her death came as a great shock to her family. She was 65 years of age. Short funeral services were held at the home of her sister and again at the M. E. church at Macedonia, Iowa, at 2:00 p. m., Monday where she had been a life-long member. She was laid to rest in the Macedonia cemetery by the side of her father, mother, two brothers and two sons. She leaves her husband, five brothers and three sisters to mourn her death. Mr. Park and family returned home Monday evening.

## WE MUST FIGHT FOR HEALTH

"We must fight for peace," was the final word of Marshal Ferdinand Foch to Chicago. In the same way we must fight for health, especially now when the change of season comes. Such changes always mean trouble for a great many people. They feel weak, their appetite is poor, they get tired quickly and easily, constipation usually appears, one is not himself. To avoid these troubles, you must put your system in a fortified condition by taking Triner's Bitter Wine in time. If the stomach is in order, the body resists dangerous infections and counteracts the destructive effects of bacilli. Triner's Bitter Wine is very pleasant to take, and its 32 years of popular renown are the best guarantee that you can rely upon. Your druggist or dealer in medicines surely knows many customers who would tell you that they cannot be without it. For rheumatic or neuralgic pains Triner's Liniment has no equal. Mrs. Elizabeth Swetz wrote us on September 28, 1921, from Jefferson, Texas: "I am 78 years old, but I tell you Triner's Liniment is excellent." Try it.
