Colonel Young a Candidate
Rex Young the peerless auctioneer, who has cried more sales in Cass county than all other auctioneers in the county and many over the state, has concluded that he will make a try for the office of sheriff. Rex, as he is known as Col. W. R. Young, is one of the best auctioneers and if he makes a race in the contest for sheriff like he does for the sale at the public auction there is no way of beating him. It remains to be seen what speed he will make in the race for the republican nomination but we are of the opinion that he will go some.

Won the Sack of Candy

Three score and four warm summers and as many hard winters have not shaken the youth and buoyancy of spirit or suppleness of muscles from one of the fair members of the Murray Bicycle club as was proved a few days since when she took the banner to ride to the home of a near neighbor on the west jokingly she said she could ride the machine just as she had some years since before the motor car. The bicycle in question has reposed in the attic for some twenty years with tires flat. The lady mounted the unruly steed and rode the visit thus requiring the jolting neighbor to produce the sack of candy.

Even granting that non-advertising stores could attract as many buyers as the advertising ones, the latter would make the more money, because buyers would come knowing exactly what they wanted and not take up nearly so much clerk time, thereby reducing materially the overhead expense.
