Grandmother Parr Answers Call
Mrs. Amanda Parr, who would have been ninety years of age on June 17th, this summer, answered the call of the Death Angel last Wednesday, February 8th, after having been confined to her bed following a severe fall which left her almost helpless. Mrs. Parr, who is the mother of Mrs. P. F. Brendel, was born June 17, 1832, and has made her home in her native state of Indiana during her lifetime. She was a most estimable, beloved and honored by all who knew her. She was the mother of nine children, all of whom survive her. There were three sons and six daughters who honor and mourn this excellent aged woman. The sons are Mont Gomery, son by a former marriage, and Nelson and Jacob Parr, and the daughters Mesdames Elita Shelby, Jane Barker, Josephine Brendel, Mrs. B. F. Brendel, Mrs. Barker Reed and Glen O'Neil came to her rescue and assisted in unloading the cargo of fruit from the burning car, but the fire had gained such headway they were unable to prevent total destruction of the truck.

Suffers Loss of Truck
Last Friday evening as Robert Driscoll, who operates a truck line between Omaha and Nebraska City, was passing the crossing east of Murray, he thought to take a smoke, and lighting a cigarette carelessly threw the match away. Somehow it alighted on the top of his truck and was fanned into a flame which burned the car near the home of Henry Timm. Mr. Driscoll, who carried a gun, fired it several times to attract attention and secure help in extinguishing the flames. Messrs. Henry Timm, Frank Reed and Glen O'Neil came to his rescue and assisted in unloading the cargo of fruit from the burning car, but the fire had gained such headway they were unable to prevent total destruction of the truck.

This Looks Good to Us
Some time ago the young people around Murray held a most pleasurable entertainment at the Peterson hall which netted some duets for the Library association and were encouraged to try the matter again and on last Tuesday evening gave a valentine party with some success financially, and proving a most enjoyable time for all who attended, and those who did not surely failed to appreciate what was worth while.

Business Looking Up
We visited the Murray Garage last Tuesday and found everybody very busy, and with work crowding them. The garage is doing excellent work and at a figure lower than most competitors, and with the very clever treatment, they are enjoying a very good business. Not alone is business better in this line, but it is looking up all over and we are looking for much better business as spring advances.

Smile and the World Smiles
That is a fact, and there are many causes for smiling as well. Just the longing of a fond heart for a little daughter has been filled in the case of our friend, John Hobbek. Four sturdy sons have heretofore graced their home, but it was not until last Saturday that a little daughter, one of the dearest little blue eyed babies, came to make this home completely happy. Mr. Hobbek was away attending a sale and during his absence the stork made its visit and presented the home with the baby girl, as a surprise and delight to the fond father and mother, and no wonder the smiles are reflecting on each member (Continued on page 6)
