EIGHTH GRADE HOLDS A VERY FINE BANQUET

Held at High School and Largely Attended by Members of Grade and Their Teachers.

From Saturday's Daily.
Last evening the members of the eighth grade of the junior high school held one of their most delightful meetings of the year on the occasion of the class banquet which was staged at the domestic science rooms in the high school building. The tables had been arranged with St. Patrick's decorations of green and white and presented a very attractive appearance and over the table the green shaded lights cast a most pleasing glow and made it a scene of fitting beauty for the gathering of young people.

Over the feast Charles Richards, Jr., presided as toastmaster and the list of speakers was quite large. Superintendent G. E. De Wolfe, Connie McGuire, Vern Sebaska, Violet Beatty, Miss Golda Nobbe, Miss Clara Weyrich, Miss Teresa Hemple, Connie Allen, Olive Hollowell, Catherine Schneider, DeLores Wiles, Florence Schultz and Raymond Smith being among those on the toast list and the remarks of the young people and their teachers were well chosen and right to the spot along the lines of educational work.

The banquet was served by a part of the girls of the class and supervised by Miss Anna Heisel and Mrs. J. E. Jones, and proved a most efficiently arranged and handled event. Those in attendance were very much pleased with the success of the event in every way.

WORK CUT OUT FOR STATE COMMISSIONS

Interstate Commerce Commissioners Ask Their Co-Operation in Supervising Rail Rates.

Washington, March 16.—H. G. Taylor, chairman of the Nebraska state railway commission has been appointed a member of a committee of five railway commissioners from various states which is to begin conferences tomorrow with members of the interstate commerce commission on methods to secure the fullest co-operation between the federal and the various state rail commissions. Such co-operation was suggested by the United States Supreme Court in its recent decision upholding the law that gives the federal commission authority over intrastate, as well as interstate rates. Mr. Taylor who arrived in Washington yesterday, says that about fifteen state commissions have representatives here now. The Nebraska commissioner says that the members of the federal commission concede that they cannot do all the work involved in the supervision of the national railroads and he believes some considerable part of the task will be assigned to the state authorities, which were left practically powerless by the court's decision.

At the instance of H. D. Lute, secretary of the Nebraska Farm Bureau Representative Revere has taken up with the postoffice department complaints relative to the non-delivery of mail on Sundays to rural patrons of the Cozad and North Bend offices, where the patrons had called in person. Several months ago, when the department ordered relieving rural carriers of the necessity of working an hour on Sundays to aid the postmasters in the distribution of this mail was finally affirmed over the protest of Mr. Reavis and Mr. Lute, the department promised to see that the postmaster Revere had the necessary help where necessary from other sources and that the farmers would be given their Sunday mail. The department has assured Mr. Reavis that it will immediately investigate the two complaints in question.

A. M. Loeb, president of the national council of the traveling salesman's associations has wired Representative McLaughlin the thanks of his association "for your leadership in accomplishing mileage book legislation and your bill to repeal the obnoxious Pullman surcharges."

MEETING OF THE WOMAN'S CLUB IS HELD YESTERDAY

Discuss Civic Problems, Elect Delegates and Enjoy Fine Program—Much Enthusiasm.

From Saturday's Daily.
Yesterday afternoon the Plattsmouth Woman's club held a very interesting session at the auditorium of the public library and with a large number of members in attendance. The meeting was presided over by Mrs. Earl A. Stanfield and other officers assisted in the work of the session.

As the ladies had outlined this as their chief work of the year, the time was largely occupied in a discussion of civic problems that are now foremost in the community and as well as in listening to a most pleasing program.

Mrs. William Baird gave one of her always enjoyable readings and Mrs. P. J. Flynn a number of Irish ballads that were very appropriate for the observance of St. Patrick's day.

Among other matters taken up was that of the selection of delegates to the district convention at Humboldt, Nebraska, and the delegates named were Mrs. E. A. Stanfield, Mrs. F. R. Gobelman and Mrs. P. J. Flynn and as the alternates Miss Bernese Newell, Mrs. Thomas Murphy and Mrs. Christine Coughlin were selected.

The ladies are also arranging to have a committee appointed that will co-operate with the Chamber of Commerce in any way possible toward the plans of city improvement and in this work the ladies showed the greatest of enthusiasm.

EVER WATCHFUL!

A Little Care May Save Many Plattsmouth Readers Future Trouble

Watch the kidney secretions. See that they have the amber hue of health. The discharge not excessive or infrequent. Contain no "brick-dust like" sediment. Doan's Kidney Pills are especially for weak kidneys.

Let a Plattsmouth citizen tell you how they work.

E. M. Buttery, Tenth and Walnut streets, says: "A pain caught me through my hips so that I could hardly raise a shovel of coal. There was at times a lameness across my loins. I had reason to believe that those troubles were caused from a disordered condition of the kidneys and hearing Doan's Kidney Pills spoken of, I got some. They gave me quick relief which warrants me in speaking of the remedy in the most favorable terms."

Mr. Buttery gave the above statement June 11, 1906, and on May 12, 1920, he added: "My cure is a permanent one and I still think Doan's Kidney Pills are fine and I am glad to recommend them to others."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Buttery had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MARRIED 48 YEARS

This week T. R. Adams showed us a copy of the Plattsmouth Herald bearing the date of March 26, 1874. The paper is an 8-column, 4-page paper, with J. A. Macmurray editor. The reason for the preservation of this particular copy is that it contains an item of interest to me and Mrs. Adams. Under the head of "Marriages" we find the following: "Adams-Lonsdale—on the 18th inst. in the parlors of the Grand Central Hotel, Omaha, Neb., by the Rev. Clark Wright, Mr. Thaddeus Adams and Mrs. C. A. Lonsdale, all of Plattsmouth, Neb.—" And the Herald got a big cake and wishes the newly wedded pair health, wealth and every blessing of married life."

This was 48 years ago this coming Saturday and reveals that these good people have been residents of Cass county long enough to be classed as "old timers" at least. The Beacon wishes them continued years of health with happiness.—Eagle Beacon.

HOLD DOUBLE WEDDING

From Saturday's Daily.
County Judge Beeson, who was contemplating the gloomy weather this morning with doubt as to his court having much business was very agreeably surprised when he was called upon to officiate at a doubleheader in the marriage line. The parties seeking their life's happiness were Edson Murray of Omaha and Miss Catherine McIntyre of Des Moines, and Mr. George T. Wilson of Omaha and Miss Marie A. Grear of Scherborn. A number of young people had as their witnesses Attorney Charles Graves of Union, who it seems was showing undue activity around the license department, and Constable Frank Dettlef, and these gentlemen saw that the newly weds were given the proper send-off.

Found a Cure for Indigestion.

"I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried, and I have used many different remedies. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to, now," writes George W. Emory, Rock Mills, Ala. These tablets contain no poison, but strengthen the stomach and enable it to digest the food naturally. Weyrich & Hadraba.
