STATE ADJUTANT WILL BE HERE FOR THE BANQUET

Frank B. O'Connell, state adjutant of the American Legion has written his acceptance of the invitation of the local post to be in attendance at the ex-service men's reunion and banquet on Wednesday evening, March 15th.

O'Connell is one of the "Bucks" who are prominent in state Legion activities and like Ed McDermott, of Kearney, is proud of the fact that he did not attain to the rank of commissioned officer. He was among the organizers of the Lincoln post and when the state organization was effected became state adjutant, which position he has since retained.

O'Connell has had extensive experience in post activities and will deliver a snappy ten minute talk on that subject at the banquet.

Coupled with the attendance of State Commander Ritchie, there will be present the two head officials of the state Legion organization and it is expected several hundred ex-service men from all over the county will be here for the occasion.

ASKS THAT CHILDREN BE REMOVED FROM PARENTS

State Intervenes in the Case of Minor Children of Frank Warner, of Near Elmwood.

A petition has been filed in the office of the clerk of the district court by the State of Nebraska in which the court is asked to take the custody of Hulda, Irvin, Marie, Ruth and Orville Warner from their parents, Frank and Mary Warner and give the children into the custody of the state for care and rearing. The petition alleges that the children are neglected and that the parents have failed to give them the proper rearing and therefore the court is prayed to place the children somewhere for the purpose of proper bringing up.

The mother of the children is an invalid and her physical condition is such as will not permit her to look after the training of the children. The family reside in the vicinity of Elmwood.

AUCTION SALE TO FEATURE BARGAIN DAY

NEW STUNT TO ALLOW AUCTIONING OF ARTICLES FOR THE GENERAL PUBLIC.

The committee of the Ad club in charge of the Bargain Wednesday community sales has arranged a new feature that will be of great interest to the general public and especially those who have anything they would like to dispose of at public auction. The room of the M. E. Smith company on lower Main street has been secured for the use of the auction and here W. R. Young, the famous Nebraska auctioneer will preside for three sales on Wednesday, March 15, one being from 9 to 10 a. m., one from 1 to 2 p. m. and one from 8:30 to 9:30.

Mr. Young will sell anything from a needle to a Cass county farm and those who are desirous of disposing of any of the odds or ends around the house or farm should bring it in.

The auctioneer will make no charge aside from a five per cent commission on the articles sold and this is certainly a golden opportunity for the residents of the county to bring in the articles they may desire to dispose of. There will be no merchandise sold at the sale from the business houses of the city and every article offered will be sold and no by-bids allowed, so that if an article is placed on the block it is going to be disposed of.

Those who desire to sell anything may do so by getting in touch with Fred P. Busch, secretary of the Ad club and the room will be opened for the storage of articles for the sale. Live stock will also be looked after in the proper manner by the Ad club until the day of the big sale.

With the usual array of real bargains in the stores and the chance to pick up many offerings at the auction, this should be one of the big days in the history of the city.

LONG FIGHT FOR LIFE ENDS UNSUCCESSFULLY FRIDAY

Percy A. Warthen Dies Last Evening at the Clarkson Hospital in Omaha After Long Illness.

Last evening the long and brave fight for life that Percy A. Warthen of this city has made for life was brought to a close when the young man passed away at the Clarkson hospital in Omaha where he has recently undergone a series of very severe operations. The illness of Percy dates back to the early part of 1918, when he was afflicted with a mastoid while in the army and he has since undergone a number of operations, in the hopes of giving him some relief but without avail. Following his operations at Omaha his conditions was so weakened that blood transfusions were necessary and the brother, Webster Warthen, gave a great deal of his blood in the hopes of aiding in the recovery of the brother but without avail.

Percy A. Warthen was a son of Mr. and Mrs. B. E. Warthen, and was born March 9, 1895, and has spent the greater part of his life in this city. When the United States entered the World War, Percy, like many of the patriotic youth of the land, heard the call of his country and volunteered July 17, 1917, in the 6th Nebraska Infantry and in company with some forty others from Cass county was assigned to the machine gun company of the regiment and accompanied the organization to Deming, New Mexico, where they were located at Camp Cody. In the first part of 1918 the young man was taken with a severe case of malaria and sent to the camp base hospital where he was operated upon and where for a number of weeks his life hung on a thread, and on his being able to leave the hospital he was given a discharge on account of physical inability and deprived of the privilege of accompanying his company on their departure for overseas. Returning home he was engaged in work in Omaha for a greater part of the time until frequent re-occurrences of his malady made necessary his return to the hospital where he passed away.

To mourn the death of this splendid young man there remain besides the parents, six brothers and four sisters, Roy Warthen, Chicago; Harry Warthen, Omaha; Webster, Calvin and Norman, Plattsmouth; John Warthen, Omaha; Mrs. Josephine Carson, O'Neill, Nebraska; Mrs. Mary Moss, Atchison, Nebraska; Mrs. Lois Carr, Coles, Nebraska; Mrs. Fern Fairino, Chicago, and Mrs. Lillian Thompson, Omaha.

SENATOR REED ATTACKS PECK

Washington, March 3.—Major R. G. Peck, whose renomination for promotion to be a lieutenant colonel is pending, was attacked vigorously in the senate today by Senator Reed, democrat, Missouri.

Referring to Mr. Peck's alleged criticism of the Thirty-fifth division of the A. E. F., composed largely of Missouri and Kansas troops, Senator Reed said Major Peck's report contained a "gratuitous and uncalled for insult" to every volunteer soldier of the army.

PROBE OF ALLEGED 'FIXED' FIGHT IS UNDERTAKEN

State Boxing Commission Interviews Several Witnesses in Omaha —No Decision Yet.

Charges that the recent Schlaffers-Murphy fight in Omaha was "fixed," were given an airing in the hearing at Omaha yesterday conducted by the state boxing commission.

Among the witnesses called were Tom Dennison and City Commissioner Dan Butler, both of whom had intimated being tipped off to the fact that the bout was "fixed."

The testimony given by Butler may provide a clue for running down the matter further. During his interview at the hands of the commission Butler paid his respects to Jake Isaacson, who he charged with trying to box the boxing matches permissible under the state law for the clubs with which he acts as matchmaker. Isaacson, who was matchmaker for both the Schlaffers-Murphy fight, was present at the hearing and houted the age-old charge at Butler. Police quelled the disturbance.

Whether or not Isaacson receives any remuneration for his services as matchmaker was not brought out at the hearing, but the state law prohibits that no individual shall receive any of the profits of a wrestling or boxing bout, which can only be out on by and for the benefit of licensed clubs which have been in existence for a year and are not organized solely for the purpose of sponsoring such bouts.

Dennison refused to answer question put to him by the commission, his attorney being present and reading the state law, wherein is contained no clause providing for the calling of witnesses and forcing them to give testimony. The commission did not contest his claim for immunity. Dennison has since stated his willingness to give the commission reely of his own accord the information they sought to wrest from him through cross-examination.

Just what the outcome will be is hard to determine. The referee, Mr. Co Shea, a veteran third ring man, as given out a statement that had been in full charge he would have topped the bout in the fifth round because of the disposition of the fighters not to extend themselves. There has been considerable condemnation hurled at the personnel of the

DR. FIELDS A TRUSTY AT HAWTHORNE NOW

Warden Sends Him to Help Out at Reformatory—No Official Order For Transfer Yet.

Dr. Leslie E. Fields of Omaha, serving from one to ten years in the penitentiary for causing the death of Miss Ruth Ayre by a criminal operation, has been on duty for five or six days at the reformatory. He had been at the penitentiary two weeks when he was sent to the reformatory. Warden Fenton said Friday that Dr. Fields as a trusty was sent to the reformatory to help out. The flu has appeared there, he said, and the doctor was needed in a professional capacity.

"He will not be there long unless transferred by the board of pardons," said the warden. "I have no written order to transfer the doctor. Superintendent Miller said the governor told him he might ask for the doctor's help. I told Miller it would be all right with me for him to go if it was all right with the governor. The doctor is eligible to a parole, counting time in jail. The judge allowed him time he out on bond. I have fifty trusties at work outside of the prison. Miller is one of them."

Superintendent Miller said he had obtained Governor McKelvie's consent to have the services of Dr. Fields pending action by the board of pardons on a future application for legal transfer from the penitentiary to the reformatory. It is said the doctor will also press his claim that he is now eligible to a parole, having served the minimum term of one year in jail or at liberty on bond.

Department of Public Works Gives Pertinent Facts of the Law to the Interested Public.

Mr. Gus Myers, State Sheriff, Dear Sir:

I wish to call your particular attention to the most important sections of the Motor Vehicle Registration Law and ask that you take this matter up with the law enforcing officers of the state.

1.—Every motor vehicle must have a current number of the right kind, that is, regular touring, truck, motorcycle, transfer or dealer. (See Sec. 1, 2, 7 and 22.)

2.—Every motor vehicle must carry the certificate corresponding to the number in a conspicuous place. This includes all second hand cars carrying "D" plates. (See Sec. 5, 10 and 24.)

3.—Dealers must not use "D" plates except on cars used for demonstration purposes. They must have regular numbers for service trucks, delivery cars and cars used for private purposes. (See Sec. 15, 20 and 21.)

4.—Dealer's "IN TRANSIT" paper numbers may be used only on cars being delivered from the distributor to the dealer. The driver must also have the bill of sale with him.

5.—Dealer's "TEN DAY" paper numbers may be used only by persons who have bought a car from a dealer. It cannot be used more than ten days and must be properly perforated. No dealer can use the "TEN DAY" cards. (See Sec. 19.)

6.—Plates and certificates must always be clear and legible. See Sec. 23.)

7.—Non-residents may travel in the state thirty days on their original registration. See Sec. 33.)

Paragraph 3, 4 and 5 are ones which are violated the most. Part of the violations are due to ignorance of the law but most of them are due to the fact dealers do not wish to buy additional dealer plates at \$10 each.

Cars with paper numbers on, should be investigated and driver made to show his bill of sale.

Yours very truly,

DEPARTMENT OF PUBLIC WORKS.
