STREET CARNIVAL WILL PROBABLY VISIT THE CITY

Dominion Carnival Company Closes Contract With American Legion to Appear in May.

For the first time since 1919 the city will have a visit from a carnival company, as the final arrangements have been completed between the representatives of the Dominion Carnival company and the local American Legion post for the appearance here in the first week in May of the shows and attractions of the carnival.

It is the intention of the Legion providing the city will give its consent, for the company to set their tents and attractions on the lots which the city owns and which they are expecting to make into a park in the future. The members of the Legion are expecting to do the work necessary to clear off the lots to fit them for the proper holding of the carnival and to arrange all the work preliminary to the coming of the carnival company.

The Dominion company comes well recommended to this city and have a large array of attractions of various kinds and shows as well as mechanical devices for the amusement and entertainment of the public. The location of the carnival in the park on Washington avenue removes the possibility of danger from the blocking of the streets in the business section of the city and will give the carnival people an opportunity of making a much better display of their shows and attractions.

The matter will be definitely settled at the next meeting of the city council and then the preparations for the coming of the carnival will be made by the Legion.

COUNTY SCHOOL NOTES

From Monday's Daily: Despite unfavorable weather, a large majority of the ninety-two contestants were in Plattsmouth on Saturday last to enter the County Spelling Contest.

At 10:15 a. m., Miss Alice Louise Westcott gave two of her pleasing whistling solos, accompanied on the piano by E. H. Westcott. This was an inspiration to her youthful listeners and also greatly enjoyed by the large audience of interested spectators who filled the auditorium of the high school. The written contest came first and the conductor, R. W. Eaton of Omaha, the referee, Supt. G. E. DeWolfe, and the judges, Miss Marie Bookmeyer, head of Home Economics of South Omaha High, Miss Marie Hiber of the Omaha schools, and Supt. L. W. Burly of Nehawka schools, were soon as busy as the contestants.

The written contest closed at noon with the following as winners: first, Marie Litch, grade 7, district 17, Jarvis; second, Ruth Applegate, grade 7, district 18, Bessie LaRue, teacher; third, Emma Sudman, grade 8, district 50, Mae Allen Heneger, teacher.

At 1:15 p. m., the contestants took their places upon the platform and spelled continuously until 5:30 p. m. was left and the following were declared winners:

First, Rose Brandt, grade 8, district 18, Bessie LaRue, teacher; second, Dorothy Wehrohn, grade 7, district 7, Margaret Maxwell, teacher; third, Henry Woster, grade 6, district 3, Agnes Bejeck, teacher.

County superintendent Alpha C. Peterson awarded the prizes of five dollars each for the first, two dollars and fifty cents for the second and one dollar for the third. The next teachers' examination examination will be held Saturday, April 15th, at the following places: Elmwood, Weeping Water, Louisville, Greenwood and Plattsmouth.

PROGRAM Forenoon county subjects—Algebra, Geometry, Arithmetic, Reading, Civics, Agriculture, Orthography, Drawing, Penmanship, English composition.

Forenoon life subjects—Trigonometry, Chemistry, English and American Literature, General History and Zoology.

Afternoon county subjects—Botany, Music, Grammar, History, Geography, Theory and Art, Mental Arithmetic, Physiology, Bookkeeping. Afternoon life subjects—Physics, Psychology, Rhetoric, Physical Geography, Geology.

All normal teachers and all teachers whose certificates expire this year are urged to qualify at this time in order that they may be ready to make early application for schools.

NOTICE

By order of the court the undersigned was appointed receiver of the E. G. Dovey & Son store. Parties owing the above firm are requested to settle their accounts immediately.

How Firestone Has Reduced the Cost of Tire Service

Table with 4 columns: Size, Jan. 1921 Prices, Jan. 1922 Prices, Reduction. Rows include 30 x 3 Fabric, 30 x 3 1/2, 30 x 3 1/2 Cord, 32 x 4, 33 x 4 1/2, 33 x 5.

HOW the cost of building quality tires has been brought down to the lowest level in history was explained by H. S. Firestone, President of the Company, to the stockholders at the annual meeting on December 15, 1921.

- 1. All inventories and commitments at or below the market. 2. Increased manufacturing efficiency and volume production reduced factory overhead 58%. 3. Selling costs reduced 38%.

Mr. Firestone stated, "This reduction in prices is made possible by our unusually advantageous buying facilities, and the enthusiasm, loyalty and determination of our 100% stockholding organization."

"Due credit must be given to Firestone dealers who are selling Firestone tires on a smaller margin of profit. This brings every Firestone saving direct to the car owner."

The saving through first cost plus the saving through high mileage doubles Firestone economy and is daily adding new fame to the Firestone principle of service—

Most Miles per Dollar

Firestone

WIRE BREAKS STILL BOTHER

Strenuous work on the part of Burlington line repair forces brought results Monday and Tuesday, so that Tuesday morning but two spots on the Burlington in the storm country still showed lines of wire communication prostrate.

Wires were still down between Holdrege and Oxford and between Orleans and Orford.

It was not certain from the reports but predictions were made that wires could be gotten up on these lines by Tuesday night and that permanent repair work could then follow to repair the damage done by the storm.

The first efforts of wire repair gangs is to get wires up so they can be used. Poles are propped up, wires are untangled and the breaks reconnected. Then the wire can be used again. A gang follows to replace poles and stretch the wires.

The Lincoln Telephone company and the Bell Telephone company had large numbers of workmen employed in straightening out the breaks in their circuits in central Nebraska and service was slowly being restored.
