EXPLANATION OF MATTER SOUGHT

Farmers, Broker and Miller Tell of "Spread" Before Board of Inquiry Summoned by Gov.

Lincoln, Nov. 21.—Half a dozen farmers told the prices they received for grain and live stock, a grain broker told his margin and a miller explained the spread between the cost of wheat and flour at the opening of the wheat market today.

The retail subdivision of the Lincoln Chamber of Commerce today sought an opinion from Attorney J. J. Ledwith as to whether the members were bound to appear. Ledwith indicated that he might recommend a test of the authority of the board.

Public attendance was light. One spectator in the gallery was increased to two during the day. Two or three interested hearers sat among the witnesses about the table where the board presided.

Mrs. B. woman witness, said the best price she could get for eggs two weeks ago was 45 cents, while they were retailing in Lincoln for 60 cents.

Lincoln folks came out to G. P. Whitson's poultry farm and paid him the best price he could get in town for brood and chickens, he said. He didn't have to deliver them.

A. H. Miller told of selling corn recently for 28 cents a bushel, wheat for 78 cents and hogs for 6 cents a pound.

For farm help he paid \$25 a month instead of \$50 a year ago, he told Labor Secretary Kennedy.

Clarence E. Stewart, Lincoln grain broker, said he made 3 cents a bushel on wheat farmers delivered, and a cent a mile a bushel up to five miles, and half a cent after that, when he trucked it to town himself from the farms.

F. E. Roth, general manager of the Gooch Milling Co., of Lincoln, said he paid an average of \$1.08 2-3 for wheat suitable for flour, delivered in Lincoln.

From 280 pounds of wheat the company got 196 pounds of flour—a barrel—and 84 pounds of feed.

Of the flour, 80 per cent was the best grade, selling at \$7.40 a barrel, he said; 12 per cent "first clear," worth \$3.75 a barrel, and 8 per cent "second clear" at \$2.75.

That by-products run 60 per cent bran and 40 per cent shorts, he said. Bran sells for 75 cents and shorts 90 cents a hundred.

The board will run down item by item, to find the "spread" between farm producer and home consumer, Chairman Stubr announced.

MATERNITY BILL IS PASSED BY HOUSE

Opposed by Only Woman Member, Measure Carries 279 to 39—Goes to Conference

Washington, Dec. 19.—The house late today passed in amended form the Sheppard-Towner maternity bill, previously approved by the senate.

The measure goes to conference. The vote was 279 to 39. During debate Miss Alice M. Robertson, republican, Oklahoma, only woman member of the house, urged defeat of the bill, while its passage was advocated by Representative Mondell, republican leader.

The bill provides co-operation between the federal government and states in the protection of maternity and infancy.

It provides that \$10,000 of federal funds shall be turned over to each state before July 1 and that annually for five years \$1,240,000 shall be available. The federal government would contribute \$5,000 each year after July 1 to each state and an additional \$5,000 provided the state contributes a like amount.

The balance of the annual fund would be distributed among states according to population, with each state required to match the contributions of the federal government.

Miss Robertson took a strong line at club women, who, she said, sit at ease in comfortable homes worrying about other people's children and get a thrill over teacups by passing resolutions designed to bring about a new order in governmental affairs.

She declared that the bill would interfere with effective work being done by individuals and by state, municipal and private agencies.

"I'm not a mother, you know," she said, "but God has given me a mother's heart."

TAX REVISION MEASURE BACK TO HOUSE

Corporation Tax Rate Set at 12 1/2%—Hope for Quick Action in Reaching Agreement.

Washington, Nov. 19.—The tax revision bill came through its third rewriting today, and will be returned to the house Monday. Republican leaders are hopeful that the final step in its enactment can be taken in time to permit congress to end its special session Wednesday.

Only five of the ten conferees have signed the conference report. The democrats refused to sign and Senator Smoot of Utah, republican, proponent of the sales tax, withheld his signature. He said it was his intention to study the bill to see whether it was any improvement over existing law. House leaders plan to put the bill through the house Monday so that the senate will have two days to consider it before the time tentatively fixed for adjournment.

In closing their work today, the conferees fixed the corporation income tax rate at 12 1/2 per cent, the figure in the original house bill. This increases the present rate by 2 1/2 per cent.

Agree on Liquor Tax

The conferees agreed to the original house provision relating to liquor taxes. This retains the present tax of \$2.20 a gallon on distilled spirits, with a provision for an additional tax of \$4.20 a gallon on such spirits diverted for beverage purposes.

The conferees retained the senate amendment repealing the normal exemption of \$2,000 allowed corporations, but the repeal would not apply in the case of corporations having net incomes of \$25,000 or less.

A new provision for taxing gain from the sale of capital assets was written in. It is limited to individuals and provides that if the taxpayer elects to make a separate return for the taxation of his income from the sale of capital assets, he shall pay a tax on the gain at the corporation rate of 12 1/2 per cent on the total of the gain.

Cuts Revenue \$130,000,000

In reducing the proposed corporation income tax rate the conferees reduced by \$130,000,000 the estimated return from the bill. Treasury experts had calculated that the senate rate would yield \$260,000,000 additional from the corporations, the increase through this source being designed as a partial offset against the loss of \$450,000,000 to result from repeal of the excess profits tax.

Some estimates were that from \$150,000,000 to \$200,000,000 had been cut from the bill, which, as it passed the senate, was designed to yield approximately \$3,300,000,000, or slightly less than the total treasury officials told the senate finance committee in September would be necessary.

SOUTHERN SENATORS IN AN ANGRY CLASH

Watson and Williams Debate Relative Merits of Newberry and Ford in the Senate.

Washington, Nov. 21.—The Ford-Newberry senatorial election contest in Michigan was laid aside by the senate tonight, probably not to come formally before the body again for several weeks. After a day of discussion, in which Henry Ford, who is contesting the seating of Senator Newberry, was both denounced and defended and which was enlivened by a tilt between Senator Williams of Mississippi and Watson of Georgia, democrats, the election controversy was sidetracked to make way for the revenue bill. No agreement as to date for a vote was reached.

The clash between Senators Williams and Watson developed when the latter attacked Mr. Ford and declared that "left over Wilsonites" in the senate were seeking to retire Mr. Newberry because he had opposed the league of nations.

Mr. Williams said he regarded Mr. Ford as "so far superior in altruism, in world sense and in world vision to the senator from Georgia (Mr. Watson) and myself, that I can hardly find words to express it." He was interrupted by Mr. Watson, who declared he had not asked a "clean bill of health" from Mr. Williams and added: "I stated that the war department records show that in various items paid Henry Ford, he was paid for materials never delivered, one item being for tractors and the amount was \$5,000,000; that he kept his son out of war when the sons of Senator Newberry were in the war."

Mr. Watson also charged that Mr. Ford had assessed his employees, "blackmailed" them he said, for \$50,000 for his "expense account."

Mr. Williams denied Mr. Ford had ever done such a thing.

Mr. Williams attempted to continue, but Mr. Watson was shouting, "It's false," other senators were seeking recognition from the chair and Senator Heflin, democrat, Alabama, who had held the floor when the exchanges began, was vainly trying to make himself heard.

Mr. Watson and Mr. Williams, with two desks between them, stood glaring at each other when order was restored. Mr. Williams, without another word, picked up his hat and walked out.

VANDERVORT HELD AS SLAYER

Wilmington, O., Nov. 21.—Oliver Vandervort was held in jail tonight on a charge of murder, following statements by his ten-year-old son Oliver and his mother-in-law, Mrs. Jeff Whitlow, that he fired the shots which killed three persons at Cuba, near here Saturday night. Besides Mrs. Whitlow, who died shortly after making her statement, the other victims were Bertha Vandervort, thirty, twice divorced from Vandervort, and Howard Baiser, twenty-four, said to have been calling on Mrs. Vandervort.

Vandervort continued to deny any connection with the shooting.
