

Collars

Made of Shoe Lining!

Who ever heard of such a thing! It may seem strange, but it's being done and the doing of it constitutes one of the romances of modern merchandising. If you are sceptical come in and let us show you these new collars.

They are so closely woven and so tightly shrunk that they require no starch and yet do not wrinkle on your neck. They hold their shape and retain their size.

Price 50c

DEATH OF CLARK NOBLE IN MISSOURI

Father of A. R. Noble of This City Passes Away Monday at His Home in New Hampton.

From Saturday's Daily. A. R. Noble of this city has returned home from New Hampton, Missouri, where he was called by the illness and death of his aged father, Clark Noble, who passed away there on last Monday at the advanced age of seventy-six years. Mr. Noble was sick only a short time, suffering a paralytic stroke some five days prior to his death and that time on his condition gradually grew worse until death relieved his sufferings.

The deceased gentleman was born and reared in New Hampton, Harrison county, and amid the scenes of the lifelong home he was called by his final reward. To mourn his loss there remain nine children, all but one of whom were at the bedside when the death messenger called him to his last long sleep. The children are Mrs. Janie Epperson, Lawson, Missouri; A. R. Noble, Platte; Mrs. Sarah Glendenning, Hyattville, Kansas; Hugh Noble, St. Joseph, Mo.; Mrs. Della Ricketts, James, Archie and Mrs. Noble, all of New Hampton, and Mrs. Mabel Neighbors of River-ton, Iowa.

The funeral was held from the Methodist church at New Hampton and the body laid to rest in the Kid-well cemetery near that place. The I. O. O. F., of which the deceased had long been a member, had charge of the services.

HUNTERS HIT FOR THE COUNTRY EARLY

Another Wolf Hunt in Progress in the Section of Country South of This City Today.

From Saturday's Daily. At an early hour this morning the hunters who were to participate in the wolf hunt staged over the section of the country between here and Rock Bluffs arose from their downy couch and hit the trail for the scene of action, but the greater part hit the trail in their old reliable Ford. The residents of the territory over which the hunters were to move in their search for the varmints, have been very quiet today, the women and children keeping close to the shelters and the cattle and stock being herded in barns and sheds during the bombardment. Some of the leading figures of the hunt last week were absent from the scene of action and the force of the leadership divided among several of the members of the American Legion.

TIME BRINGS A LARGE NUMBER OF CHANGES TO CITY

Review of the City in the Year 1921 Shows What a Great Difference Has Been Wrought

The story of Plattsmouth of forty years ago as it appears in the old Nebraska Herald for 1881 is printed below and will be especially interesting to the older residents of the community who are familiar with the situation at that time.

"The fact that Plattsmouth has fairly entered upon an era of prosperity, is evidenced in all directions. For nearly a score of years the city had seen but little growth and even the oldest and most sanguine friends had about become discouraged, and the wonderful changes now visible must be grateful in the extreme to the good people who have stood so loyally by the town of their early love. Among the solid improvements of the past year may be mentioned the Gorder block, two story brick, with stone trimmings; the Weckbach & Drew block, two story brick, iron front; Golding's brick block; Rasgor-shek's two story brick block, stone trimmings; the very handsome store of F. Carruth, stone trimmings, iron front; the Union block built by Dr. John Black and the M. E. church; The Herald block and the Fitzgerald block, three story brick, stone trimmings, are among the older im-provements. In the way of residences, old and new are those of Capt. Palmer on College Hill; the fine two story brick dwelling of Dr. Black on Fourth street; the residence of J. A. MacMurphy of the Herald, built by Peter A. Sarpy at Trader's Point and moved to Plattsmouth; the residence of F. E. White, two story brick mansard roof; residence of J. V. Weckbach—a "house of many gables"; residence of A. W. McLaughlin on Sixth street; residence of Hon. Geo. S. Smith, surveyor general, on Sixth street, commanding a fine view of Iowa and the Missouri river; residence of Thos. Marsland, agent of the B. & M.

The Churches Following is a list of the churches of Plattsmouth: Episcopal, St. Luke's Memorial church, built by Mrs. Young, of New York City, gothic stained glass windows, rector, H. B. Burgess; Catholic church, Rev. Fr. Lynch; Baptist church, no pastor; Presbyterian church, a small neat structure, Rev. Mr. Baird, pastor; Methodist, a commodious wooden structure, Rev. Mr. Wilson, pastor.

The Fair Ground To the west of the city is a fair ground with a good half mile track, good buildings, and probably the finest natural grove of trees of any in the state. From the center of the ground there is a magnificent view of the Missouri and Platte rivers, the Iowa bluffs and the Platte river valley.

Schools "The city has three ward schools and a high school—the latter a fine three story and mansard roof brick structure with stone trimmings, situated on what is known as High school hill. There are three departments, high school, grammar, and primary. Total number of scholars, 866. The branches pursued are those in the ordinary high school course. The school is well supplied with maps, globes and other apparatus, the efficient principal, Mr. Drummond, having a corps of twelve assistants.

Newspapers "The Herald, weekly, published by J. A. MacMurphy, has the largest county circulation and is a progressive and ably edited paper. It is one of the oldest papers in Nebraska and is now in the 17th year, having been established by H. D. Hathaway in 1854. It runs two job presses and a power press. "The Journal, daily, published by C. W. Sherman, is a new enterprise with a good circulation and flattering prospects for a prosperous career. "The Enterprise, weekly, published by H. M. Bushnell, has an extensive circulation, and is ably conducted.

Banks "First National Bank, organized in January, 1872, paid up capital, \$50,000. John Fitzgerald, president; J. M. Patterson, vice president; A. W. McLaughlin, cashier; John O'Rourke, assistant cashier. "Bank of Cass County, organized in February, 1881, by Dr. John Black, A. E. Touzalin, E. M. and H. W. Yates, D. H. Wheeler, Henry Boeck and F. Guthman. Capital \$50,000."

They Appeal to Our Sympathies The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach, give them a trial. Weyrich & Hadraba.

Many people on the verge of despair have taken Tanic and recovered. F. G. Fricke & Co. If you have anything to sell, or want to buy, don't overlook a wanted in the Daily Journal.

"Do Rats Talk to Each Other?" Asks Mr. M. Betty, R. I. "I got five cakes of Rat-Snap and three pieces around feed store. Got about a dozen rats, a day for two solid weeks. Suddenly, they got fewer. Now we haven't any. Who told them about Rat-Snap? Rats say and leave no smell. Three cakes, 35c, 65c, \$1.25.

TAX PAYER. If you are run down, discouraged and out of heart, get a bottle of Tanic and see how different it makes you feel. F. G. Fricke & Co.

WHAT THINK YE?

This question I ask because of my belief that what we think is the real vital matter of life. To say this does not imply any measure of disparagement of what we say or what we do. There is without doubt a great importance in these two things, but back of what we say and back of what we do there is a cause and this cause is usually what we think.

I wish to urge the value and importance of right thinking. When I do this, I am not stressing the matter from the theological viewpoint chiefly, although being a person who believes in the existence of God, I feel very deeply the importance of correct ideas on this subject. To me correct thinking on all important matters of life should be the great ambition of intelligent people. Correct thinking is of such vast importance that the men and women who are to lead the great world to improvement or advance in this particular, I consider a great boon to humanity. Of course, the greatest benefit that comes to the correct thinker is the personal benefit. There is an indescribable benefit or good that comes with correct thinking. Persons who are able to find the truth on important matters agree that the exhilaration attending this discovery is one of the most important experiences of life. The scientist who finds out a great scientific truth is filled with much joy. The inventor who has a great idea and is equally conscious of a great uplift of soul and the religious man who comes to know in his own soul a great religious truth sings of it in Hallelujahs.

What we think has more to do with our success, our happiness and our prosperity than any one thing. Through life of all kinds the secret of power and influence of the wholesome sort is correct thinking—thinking true things.

Poor thinking, false thinking, unwholesome thinking, should become to us a thing of a great freedom, if not more than physical disease or financial loss. It probably is true that no one can hope to escape entirely from incorrect thinking. Such is our limitation and such our training that even unto the end of life we shall be more or less likely to err, and sometimes seriously in our thinking, but there is a really marvelous inspiration in the idea that little by little we may throw off our errors of thought and acquire a wealth of thoughts or truths which shall make us conscious of a great freedom, a marvellous liberty. The great Master of Truth said:

"If ye continue in my word, then are ye my disciples indeed; and ye shall know the truth and the truth shall make you free." John 8:31-32. The Apostle to the Philistines, chapter 4, Paul enumerates many things—justice, purity, beauty or loveliness, virtue, praise, and finishes with the counsel "Think on these things."

C. E. J.

CLEVER BASKETBALL PLAYER

The Omaha Bee of today carries in their sporting department a very fine halftone of Captain Stibbs of the Shenandoah (Ia.) basketball team. The young man has secured one of the greatest of Western intercollegiate records this season by scoring individually fifty-one points in a game between his team and that of Farragut, Iowa.

The young man is a son of Mr. and Mrs. George Stibbs of Murray and his splendid record is the source of much pleasure to his relatives and friends here.

A Judicious Inquiry

A well known traveling man who visits the drug trade, says he has often heard druggists ask a customer who wished to buy a cough medicine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from and that it always cures. There is not the least danger in giving it and for colds, croup and whooping cough it is unsurpassed. Weyrich & Hadraba.

MARRIED AT THE COURT HOUSE

From Saturday's Daily. This morning George Kerstey of Leavenworth, Kansas, and Miss Jennie M. Leese of Omaha, were called at the court house to seek the consummation of their life's happiness and to do so sought the realus over which the genial county judge presides and as business was rather slack, Judge Beeson was able to accommodate them at once. The court pronounced the words that made them as one in his usual impressive manner, and Robert Walling and Carl Schmidtman were present to act as witnesses and to seal the compact that is supposed to endure until "death do us part."

SUSTAINS INJURED KNEE

Albert Stoll, former Cass county resident, who lives near Wayside, in the extreme northwestern part of the state, met with an accident a few days ago that has laid him up. He was passing in putting up ice when he slipped and fell, injuring one of his knees very badly. Mr. Stoll has some forty head of stock which require constant looking after, and with no available help the burden has fallen largely upon Mrs. Stoll, and is proving a very heavy one, as the two feet of snow in that part of the country adds to the work. It is hoped that Mr. Stoll will recover the use of his limb at an early date.

CARD OF THANKS

We wish to express our greatest appreciation to our friends and neighbors who assisted us during the sickness and death of our beloved son, and we assure them that their kindness will long be remembered. Mr. and Mrs. Everett Sudduth.

DR. LESLIE FIELDS BEHIND STATE BARS

Omaha Physician Serving from One to Seven Years, Registers at Penitentiary Friday.

Dr. Leslie Fields, Omaha physician convicted in connection with the death of Ruth Ayer following a criminal operation performed by him, registered at the Nebraska state prison Friday morning. He has served some time in the Douglas county jail because of the crowded penitentiary conditions and will receive proper credit.

There were four persons directly connected with the case. Of the four, two are dead. The young woman of Hayes Center, who expected soon to marry Francis Alexander, died soon after the operation. Young Alexander, her sweetheart, shot himself while hunting. It was said to be accidental. The physician and the nurse who assisted him in the operation are the remaining two important cogs. The nurse will soon be brought to trial.

Nor is it certain that Dr. Fields has drained the last bitter drop from the cup nor that his prison term will be counted as payment in full. On February 10, he will be called before the state board of medical examiners to determine why his license should not be revoked. The Omaha physician carried his fight for freedom to the supreme court and lost.

Warden Fenton said that the doctor probably will be put at work in the shirt factory. In regard to a transfer to the reformatory for first offenders, the warden says "he knows nothing of such a move. The physician is too old to be sent there unless as a trustee from the state prison. If such transfer were made, it would be from a professional standpoint. Asked whether or not it would be advisable to draw on the doctor's professional skill in the light of his conviction, the warden said:

"Why not? He cannot pull any of that stuff out here." Another state prisoner to arrive from Omaha Friday was Jack Alexander, sentenced to from three to ten years for burglary.

LOCAL NEWS

From Saturday's Daily. John Toman was a visitor in Omaha today, going to that city on the early morning Burlington train.

Peter Meisinger and wife of near Cedar Creek were in the city today for a few hours looking after some trading with the merchants.

Philip Balser and wife departed this morning for Woodbine, Iowa, where they will enjoy a few days visit with their daughter, Mrs. Hugh Cecil and family in that city.

E. S. Setz of Casper, Wyoming, was here Thursday and Friday for a visit with the old time friends here and while in the city called at the Journal office as a reader of the Journal for the coming year.

Mrs. Searl S. Davis and little son, Stephen, who have been at Dayton, Ohio, visiting at the home of Mrs. Davis' mother, Mrs. Lee Corbin, and other relatives and friends, returned home this morning. They were met here by Mr. Davis, who motored up from Murray to greet the family.

BACK TO THE HOSPITAL

J. Lohnes had to go back to Omaha Saturday to see the doctor about his foot. It had broken open and was discharging again. He had been home two weeks, and it seemed to be getting along nicely, so he felt a little discouraged to have this condition develop.

He went back to the Clarkson hospital and is being treated, hoping to avoid another operation.

Mrs. Lohnes went up with him and returned home Monday night. She said it was almost like going home for Mr. Lohnes, the patients were so glad to see him.—Weeping Water Republican.

Poultry Wanted!

THURSDAY, FEBRUARY 9th A car load of live poultry wanted to be delivered at poultry cart near the Burlington freight house, Plattsmouth on Thursday, February 9, one day only, for which we will pay the following—

ALLIED DEBT BILL GOES TO HARDING WITHOUT CHANGES

Washington, D. C. Feb. 3.—Senate amendments to the allied debt refunding bill were accepted today by the house. The measure now goes to the president, who is expected to appoint soon the commission which is to open negotiations with the debtor nations.

Administration objections to the senate requirements that the refunding obligations mature not later than June 15, 1947, and that the minimum interest rate be 4 1/2 per cent were withdrawn after White House conferences between the president and Chairman Fordney of the house ways and means committee and Secretary Mellon of the treasury department.

Neither the administration nor republican leaders of the house favored the senate changes, but it was explained that they had decided to accept them because there would be further delay in final enactment of the legislation if the bill was sent to conference.

On a separate record vote, the amendment as to the date of maturity, and the minimum interest rate was accepted 299 to 26, with both republicans and democrats supporting it an opposing it. The other amendments were agreed to en bloc without a roll call.

EGGS FOR HATCHING Single comb Rhode Island Red eggs for hatching. Order now. Also baby chicks. Call E. F. Grybsky, phone No. 2824. 330-6d, Tw. 1922.

Blank Books at the Journal Office
