her work at the Scotia school. Some of his friends in Union are expressing the wish that C. L. Beal of Plattsmouth would file for the position of county treasurer on the republican ticket and some thought toward circulating a petition to that effect.

Last Saturday there were from the Union schools a number who were in attendance at the spelling contest at the county seat and among them were Miss Jane Hollister, teacher; Marie Leach, Midge Cheney, Ruth Brandt, Sarah Upton.

Thomas Moore has been visiting in the neighborhood for the past few days a guest at the home of Charles Moore southeast of town, and also with his old time friends here. After having completed his visit here he will go to Missouri for a visit with a brother who resides there.

Teachers Have Been Sick

Miss Gladys Hall, one of the teachers of the school, who was injured some time ago by a fall, has been troubled with that or rheumatism to the extent that she had to take a vacation for a short time in order to recuperate. The position is being filled for the present by Miss Genevieve Whalen of Plattsmouth. It is hoped that Miss Hall will soon regain her accustomed health and be able to return to her work.

Supt. C. E. Severyn, who has been kept from his school work for a number of days was able to return to the school last Monday.

Attends Sister's Burial

Word was received last Sunday morning telling of the death of Mrs. R. C. Dale of Roselle, who had been for some time at the Green Gables sanitarium for treatment for rheumatism and there growing continually worse until she died. Mrs. Dale was a sister of County Commissioner C. F. Harris, who, with Mrs. Harris, departed for Roselle to be present at the funeral which was held there on Monday afternoon and the interment made at Lyons the same day, they being not a great way apart. Mrs. Dale was about fifty-four years of age and leaves a husband and five children to mourn her death.

Back From the Northwest

Mr. and Mrs. Emory Bauer and three children who have been at Prince Rupert, British Columbia, arrived home last Monday morning and will for the present make their home in Union. The children started to school the first day and feel that they are well satisfied to be here. Mr. Bauer tells of leaving the country there covered with snow and that to the depth of some four feet. During the most of the winter there has been chinook winds which took off the snow in one night but during the past winter it has remained all winter.

Made a Good Catch

Last Monday afternoon while L. J. Austin was coming from the creek he captured alive a Nebraska alligator, which was about ten inches long and which, of course, was a lizard, but it was a lively critter to be away from home this time of the year.

Answers Death's Messenger

Little Bessie Irene Meade, who has been so ill at the home of her parents for the past nearly a month and who battled with double pneumonia and other complications, with a tenacity of life which seemed to know no defeat, was compelled to succumb to the inevitable when the messenger came with the message. She folded her hands and in peace went to sleep in the arms of her mother. Bessie was a particularly bright student in the schools and always had her lessons the best and was one of the most affable of young girls, being attractive by reason of her kindly disposition and was a friend of everyone. Not alone were the hearts of the parents and immediate family wrung sore but her many friends were more than pained at her death. The funeral was held at the Baptist church where the last sad rites were said by the Rev. Samuel Miller, pastor of the church, of which this young girl was a member. The interment was made at the Wyoming cemetery where she will rest until the trumpet of the Angel of Resurrection shall call to that realm where sorrow, pain and sickness are not known.

Two Union Girls Win

Misses Marie Leach and Ruth Brandt won respectively the first and second prizes at the Cass county spelling contest which was held at the county seat last Saturday. Miss Mamie Leach, winning the first prize which was a five dollar gold piece and which she prizes very highly. Not alone are the misses pleased with the result of the contest but Miss Jane Hollister, the teacher from whose room the Union girls came, is pretty well satisfied with the result of her teaching.

Here You Church People!

You have wondered how you would pay the preacher when he comes to the church. A unique way of solving this problem was suggested to a good woman of Wabash, when she, Mrs. Bosworth, a member of the Baptist church of that village, was wondering how she would be able to meet the amount which she wished to give to the church. Many people believe in tithing, but Mrs. Bosworth at the suggestion of her son James has got something better and as it proved even more than one-seventh. The son said: "Say, mother, why do you not take the eggs which the hen lay on Sunday and sell them for cash and give the money to the minister?" The idea was one which had not come to her before but she fell in with it,

and as the Sundays were mostly nice days during the interval since she began the hens laid even more eggs on that day than others and she was able to hand her minister, the Rev. W. A. Taylor, five dollars from but a very short time of this setting aside for the Lord's day this portion. She feels that she has lost nothing as the other ways would have been of the family and seemingly without any diminution. Rev. Taylor appreciates the amount received, as there has been no other plan heretofore that beats this.

Ladies Baptist Aid

The ladies of the Baptist church are meeting today with the wife of the pastor and are looking after the work of the society and no doubt are having an excellent time and Mrs. Miller is an excellent entertainer, as well as the ladies being fine church workers.

Will Hold Interesting Meeting

The B. Y. U. will hold a special meeting at the church on Sunday of this week, not that they have not been meeting regularly but they are to have a special program which will be of much interest to all. Miss Alma Frans will be the leader and will have for the subject of the meeting "The Crisis in the World." This is the oldest country in the world and one which is as deep in mystery will be studied.

Thinks Well of Him

A number of the friends of County Commissioner C. F. Harris are thinking of suggesting to him the feasibility of filing for a place on the legislature. As he has not yet concluded whether he will be a candidate for commissioner again, it is hurrying matters to suggest the other place.

Are Talking Ball Again

The matter of having a team in Union for the coming season for the amusement of the baseball loving people of Union and vicinity took form when the boys gathered and discussed the matter. They will know in a short time just what they will do about the national game for the coming summer, as it looks like they will have a dandy team.

Sounds Like Wedding Bells

There is even more than a rumor that there will be a couple of weddings in Union in the near future. We were told who were to be the principals in the contract but were told that it was not to be published for a short time and so we are respecting the confidence in not giving the names at this time, but then you may guess.

Regular Services Both Churches

There will be the regular services during the day and evening at the Baptist and Methodist churches as well as the Bible schools and the sessions of the young peoples' meetings of both churches. All members are urged to be in attendance and a cordial invitation to all strangers to attend.

Serenaders are Coming

This is the last of the Lyceum course which the people of Union have had the privilege of attending during the now passing winter. This is indeed an excellent number, the talent being some of the most finished male singers and with this there is much fun provoking features as well.

Do you know that the ones who have guaranteed this course are facing a deficit which they will have to meet that Union might have the course. Now the nice thing to do is to rally around this last number and make it as large in attendance as possible, that the loss of the citizens of Union may be less.

Union Holds Primary

Last Monday evening at the village primary to place in nomination officers to be voted for at the coming election was called to order by D. R. Frans and W. B. Banning was selected as chairman of the meeting. There was placed in nomination two times as many for each office as are to be elected, the nominations being for Village Trustees—W. B. Banning, F. H. McCarthy, C. F. Harris, D. R. Frans, H. L. Swanson and E. W. Keedy; Village Clerk—J. A. Simmons, S. Miller; Village Treasurer—Miss Elsie Taylor, Mrs. Mable Reynolds.

Mr. Andrews resided at Hamburg, Iowa, but has been in the custom of coming to Plattsmouth each winter to reside. The death was rather sudden as Mr. Andrews has not been seriously ill, but was complaining quite a good deal on Monday and at 10 o'clock in the evening his condition became such that it was impossible for him to recover and he passed away. The deceased was a native of Virginia, but has resided in the west for the greater part of his lifetime.

Huston Andrews was born at Col. M's Mills, Virginia, April 13, 1858, and died at Plattsmouth, Nebraska, March 20, 1932. WANTS SIX-YEAR TERM FOR THE PRESIDENT

Washington, March 20.—Adoption of a constitutional amendment providing for the election of the president and vice president for six year terms is proposed in a bill introduced today by Representative Wood, republican, Indiana.

The electoral college system would be abolished and a candidate receiving the largest aggregate vote would be president, while the candidate receiving the next highest number automatically would become vice president. The president would be ineligible for re-election.

The first election under the system suggested by Mr. Wood would be on the first Tuesday in October, 1925, the candidate elected to assume office a month later. The bill also proposes four-year terms for representatives, the senatorial term to remain at six years.
