PLATTSMOUTH, NEBRASKA, THURSDAY, MARCH 2, 1922.

NO. 66

FUNERAL OF EDWARD BULIN HELD HERE ON SUNDAY

Body of Young Man Arrives From Long Journey and is Laid to Rest in Cemetery Here.

From Monday's Daily. The body of Edward Bulin arrived in this city Saturday evening at 6:30 from Artesia, New Mexico, where he passed away a week ago, and was taken direct from the Missouri Pacific station to the home in the south portion of the city where the service was held yesterday.

At the home yesterday afternoon a large number of the neighbors and friends of the deceased young man gathered to pay their last tribute of respect and love to his memory. Rev. H. Kottlich, pastor of the St. Paul's Evangelical church conducted the services and spoke words of comfort to the family that has been called upon to part with the members of their family and held out to them the promise of the future where partings should not be necessary.

The interment was at the Oak Hill cemetery in the family lot and where the beautiful flowers attested the deep feeling of esteem held for the deceased young man.

The sister, Miss Rose Bulin, with whom the deceased young man made his home, and the brother, Joseph Bulin, of this city, accompanied the body from Artesia to this city.

Card of Thanks To the many kind friends and neighbors we desire to return our most heartfelt appreciation of their many acts of kindness during our bereavement and we also desire to thank the friends for the beautiful flowers and particularly the Machinists' union.—B. Bulin and family.

EIGHTH GRADERS WIN GREAT BASKET BALL GAME

In Extra Five Minutes of Play Our Boys Defeat Havelock by a Score of 35 to 29.

From Monday's Daily. Those who enjoy a real live basketball contest were given a treat Saturday evening at the high school gym, when the local Junior high school mixed things up with the team of the Havelock school and won by the score of 35 to 29, with an extra five minutes necessary to clear up the result of the tied up game at the close of the second half. As a whole the Havelock team had probably the best organized effort in the game, but the speed and fight shown by Fred Rebal, captain of the Plattsmouth team aided in securing the victory for his team as he showed real basketball playing in all of the critical parts of the game. Charles Richards also performed most creditably for the locals and with the aid of these two lads the Plattsmouth team achieved their hard earned victory. At the close of the first half the score stood 18 to 17 in favor of the locals and the tide of battle swayed back and forth until the close when a tie was announced and the extra time agreed upon with the result that six baskets were secured by the locals and one by the visitors.

The game was pronounced one of the most exciting seen on the Plattsmouth floor this season and some 200 rooters were present to cheer on their team to victory.

SURPRISED ON BIRTHDAY

From Monday's Daily. Yesterday was the birthday anniversary of Mrs. W. T. Smith of this city and in honor of the occasion a number of the lady friends gave this estimable lady a real surprise that will long be very pleasantly remembered. Mrs. Smith was wholly unaware of the plot that had been formed among the friends and it was not until they arrived at the Smith home that she awoke to the fact that there was "something doing" and that it was her natal day. A fine dinner was one of the features of the occasion and with social conversation served to pass the day very pleasantly. Those in the party of "invaders" were Mesdames Thomas Sullivan, W. B. Taylor, Bennett Christy, Rose Gogdill, A. K. Knies, Mrs. J. T. Begley, Dr. and Mrs. R. P. Westover and Mr. and Mrs. William A. Robertson.

ENTERTAINS AT DINNER

The St. Luke's restory was the scene of a very delightful pre-Lenten dinner party Saturday evening when a number of friends were invited in to enjoy the delightful hospitality of Leete home. The appointments were in keeping with the season and added a pleasing feature to the very pleasant occasion. Those in attendance were Judge and Mrs. J. T. Begley, Dr. and Mrs. R. P. Westover and Mr. and Mrs. William A. Robertson.

Blank Books at the Journal Office.

HAVE SOME ROW

From Monday's Daily. The peace and calm of Wintersteen hill was disturbed yesterday by a rather large sized family row that brought in as peacemaker, Chief of Police Alvin Jones, and later County Attorney A. G. Cole. Mr. Cole had the parties in to discuss the affair and displayed Solomon-like wisdom in settling the affair as both parties in the melee contended they were right and it required a general disarmament conference. The indications are now that peace and harmony once more prevail on the point.

TROUBLE WITH THE AUTO DRIVERS AND NUMBERS

Use of Cardboard Assignment Numbers May Lead to Drivers Getting Mixed with Law. The use of cardboard assignment numbers by drivers of automobiles may lead to a number of the auto owners getting themselves mixed up with the machinery of the law if the practice is not cut out, according to the statement made by the county authorities.

The cardboard numbers are issued by dealers when a car is sold to a customer and are stamped with the day of the month in which they are sold and with these the owner of the car can operate for a period of ten days, which gives them time to secure the regular state license plate and number from the office of the county treasurer. The card board numbers are not to be used in any other way than that on cars that are sold by the dealer to a new purchaser of a car and if the party purchasing the car runs over the ten day limit they are liable to be fined.

What seems to be the chief complaint of the authorities is that the cars are operated on the streets with these numbers in violation of the law and in cases that are not supposed that the improvised numbers should be used. It is one thing to have the receive the earnest attention of the auto owners as the fine for the law violation would more than pay for their license number.

PRESENTS A VERY FINE APPEARANCE

Interior of the First National Bank Building is Given Redecorating and is Very Attractive.

From Monday's Daily. While the First National Bank is the oldest bank in the county in years, it is one that proposes to be the most up-to-date in appearance and accordingly has just been given a thorough re-decorating and made as bright and attractive as the day the bank building was opened to the public in 1908. The walls and the steel ceiling have been painted a very attractive shade of deep cream color that makes for brightness and light in the interior of the banking room and the wood fixtures all re-varnished and placed in the most up-to-date shape.

To go with the new decorated interior, new lighting fixtures are being installed that will make working in the bank a real pleasure for the officers and clerks. With the neat appearance of the bank it is one of the most attractive business establishments of the city and a more modern appearing bank building would be hard to find.

PLEASANT BIRTHDAY PARTY

From Monday's Daily. The home of Mr. and Mrs. Herman Reichstadt was the scene of a very pleasant birthday party on Saturday afternoon when their daughter, Dargard, celebrated her twelfth birthday. For the afternoon a number of the little friends of the guest of honor were invited in and assisted in making the day one of the rarest pleasure. Music and games served to pass the time very delightfully and at an appropriate hour dainty refreshments were served. Those who were present were: Alice and Mary Schlater, Catherine and Patricia Flynn, Dora Soennichsen, Lewis Poszaty, Theresa Libenthal, Mary Ann Rosenkrans, Anna May Sandin, Aurelia, Igenberg and Lorene Reichstadt, Demond and DeLough Utter, Kenneth and Roscoe Haynie, Robert Huneke, Robert Wurl, Francis Hedington, Ralph Olson, Paul Pickett, Edward Egenberger, Oscar Sandin, Dargard and Bruno Reichstadt, Mrs. Lillian Freeman, Mrs. O. Sandin and Mrs. Schlesinger.

WILL LOCATE HERE

Andy Schmader, the clever young boxer of Cass county, came over Saturday from Louisville and while here completed the plans for moving to the best city in Nebraska—that of Plattsmouth. Andy has a very large number of admirers in Plattsmouth as well as over all of Cass county, and the friends are pleased to welcome him to this city to make his home.

FUNERAL SERVICES OF MRS. DAVID E. RICE YESTERDAY

Methodist Church Well Filled with Old Friends to Pay Tribute—Two Sons Not Present.

From Monday's Daily. Yesterday afternoon at 3:30 the funeral services of the late Mrs. FAYRUE E. RICE were held at the Methodist church and a large number of the old friends and neighbors were in attendance to pay their tribute to the memory of this good woman, who had been called so suddenly from the family circle to her final reward.

The Rev. John Calvert, pastor of the church, spoke feelingly of the life of Mrs. Rice and to the sorrowing children gave words of hope and consolation in the hour of sorrow that has come to them. During the service a quartet composed of E. H. Wescott, J. P. Perry, Miss Florence Balsler and Miss Kief sang three of the favorite hymns of the deceased, "Sun of My Soul," "Rock of Ages" and "Nearer My God to Thee."

At the conclusion of the service at the church the body was returned to the home to await word from the two sons, George and Edward Rice, of Boy River, Minnesota, with whom it has been impossible to establish communication, owing to the severe blizzard that has been sweeping across northern Minnesota. One son arrived this morning and services were held at 1:30 this afternoon. The interment was at the Horning cemetery south of the city.

Alzina Nelson was born April 28, 1857, at Maysville, Kentucky, and died at her home in Plattsmouth on February 24, 1922. She was married on August 8, 1872, to David E. Rice and the family came to Plattsmouth forty-five years ago. The husband died April 11, 1914. There remain to mourn the death of Mrs. Rice, twelve children living and two dead, sixteen grandchildren and one great grandchild. All of the children were at home with the exception of the two sons residing in Minnesota.

ANOTHER CANDIDATE FOR COUNTY ATTORNEY

From Tuesday's Daily. The office of county attorney that has been filled so acceptably by County Attorney A. G. Cole, seems to be the object of the early flings by candidates who foreseeing the retirement of Mr. Cole are seeking the honor. Joseph Capwell, of Elmwood, entered the lists last week as a candidate for the democratic nomination and this morning William Kieck filed for the republican nomination to that office. Mr. Kieck has been a resident of this city for the past year and has during his residence here made many warm friends by his bright and pleasing personality and his clever business like methods.

Mr. Kieck is a graduate of the Nebraska university and also the Creighton law school, and prior to coming to Plattsmouth was quite active in public life in Sarpy county, being a member of the state constitutional convention from that county in 1919.

Mr. Kieck is a former service man, having been in the air service in France for several months during the world war. He has since his retirement from the firm of Dwyer & Kieck, been engaged in the practice of law in his own offices here and has become well acquainted with a large number of the residents of this portion of the county.

TROUBLE OVER CHILD

From Tuesday's Daily. This afternoon not a little excitement was occasioned at the Burlington passenger station when a family named Winkler had a mixup over the custody of the ten-year old son of the couple. It seems that the father of the boy, who has had the rearing of the child, has consumption in a very severe form and the boy has been staying with the father on the farm south of the city until the mother, who resides at Newport, Nebraska, was apprised of the condition that existed in the home and came here to secure the child. The parents of the boy have been separated for some time and during this time the boy has grown much attached to the father and accordingly when brought to the passenger station to leave made a decided protest and in which the father participated and for a few moments it seemed that the bystanders or the law would have to be involved to keep the struggle from becoming serious. The mother was assisted on the train with the child and the father prevented from securing the boy although he made an attempt as the lad was placed on the train.

BACK ON THE JOB

From Monday's Daily. Raymond Rebal, linotypist at the Journal, who has been taking an enforced vacation from his work, as a result of a severe attack of flu, returned to his duties today.

RETURNS FROM THE SOUTH

W. E. Rosenkrans, the real estate dealer, returned Saturday from an extended visit of several weeks in Texas, spending the greater part of his time in San Antonio, where he has extensive land interests that require his attention. He reports conditions there as being somewhat the same as in this part of the country. But the large number of tourists make conditions some better in the way of business. The stay in the south was much enjoyed by "Rosy" and he is firm in the belief that it is certainly some country.

FORMER PLATTS-MOUTH MAN HAS SERIOUS ACCIDENT

Car Driven by Arthur E. Pribble, of Kearney, Runs Over Girl at Lincoln on Sunday.

From Tuesday's Daily. Among the list of Sunday automobile accidents is one at Lincoln, in which Arthur Pribble, former Plattsmouth newspaper man, figures, as it was the Ford coupe driven by Mr. Pribble that ran over Miss Elizabeth Nolda at Ninth and South streets, Lincoln, at 3:15 Sunday afternoon. Mr. Pribble stopped the car as soon as the accident occurred and picked up the injured woman, conveying her to St. Elizabeth's hospital, where she died a short time later. Mr. Pribble then notified the police of the accident.

In speaking of the accident the State Journal has the following: "E. E. Shields, 309 Van Buren street, Chicago, who was riding with Pribble at the time of the accident, and several witnesses were questioned at the police station by County Attorney Charles E. Matson. Pribble said he was driving east on Ninth street about twelve miles an hour and did not see the woman before the car was upon her. He said he stopped immediately and ran back to pick her up. Albert Carter, 2534 South Ninth, who was riding with Pribble and then carried Miss Nolda into the hospital.

"Shields also said that he had not seen the girl until the car was upon her. There were two cars parked at the curb ahead of them and another car, which was being driven from the east, Miss Nolda, he said, had evidently been crossing from the north side of the street and stepped out from behind one of the other cars.

"County Attorney Matson said, after questioning Harry Watson, 1447 1/2 North 10th, who was riding with Pribble at the time of the accident, that it appeared that Miss Nolda stepped on the wet pavement in the path of the car. Both Pribble and Shields were in town on business. The former was stopping at the Windsor hotel and the latter at the Lincoln hotel. Both were released by Pribble and then carried Miss Nolda into the hospital.

POLITICAL POT SIMMERING FOR MUNICIPAL ELECTION

From Tuesday's Daily. The city political pot has begun to show signs of bubbling for the coming municipal election and already one candidate has definitely stated his position and announced his intention of placing himself before the voters for the office of Mayor of the city, and this is Fred Wagner, proprietor of the Hotel Wagner. This is Fred's first appearance in the political game in the city and he has already made his platform on which he will appeal to the voters.

The principles on which Mr. Wagner will make his campaign for the nomination for mayor cover a number of subjects and among them the following: Reduction of taxes, completion of city park and tourist camp grounds, closer co-operation between the business interests of the city and the shop men, and his slogan for the campaign will be "Let politics alone" and put Plattsmouth on the map.

Mr. Wagner has received a large number of pledges from citizens of the community of their support that have encouraged him to enter the race for the office of chief executive of the city.

RETURNS FROM THE COAST

From Monday's Daily. Mrs. F. H. Dunbar and little daughter, Jane, who have been spending several weeks on the Pacific coast, returned home yesterday afternoon. Mrs. Dunbar was sick for all but four days of her stay at Los Angeles and this detracted from the real enjoyment of the trip to the west and made necessary her return home. She is feeling very well now considering the long and tiresome trip and is resting quite easily at her home. Mrs. Dunbar is troubled with what seems to threaten a mastoid and which will require a great deal of care and attention.

Pure bred Buff Orpington hens and pullets. Tw-4c. MRS. J. H. BROWN.

COUNCIL TO TAKE UP SEWER PROBLEM

WILL ADVERTISE THE PROPOSED SEWERAGE; SET TIME FOR HEARING ON SAME.

The greater part of the session of the city dads last night was devoted to the proposition of the re-paving of Main street and the construction of two four-foot box sewers along the two sides of the street to care for the flood water that might result as the natural outcome of rainfall in the territory drained by the main section of the city.

Engineer Bruce had with him at the meeting several plans of paving as well as the sewerage and which were placed in the hands of the councilmen for their consideration. The plans were prepared for both the convex and concave plans for the surface of the street. With the plans and the present form of the street, the carrying capacity was greatly increased.

The plan for a six-inch crown on the street also provided for a twelve inch gutter line on the sides of the street and with this plan was carried the proposal for a sewerage system that Mr. Bruce stated would increase the carrying capacity of the street forty per cent.

Mr. Bruce also submitted the plans for both a center line sewer and the side line sewer. The center line sewer would, in the opinion of the engineer, cost \$31,913, while the side line sewer which would also eliminate a part of the cost of paving, would cost \$22,000.74. The side line sewer would take off some six feet of the paving on each side which would be used as concrete gutters.

As explained by the engineer the granite blocks would be used in the sewer and this would make the cost of the sewerage system equally divided over the district of \$4.80 per lot. However, Mr. Bruce thought that the property that was directly affected by the sewer should pay cover the entire cost of the sewer in the district. He had talked the matter over with Frank T. Darrow, the Burlington engineer, who had laid out the present street, and Mr. Darrow had agreed that the proposed sewer would do away with many of the troubles occasioned by the overflowing water on Main street. Mr. Bruce stated that on the suggestion of Mr. Darrow he had changed the course of the sewer that he had originally planned to open at the subway so that it crossed Main street at the Burlington right of way and connected with the main sewer at a point near Richey street and from which it would cross the Burlington right of way and that the railroad had desired this in keeping with their plans and would lay the sewer along this section, cutting down the cost of the city close to \$1,000.

It was also proposed by Mr. Bruce to have fifteen foot inlets along Sixth street and also openings at the intersection of Sixth and Vine that would convey the flood water thru smaller sewers to the large sewer on Main street.

The matters of paving was also taken up and several plans laid before the council. Plan D, first offered, was for the cobblestone base with one inch space for concrete grouting, brick block covering and sand cushion.

Plan E, was the same with the exception of providing for a four-inch concrete re-enforced covering to the granite block.

Plan F, called for the same as E, with the exception of the two-inch asphalt covering for the paving.

Plan C, was for re-enforced concrete, Plan B, for straight concrete and Plan A, for the straight brick block paving with concrete base. All of these called for a six-inch base.

Mr. Bruce presented a resolution which was to publish the proposed sewer district and set a date on which hearings might be had by those interested before the council, altho under the law the council could proceed as they wished in the matter.

It was decided by the council to have the resolution passed and that March 20th be set as the time for holding the meeting to take up the matter of adopting or rejecting the sewer proposition.

The Plattsmouth Water Co. presented a communication to the council in regard to the extension of its mains and promising to have the same looked after as soon as the weather conditions would permit.

The proposition of the Plattsmouth Motor Co. to sell the city a Fordson tractor for the sum of \$500 for use in grading and dragging the roads was placed on the table as the dads did not feel the city could afford it at the present time.

Chairman Knorr of the Judiciary committee reported that the present ordinance as regards the digging up of the streets of the city was strong enough if enforced and did not require an additional amendment to put teeth in it. He also reported that the Kroehler lots near the city property on Washington avenue had been appraised and that the city would not be in a position to take the final steps to secure them.

The lighting committee through Chairman Schulhof reported that the committee had investigated the matter of placing the additional street

CANDIDATE FOR CONGRESS VISITOR HERE YESTERDAY

Hon. Pell A. Barrows, Now Lieutenant Governor and G. O. P. Adherent Visiting Voters.

From Tuesday's Daily. Yesterday afternoon the pleasant and genial countenance of Nebraska's Lieutenant governor, Hon. Pell A. Barrows, was with the citizens of Plattsmouth, when Mr. Barrows dropped down here for a short visit with the old time friends and neighbors in this section of Cass county.

Mr. Barrows is a candidate for the republican nomination for congress in the first district and is getting over the district meeting the various political leaders and the voters who will select the candidate for the nomination at the primary in July.

The Cass county people feel that they have a claim on Mr. Barrows, as he was for some time engaged in the newspaper game in the county as editor and publisher of the News-Herald in this city, and being an old time newspaper man gave the people a very ably edited organ during the time he was at the helm of the paper. Since removing to Lincoln he has been the representative in that city of the Omaha Bee and later was selected as lieutenant governor in 1918 and again re-elected in 1920 to the position, filling it with ability and dignity to himself and the state.

While here Mr. Barrows dropped in for a visit with the Journal and to exchange greetings of the craft and the visit of the genial statesman was one much enjoyed by all of the force.

If we are to have a republican as congressman from this district, certainly no better choice could be made than that of Mr. Barrows.

CAPTURES WHITE 'POSSUM

From Tuesday's Daily. Tom Jennings and John Bowers yesterday captured an unusual animal rather a rare appearing member of the opossum family—that of a white 'possum family—that was caught on the Myron Wiles farm and was brought on into Plattsmouth by Fred Wittstruck, who has the animal at his home in the south part of the city. This is one of the first white 'possums that has been captured in this locality and is rather a freak of its kind. The owner expects to keep the animal for a pet.

SECURES THE AUTO

The Plattsmouth Motor Co. has been advertising a Ford touring car of the 1916 model for sale to the highest bidder and a number of bids were placed in the hands of the company up to last Saturday evening when the bids were opened. It was found that H. H. Cotton with a bid of \$61 was the highest and was accordingly given the car.

NOW DOING NICELY

Mrs. P. A. Horn, who has been at the St. Joseph hospital in Omaha for the past four weeks, taking treatment, is reported as showing much improvement in her general condition despite her very serious condition.

SUFFERING FROM THE FLU

From Monday's Daily. T. H. Pollock is among the latest of the Plattsmouth people to be afflicted with the flu and is confined to his home with the unpleasant malady and while not serious his condition is very annoying and will keep him in several days.

DANCE IS SUCCESS

The Hard Times dance given by the degree staff of the Rebekahs at the M. W. A. hall Saturday evening proved a very pleasant success in every way, both socially and financially. There were quite a number of real hard time costumes and the Harding badges were much in evidence on the trousers of the gentlemen who were at the ball. Everyone had a good time and no one was fined for not being in hard time costume.

STRENGTH SERVICE

Joint Checking Accounts!

Business partners or husbands and their wives can open joint checking accounts here with funds subject to the check of either party.

There is nothing complicated about the arrangement and it is often a convenience to keep funds in one account.

That's what we're here for—to further your convenience in the matter of good banking service.
