FORMER SENATOR FROM COLORADO DIES IN DENVER

John F. Shafroth, Twice Governor of State, Succumbs After Illness of One Week.

Denver, Feb. 20.—John F. Shafroth, former United States senator from Colorado and twice governor of this state, died here this afternoon. He was 67 years old. He had been ill about a week.

Senator Shafroth was a democrat. After having served in the national house of representatives, Shafroth was elected governor of Colorado in 1908 and re-elected in 1910. He was chosen United States senator in 1912 but was defeated in 1918 by Lawrence C. Phipps, republican.

Shafroth began his political life as a republican in 1896, after having been chosen city attorney of Denver. Changed Party Allegiance
In 1898, however, Shafroth deserted the orthodox republican party and aligned himself with the free silver element and that wing of the party returned him to congress.

In 1904, one of the most dramatic incidents of Shafroth's political career occurred when he made the race for congress for the 58th session as a democrat. His opponent was Robert W. Bonyng, republican. On the face of returns, Shafroth was declared the winner. Bonyng, however, charged fraud in the counting of the ballots. Prompted by his desire to hold office without criticism, Shafroth instituted an investigation of his own. In one of the most remarkable speeches of his kind ever delivered in the national house of representatives, Shafroth resigned from that body.

Made Tour of Europe
In the fall of 1921, the senator and Mrs. Shafroth made an extended tour of Europe. Since the first of January, Senator Shafroth has devoted his entire time to the law business here.

He is survived by his widow and three sons, John F. Jr., Morrison and William, all of Denver.

STATE OFFICERS' PERSONAL EXPENSE \$258,000, 7 MONTHS

Lincoln, Feb. 20.—Railroad fare, lodging and personal expenses of state officers and employes during the last seven months total \$258,000, according to records in the office of Secretary of Finance Phil Bross.

A \$63,000 item for railroad fare—equivalent to 2,750,000 miles at 3¢ cents a mile—would send one person seventy times around the world, or 500 trips across the American continent.

Automobile hire totalling \$39,000—at the rate of 10 cents a mile—would make 957 trips from the extreme east to the Wyoming line of Nebraska.

Meals and lodging of officials came to \$61,000, enough to provide sustenance at \$3 a day for one person for over fifty-five years.

The postage item was \$20,000, enough to buy a million stamps. To write 2,000,000 letters would take a good stenographer twenty-seven years.

There are other items, such as \$60,000 for printing, advertising and photography and miscellaneous personal items—tips not separately classified—aggregating \$14,000.

ENJOYABLE BIRTHDAY PARTY
