## METHODIST LADIES ENJOY FINE BANQUET LAST NIGHT

Have Completed Successful Campaign and Celebrate Result With Delightful Time.

From Saturday's Daily.

The ladies of the Methodist church held a most delightful banquet at the church parlors on Thursday evening that was very largely attended by the women of the church, the husbands and the friends of the ladies and which marked the completion of a very successful campaign by the four circles into which the women of the church had been divided for the purpose of securing the funds for the work of the church in its activities.

The parlors were very prettily arranged and the tables proved very handsome with their candles and decorations and the flowers for the occasion that were donated by Mrs. Joseph Hadraba were an added feature to the decorative effects of the room.

Mrs. William Baird, president of the aid society, presided as toast-mistress of the banquet and during the evening the heads of the four circles, Mrs. Alfred Edgerton, Mrs. Grace Perry, Mrs. J. M. Hall and Mrs. J. B. Kuykendall, were called on and each responded by telling how they had carried out their plans and the success that had come to each circle in their work. The ladies have realized something like \$150 since the first of the year that will be applied on the church funds.

During the evening a very delightful musical program was enjoyed. Mrs. John T. Lyon giving a piano number, Mrs. E. H. Wescott two very charming vocal numbers and Don C. York as well as favoring the company with a solo number.

The even was one filled with the greatest of enjoyment and one that will long be remembered by those fortunate enough to be in attendance.

#### SUFFERS FRACTURED ARM

Last Thursday while Kenneth Tool who has charge of the electric lights of Murdock, was replacing a burned out lamp at the intersection of the street near the home of J. Johnson, the ladder which he was using broke under his weight precipitating him to the ground with the result that his right arm was caught under his body and a fracture sustained just above the elbow, and almost in the joint. With Dr. A. R. Hornbeck and Mrs. E. A. Tool he was taken to the Lincoln hospital where the arm was set and since, while suffering considerable pain he is getting along very nicely.

The best results are obtained from the carefully written ad placed in the printer's hands in time to permit of artistic "set-up." Don't neglect your advertising or compose it hurriedly if you would get the greatest value for the money you expend.

## NATURE TELLS YOU

As Many a Plattsmouth Reader Knows Too Well

When the kidneys are weak, Nature tells you about it. The urine is nature's index. Infrequent or too scanty passage. Other disorders suggest kidney ills. Doan's Kidney Pills are for disordered kidneys.

Plattsmouth people testify to their worth. Ask your neighbor.

M. Lauderback, contractor, painter and paper hanger, Locust street, Plattsmouth, says: "I had lumbago and kidney trouble. I believe the turpentine fumes from the paint were responsible for it. I could hardly bend or lift and I couldn't even turn in bed without help. I had no control over my limbs and when I tried to walk, I could not lift them—just had to skuff along. My kidneys acted irregularly and the secretions were highly colored and with a burning sensation. I used Doan's Kidney Pills and before finishing the first box which I got at Fricke & Co's drug store, I felt better in every way. I used three or four boxes and they gave me fine relief. I had another little attack this spring, but I went to Doan's the first thing and they straightened me out again in quick order."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—Rate same. Mr. Lauderback had, Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## TIN WEDDING IS CELEBRATED BY MR. AND MRS. JOCHIM

Relatives, Friends and Neighbors are Invited to The Home Sunday To Celebrate Event.

From Saturday's Daily.

Mr. and Mrs. Edward Jochim celebrated their tin wedding at their beautiful new home southeast of town last Sunday, by inviting a large number of their relatives, friends and neighbors to come in for the afternoon and stay for a big supper. The time passed pleasantly in conversation and in admiring the many beauties and conveniences which such a home affords, while their fine Edison furnished music for the occasion.

Mr. and Mrs. Jochim were married March 5, 1912. Rev. William Peters of the Evangelical Lutheran church at Murdock officiating and to make the present celebration more pleasurable, Rev. Peters and wife were present, the minister expressing himself as delighted to be there and to see the prosperity and happiness of a couple that he had started out on their wedded life. Among the guests were also Rev. T. Hartman and family, pastor of the Lutheran church at Louisville, Mr. and Mrs. Jochim being in his membership.

They have a family of two boys and one girl, the youngest being a little boy of three years, fine, healthy youngsters that any parents might be proud to own.

A large assortment of tin and aluminum presents were given to the bride and groom in honor of the anniversary and they received the heartiest congratulations of their many friends.

In the evening more of their friends and neighbors arrived to swell the throng of people and Mr. and Mrs. Jochim proved themselves the best of entertainers and gave everyone a hearty welcome. The Courtes joins in the best wishes and congratulations.—Louisville Courier.

#### COMPENSATION ACT TO COURT

Washington, March 10.—A case to determine whether federal employees who accept relief under the federal employees' compensation act for injuries received in the discharge of their duties may also sue on the same cause under separate proceedings, or be paid an additional sum, was orally argued in the supreme court today. It is the case of J. A. Dahm, a railway mail clerk, injured when an Illinois Central railroad train plunged thru a bridge due to a washout.

Decisions by Justice Brandeis indicated to the case as a precedent not only in disposing of cases arising among regular government employees but more particularly because its decisions would control the determination of a large number of cases of former federal employees now pending in the United States veterans' bureau. The railroad under federal control at the time of the accident, took the position that Dahm had elected to accept settlement under the compensation act and was therefore precluded from recovering an additional sum under any other law. The United States district court decided against the defendants' contention, but it was reversed by the circuit court of appeals.

## SEEKS TO THROW THE WAGE HEARING OUT OF COURT

President Jewell of Shop Crafts Says Railroads Have Not Farleyed with the Employees.

Chicago, March 10.—In an attempt to throw the entire railroad wage hearing out of court, B. M. Jewell, president of the six shop crafts unions, told the United States railroad labor board today that he would present evidence on Monday contending that, without exception, every railroad asking wage reductions in the present hearing, had failed to comply with the transportation act in preliminary negotiations. Upon completion today of the carriers' testimony asking pay cuts for the shop men, the hearing was adjourned until Monday, when the labor unions will begin their reply.

Before taking up rebuttal of the railroad's evidence, however, Mr. Jewell announced that he would endeavor to show that none of the roads had held bona fide negotiations with their employees. Such negotiations are required by the transportation act as a preliminary to bringing a case before the board.

Failing in this contention, the shop crafts president has another line of attack ready.

Certain roads, Mr. Jewell declared, had violated decisions of the board by installing piece work in their shops without the consent of the men. Other roads, Mr. Jewell contended, have contracted repair work to outside firms to avoid paying shop men the scale of wages fixed by the labor board. Both of these actions, he maintained, were contrary to the law, and the contention will be made that such roads are not before the board "with clean hands," and therefore have no standing in court.

#### The Pneumonia Month

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.
