John Farris shipped a carload of cattle to the South Omaha markets last Monday evening, the cattle arriving in the market for Tuesday morning. Mr. Farris was in Omaha to look after the sale of the cattle. G. M. Minford also shipped with him and was interested in the car of cattle accompanying them also.

Miss Elsie Puls, who has been visiting in the north part of the state for some time arrived home last Saturday evening. She had expected to have arrived sooner, but on account of the lateness of trains she was not able to make the proper connections. Miss Elsie had a most pleasant time while she was away.

Last week while Jarvis Lancaster was with a party over on the river skating upon a particularly smooth piece of ice his feet and shoulders changed places and he was standing the wrong end towards the blue sky with the result that Jarvis suffered a fracture of his shoulder blades and which is keeping him layed up for some time. We are hoping he may soon be well again.

Had Excellent Time
The moving picture show which was given at the Peterson hall last Friday was well attended, and attracted a very nice appreciation of the efforts of Mr. Edmund Peterson to furnish a good clean amusement for the people of Murray.

Here is Where You Save
We have an elegant leather upholstered rocker which cost \$35.00. Having shipped it here, and having no use for it, we are offering it for \$15.00. The first one coming for the money gets the chair.
C. E. STEBBES, At Murray Hotel.

Are Feeling Better
The farmers with corn to sell are feeling much better with the advance in price and are now realizing nearer what the corn cost than what it was some time since. The prices now vary around forty cents, and it seems as about as high as could be gotten at this time, although it looks like in the future the price would be better. We are hoping that this may be the case.

Held Interesting Meeting
Three good speakers, accompanied by the Rev. A. G. Hollowell, pastor of the Christian church at Plattsmouth, were in Murray last Tuesday evening and held a very worth-while meeting for the church. A spoke of the work which the church was doing, and were listened to by a very appreciative audience.

Mrs. Amanda Parr Very Low
Word from Mrs. B. F. Brendell, who is visiting at Lebanon, Indiana, and assisting in the care of her mother, Mrs. Amanda Parr, who sustained an injury recently by a severe fall, is to the effect that the mother is now very low and that but little hope is entertained for her recovery.

Doing Some Excellent Work
We chanced to have to travel the road between Plattsmouth and Louisville just recently and found that thoroughfare in excellent condition. This road is now the best we have ever seen it and is making a very popular road. Messrs. Walter Beyers and Ed Lewis have not left undone anything which they could do to make the road equal to any.

Had an Excellent Sale
The sale which was made by Jack West and which was conducted by Col. W. R. Young, one of the best auctioneers in this state or any other, and the matter of settlement was looked after by Mr. Glen Boedecker, who knows the how in these matters. Oscar Nailer served lunch during the sale and so the interests of the buyers were well looked after. There was a large crowd, the day being fine and the bidding very spirited.

Will Build Modern Hog House
Uncle Geo. Shields and James Earhart are going to have constructed for themselves one of the most modern and up-to-date hog house in this portion of the country. The work will be done by J. A. Scotten and Ralph Kennedy.

Will Hold Meeting Sunday
The arrangements are perfected for a most interesting time at the Christian church the coming Sunday evening when the Rev. Stibbs will conduct the services. Rev. Stibbs is

a very eloquent speaker and is well worth going many a mile to hear discuss the scriptures. Go and you will be well repaid for the effort. Remember the hour, 7:30 Sunday evening.

At Home to Her Friends
That is just it, Miss Aurora Lee Lyman, arriving at her parents home last Monday at Belle Fourches, S. D., and found them feeling pretty good. Thank you. Yes, the little one congratulated the mother as well as the proud father on their excellent and in doing well herself. No, that is not all of it for had you looked into the face of grandpa B. A. Young you would have thought that you were staring into the sun or into an auto light at night before the dimer law went into effect. That smile, that smile, we got a glimpse and even we have looked ahead ever since. Still we do not blame grandpa Young for smiling.

Earnie is Doing Fine
Earnie Henkle who everybody likes, is doing fine at the hospital at Omaha and expected with the rate of improvement which it is hoped will continue, will be able to return home in the near future.

Scotty is Here
Former citizen of Murray, and one who assisted in making the town show up on the map, W. A. Scott, arrived from the south last Tuesday morning looking the picture of health and as though he had been well fed in the Sunflower state, and is visiting with his many friends here. When asked by the reporter why he was going to return to Murray so he said, "I do not know yet." Now Mr. Scott would no doubt find a good place to live should he return to this town, and he would have stayed away probably run something of a chance of finding a much worse place.

Lumber is Much Lower
W. B. Panning, of the firm of Banning & Nickles, was here from his home at Union last Tuesday consulting his partner, Mr. George Nickles regarding business matters and making arrangements for the conducting of a very aggressive business for the disposal of their goods here. Messrs. Banning & Nickles have a very nicely assorted stock of goods which they are making good use of to those who care to purchase and are furnishing excellent stock in their line.

In line with the falling prices of everything else, they have made their prices lower also. They are meeting the decline and in many instances are making good use of the price of yellow pine flooring which cost not to exceed a year and a half since sold at 117.50 wholesale, now sells at \$89.00. This is some reduction. Cement, which cost wholesale \$4.27 now is selling for \$3.50. Many other things bear the same reduction and all of the goods are ruling much lower in price.

Will Endeavor to Improve Service
With the end in view of bettering

the rural postal service inspectors have inspected the rural routes and are now offering some suggestions which if followed will materially aid in the better service which is the desire of all. In the matter of boxes they are expecting that all boxes be of the regulation style and pattern and that they be placed in easily accessible positions and places. That the roads be kept in as good a condition as possible that bridges and culverts being kept in good repair and that the roads be gotten in good condition as soon after storms as possible. All patrons should keep themselves supplied with stamps and envelopes and all mail should be properly stamped before being posted. Do not put loose change in the box and especially during cold or stormy weather. If you are compelled to place money in the box wrap it up so the carrier will not have to remove his mittens for the purpose of picking it out of the box. Much of the bettering of the service depends on the patrons of the routes and they are the one to benefit by the betterment which follow these suggestions will secure. This doing what you can and see how all it will be reflected in better service.
