Churches Doing Well

The United Brethren church has been showing a flattering growth as there are an average of one hundred attending the services and at the Bible school good interest is being shown. The Methodist church is also having much interest shown at their Bible school there being 91 in attendance last Sunday. The ministers in these churches are Rev. John Simpkins, United Brethren and Rev. E. O. Johnson of the Methodist church, with a good lot of workers in both churches.

The Old Maids Convention

The ladies of the Methodist church have the idea when it comes to securing fun and giving the worth of what they get in real amusement. Last Saturday evening they had their show and a real one it was too. It has always been recounted that the ladies cannot keep a secret but they sure had everyone guessing as to the nature of the play which they were to put on and when they pulled back the curtain everybody was surprised and when it was shown that the men were the ones who could not keep a secret they were all amazed. However, the men with good nature which all broad minded people have accepted the joke as being on them and laughed the matter away. The ladies received a very neat sum for the purpose for which they are working the redecoration of the church.

Will Hold Caucuses

The voters of Nehawka are called in caucus in the evening of Tuesday March 21, for the purpose of placing in nomination officers to be voted for at the coming spring election.

We Appreciate Your Kindness

We are extending our very grateful thanks for the kindness of our neighbors and friends who so kindly and earnestly worked to save our property at the time of the fire that occurred at our farm last Friday evening which consumed our barn and much of the contents. Again asserting our appreciation of your good work we are—Leo and Berntha Switzer, Nehawka, Neb.

Hear This

St. Patrick's day in the afternoon. Has been chosen by a few, To give an Irish party. An' we're invitin' you. Please come an' wear an Irish smile, We're goin' to kiss the Blarney stone To drive our cares away; An' tho, in later years to come Ye may travel far away, View the colleens of Killarney Or the waves of Dublin Bay, Ye'll say that nothin' there can beat Nehawka's Irish day. St. Patrick's day tea, March 17th, 2 to 5 o'clock, Auditorium in Nehawka. Admission, adults 25c, children 10c.

Business is Looking Better

The business at the Sheldon Manufacturing company is getting much better and they are finding it necessary to employ more men in order to get out the goods which the increased business demands. Messrs. Frank Tinglehoff and Louis Lakin both experienced machinists from Lincoln, have just been added just recently to the force of men at the shop.

We Pay Cash

As we are compelled to pay cash for all grain we purchase, we are selling for cash only—Nehawka Farmers' Grain Co. S. J. ROUGH, Manager.

Had An Excellent Sale

Last Thursday Messrs. R. B. Stone and Sons held their sale at Nehawka with very pleasing results. There were forty of the individuals which have been bred on the farm and which were all extra fine specimens and they were eagerly sought after there being forty-two from away from Nehawka looking after this excellent line of hogs which have been raised by these breeders. They brought an average of \$82.25 which is considered as being very good. The bringing of these prices encourages Messrs. Stone & Sons to raise the best of stock only.

Must Be Cash

Hereafter the sales to local people by the Nehawka Farmers' Grain company must be for cash only. By order of the board of directors. S. J. ROUGH, Manager.

Busy Workers Busy

The Busy Workers of the Methodist church were entertained at the home of Mrs. S. J. Rough, the hostesses being Mesdames D. C. West and Mrs. Rough. The meeting was essentially a work meeting and the ladies did a lot of work which they had on hand. The afternoon was enhanced by the serving of a most delightful luncheon which made the members look forward to the time when these ladies shall entertain again.

tient waiting the girls of the Sunny Side Sewing club finally had another meeting. They met Tuesday afternoon at school with Erma Switzer. The regular business meeting was held but nothing out of the ordinary was brought up. Two new stitches were learned and then the girls sewed on various articles of their own. Mrs. Switzer served delicious refreshments and everyone had a good time and after joining in a few songs they departed for home feeling that Erma had been a very good hostess.

TRACING MONEY IN TAXABLE PROPERTY

State Board is Getting Names of Owners of Foreign Corporation Stock for Taxing.

State Tax Commissioner W. H. Osborne is planning to trace the ownership of county registered warrants and stock in foreign corporations so that such securities may be listed for taxation when the assessors begin work April. These two classes of securities are county treasurers' warrants, warrants at the rate of \$1 per \$1,000 valuation and stock in foreign corporations at 25 per cent or one-fourth of the rate which real and ordinary personal property is taxed. The state tax commissioner finds there are county treasurers' warrants owned by persons living outside of the county in Nebraska. He has asked these corporations to furnish him a list of persons in Nebraska who own shares of their stock. He has received replies from many. He will transmit the names of the Nebraska share owners to the proper county assessors who will list the property where the owners live and tax it at the rate of 25 per cent of the rate charged tangible property.

In the matter of registered county warrants the state tax commissioner has asked county treasurers for a list of warrants owned or held by persons living outside of the county where the warrants are registered. If the owners live in Nebraska their names with the amounts of the warrants owned will be sent by the state tax commissioner to the proper county assessors for taxation at the rate of \$1 for each \$1,000 of warrants owned. As yet there are no registered state warrants, but if registration becomes necessary before April 1 the same information in regard to state warrants will be furnished assessors.

Arrive Safely at Home—Steads in Wyoming

Word has been received from Harvey J. Heneger, who left Saturday morning in his Ford car, accompanied by Harold Daly, for the homestead lands of these two ex-service men near Torrington, Wyoming, stating that they arrived safely and experienced no car trouble on the entire trip. At Scottshuff they ran the heart of a homesteaded land recently placed under irrigation. Another townsite has been staked out within a mile of the farms of both Heneger and Daly and as all the claim owners are ex-service men, the new townsite will probably be given the name "Legion." Harvey was preparing to make a trip to town for the first load of lumber for his new "shack," when he penned the letter telling of their safe arrival.
