

CAUCUS CALLED BY REPUBLICANS TO DISCUSS BONUS

Treasury Officials Have Data on Possible New Methods of Taxation to Raise the Funds.

Washington, Jan. 23.—Call for a caucus Thursday night of republican members of the house on the soldier bonus was issued today.

At the conference they plan to offer a resolution instructing the ways and means committee to proceed at once to the drafting of a bonus measure.

House leaders said no effort would be made at the caucus to instruct the ways and means committee as to how it should provide for the raising of the necessary revenue.

Data is Prepared

House leaders said no effort would be made at the caucus to instruct the ways and means committee as to how it should provide for the raising of the necessary revenue.

Data of possible new methods of taxation to raise funds for a bonus has been prepared by the Treasury department.

In the event a bonus bill is enacted, treasury officials said, some tax would have to be provided.

Consider Postage Increase.

According to the treasury's estimates, approximately \$80,000,000 a year could be obtained from a three-cent gallon tax on gasoline.

Increased postage through use of a 3-cent stamp, it was thought would produce approximately \$70,000,000 a year.

On the basis of the pending McCumber bill, the treasury estimated it would be necessary to provide approximately \$80,000,000 for the bonus in the first two years.

LEADER OF ARMY DECLINES MEDAL

General Pershing Says His Act in the Philippines Was Not up to World War Standard.

Washington, Jan. 23.—Gen. Pershing declined today to accept a distinguished service cross voted by the army board of awards and which Secretary Weeks had planned to bestow on him at a "surprise party" arranged to take place in the war secretary's office.

The citation was as follows: "For extraordinary heroism in action against fanatical Moros at Mt. Bagak, Jolo, Philippine Islands, on June 15, 1913."

"For extraordinary heroism in action against fanatical Moros at Mt. Bagak, Jolo, Philippine Islands, on June 15, 1913. He personally assumed command of the assaulting line at the most critical moment and only about 15 yards from the Moro position. His encouragement and splendid example of personal heroism resulted in a general advance and the prompt capture of the hostile stronghold."

Gen. Pershing explained later that he declined to accept the award of the distinguished service cross because he did not consider his action up to the high standards set in the American Expeditionary forces, and that he had disapproved hundreds of recommendations for the cross based on acts "more deserving" than was his act upon which the award had

CALL SPECIAL COURT TO TRY NEAL TRIAL JUROR

Auburn, Jan. 23.—Judge Begley of Plattsmouth convened court here today for the special purpose of hearing the Rozean case.

Cyrus G. Milan, a neighbor of Rozean, complained to the court that Rozean had talked concerning the case, stating that the state had not introduced sufficient evidence to convict and that the case should have not gone further than the coronor's jury.

The defense drew an admission from Louis Milan, a son of Cyrus Milan, that his testimony at the preliminary hearing was false.

GOVERNOR'S GAS TAX BILL READY TO BE ACTED UPON

Calls For Repayment of Tax on Gasoline Used for Power—No Banking Legislation.

The finance ways and means committees of both houses will meet with Governor McKelvie Monday afternoon at 2 o'clock to consider his proposed reduction in appropriations and the cutting off of appropriations which will not be expended.

"There is to be no banking legislation so far as I know," said Governor McKelvie, "so the meeting of the committee on banking will not meet. I have been informed" that portion of the governor's message asking for amendments to the banking law is now deemed a dead letter.

The state bankers have agreed they do not care to disturb the bank guaranty act.

Senator George C. Humphrey of Grand Island is one of the several members of the legislature who openly states that he believes the special session might as well adjourn sine die immediately after convening.

He also is in favor of postponing action on the proposed one cent tax on gasoline. He believes the subject ought to be considered thoroughly by the people before action is taken, and the best thing the special session can do is to decline to act but to await the convening of the legislature one year from now in regular session.

county Jan. 19 and 20. Thursday we visited Miss Ethel Hunter's club at South Bend and found this club doing some very fine work and everyone praised the Hot Lunch club.

Friday we visited the Hot Lunch club at Union, the membership of this club is 14, all members of the Home Economics Class of the Union high school, under the leadership of Miss Neuman. They serve one hot dish each day to the rural children.

A fine plan for serving and cooking large quantities of food a problem that every girl will meet if we are going to have Home Economics as taught in the high school, to really function in the home.

We were served some fine cocoa by the housekeepers at noon and watched all the boys and girls who had the necessary pennies be served cocoa too. We asked one girl why she liked the hot dish and she said, "Because I don't have to worry about the rest of my lunch, because one hot dish makes everything in my dinner pail taste good."

A good reason for the hot lunch club.

Boys and Girls Club Letters

Watch the county papers for the club letters written by the boys and girls of the club. One story will be published each week until 12 have been run. See if your club is up to standard by comparing it with other clubs.
