Owners.

W. R. YOUNG, Auctioneer.  
LOUIE FRIEDRICH, Clerk.

#### CARD OF THANKS

We desire to take this manner of expressing to our kind friends and neighbors our heartfelt appreciation of their tender sympathy and for the beautiful flowers that were laid on the bier of our loved one. May these kind friends have the same tender assistance in their hour of sorrow.—Joseph Peters and Family; Mrs. Joseph Martens; Henry Martens; John Martens; Mrs. Chas. Engelkemier; Mrs. Arthur Stevenson; Mrs. Bert Byers.

If the people who have taken Tanager were to form a line of march in single file, this grand army would stretch from New York to San Francisco and extend over 3,000 miles into the Pacific ocean. F. G. Fricke & Co.

### FARMERS DEMAND EQUALIZATION OF COMMODITY PRICES

Conference Calls on Congress and Harding to Provide Immediate Relief For Farmers.

Washington, Jan. 26.—Immediate steps to re-establish the value of farm products on a parity with those of other commodities was asked of congress and President Harding tonight by the national agricultural conference thru the unanimous adoption of a resolution. The resolution was contained in a report from the marketing committee, and members said its adoption meant "something must be done by the president and congress immediately."

The conference rejected a resolution of the National Farmers' Union, offered by J. S. Wannamaker of South Carolina, which would have called for a government minimum price guarantee on farm products. The conference previously had adopted a resolution which read: "With respect to the question of governmental price guarantees, we feel there should be a comprehensive study of this subject. Therefore we urge that the congress cause a careful investigation of this whole problem to be made by some proper authority which will report its findings as early as practicable."

Co-operative from marketing also was recommended and endorsed.

Other recommendations on marketing approved by the conference called for:

Classification by congress of the rights of farmers to organize co-operative associations for the buying of supplies and marketing of their products; orderly marketing of crops thru co-operative associations of farmers, preferably on a commodity basis; adequate federal and state information services; adequate warehouse, terminal facilities or storage plants for farm products, including temporary storage facilities in producing districts; a federal cold storage law, practical means of marketing stored products more generally available for a basis of loans; standard grading of commodities; studies of marketing costs and business methods.

#### "Swatting the Farmer"

The conference today also entered discussion in the senate and at the hearing of the senate agriculture committee on the Ladd price stabilization bill. Senator Heflin, democrat, Alabama, in the senate expressed hope that the conference would result in some good, and criticized the selection of its delegates. The whole administration, he declared, "from the president down," is "losing an opportunity to 'flop' the congressional agricultural bloc, which was unanimously endorsed by the conference."

At the senate agriculture committee, however, J. S. Wannamaker of South Carolina, a delegate, declared agriculture could be saved from bankruptcy only thru government fixing of prices for cotton, corn and wheat. He agreed with Senator Page, republican, Vermont, that fixed minimum prices could not be maintained without embargoes barring imports of these commodities, and he estimated it would cost the government not more than \$500,000,000 in purchasing farm commodities to stabilize prices.

In a conference with newspapermen, Secretary Wallace voiced opposition to price fixing, which he

said would prove ruinous to the farming industry. He declared he favored plans to restore the purchasing power of the farmer's dollar to a parity with that in other industries.

### PLATTSMOUTH HIGH WINS FROM FALLS CITY

Local High School Team Takes Game by Score of 28 to 14 from Richardson Co. Lads.

From Saturday's Daily. The Plattsmouth high school team last night at Falls City added another notch to their string of victories, when they defeated the fast high school team of that place by a score of 28 to 14, in a very rough and fast game.

This is the fourth game that Falls City has played and they have made a score showing so far this season and were defeated by the fast Nebraska City team by the narrow margin of three points, so that the showing made by the Plattsmouth team speaks well for the playing ability of the home quintet, which although lighter than any past team, is developing plenty of speed and will enter the state tournament with the best of prospects.

In the scoring line Hartford, Howard Dwyer and Mullis each secured three field goals, leading in the scoring. Hartford also added five foul goals to his credit. The line-up of the team was as follows: Frank Gradoville, I; Chas. Hartford, rf; Howard Dwyer, c; Harold Mullis, lg, and Harry Dwyer, rg.

The Plattsmouth high school team has two of their hardest games of the season during the coming week, playing Nebraska City on Tuesday evening and the Creighton high school on Friday evening. Both of these games will be hard fought and from the fine showing of the local five here is every reason to believe that they will carry home the honors in both games.

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hasler had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### NEBRASKA CITY AWARDED EXCLUSIVE USE OF PARK

Lincoln, Jan. 26.—The supreme court decided that the city of Nebraska City is entitled to the exclusive use of its 46-acre park, the Nebraska City Speed and Fair association being ousted therefrom by the terms of the opinion.

The city, through its officials, in 1905 leased 30 acres of the park to the speed association in consideration of the latter constructing and maintaining a race track. The association was to have exclusive control of the grounds during the meetings and fairs.

Some time ago the city brought suit to regain possession of the ground, alleging that the contract was illegal and one which could not be lawfully entered into by the municipality. The defendant admitted that the city was ousted from the ground, but the court finds otherwise. The high bench says the city had no right to grant concessions in a public park without reserving to its officers supervision over the same. The Otoe county district court is reversed and the case is remanded.

#### FOR SALE

20 tons of prairie hay, 4 good work horses, Phone 2913. CLIFFORD ROBERTS.

lwk-d&w

FOR SALE—Ford Sedan, good condition, looks new. Dismountable rim, spare tire, wood chains, speedometer, starter. Call Searl S. Davis, Murray, Neb. 21-d&w

### NEVILLE MAKES REPLY TO GOVERNOR

Former Governor Claims Present Administration Did Not Inherit Deficit From Demo's.

In a letter to the State Journal ex-Governor Neville says that Governor McKelvie's statement that a deficit of \$136,000 was inherited from the democratic administration is untrue and says that instead of a deficit a surplus of \$1,329,000 remained in the state's exchequer. He states that the democrats appropriated less than \$10,000,000 exclusive of revenue from fees and licenses while the republican administration now requires \$22,000,000 exclusive of fees and licenses for the same purpose. Neville charges that due to the slow or non-payment of taxes the republican administration did not register any warrants but avoided this by diverting surpluses of funds levied for other purposes into the general fund illegally as article 3, section 25 of the constitution provides that: "No money shall be drawn from the treasury except in pursuance of a specific appropriation made by law, and on the presentation of a warrant issued by the auditor thereon, and no money shall be diverted from any appropriation made for any purpose, or taken from any fund whatever, either by joint or separate resolution." The governor has called the special session of the legislature in face of a storm of protest in an effort to keep from disclosing this fact, Neville declares.

He further alleges that Tax Commissioner Osborne demanded that the local assessors assess property on the abnormal values that prevailed during the war. This caused a storm of protest. "Finally, the local assessors, who were nearer the

people than the governor (he being out of the state most of the time anyway) woke up and for months they have been making adjustments downward until the amount received by the state thru taxes—will in all probability be several hundred thousand less than was anticipated," Neville states.

### LOCK UP CARS FOR ONE YEAR SAYS EX-GOVERNOR

Butte, Jan. 21.—City sewers on Butte's east side are blocked by large deposits of moonshine mash, including prune seeds, rye, barley, raisins, corn and cherry pits. City Engineer Henry J. Wisgenstein said today. Home brewers, the engineers concludes, are using sewers for garbage can to avoid possible detection of their illegal traffic. Six lines of hose connected to a swirling nozzle, are being used to flush the debris.
